

IMPROVE YOUR HEALTH

Vigorous Health is the most Dependable Wealth to possess.

It reaps a steady harvest.

Alum in food will change Health's ruddy glow into pinched paleness by drying up the rich red blood, which nature provides.

You take alum into your food by the use of, so called, cheap Powders in which alum is used as a cheapening substitute for pure Cream of Tartar. There is only one sure way to guard your health against alum and its injurious effects—Buy only an absolutely pure Grape Cream of Tartar Baking Powder—buy by the name—

Say plainly— ROYAL BAKING POWDER

Royal is made from absolutely pure Grape Cream of Tartar.
Royal is a safe-guard to health.

Read the Sign at the Top Again.

AFFAIRS AT SOUTH OMAHA

J. D. Hessan, a Lander Stockman, Seriously Injured in Yard.

Falls from the top of a cattle car.

H. L. Merriman of Fairbury, a Rock Island brakeman, struck by a low bridge and injured.

J. H. Hoernar of Lander, Wyo., received serious injuries in the Northwestern railroad yards yesterday about 2 a. m. Hoernar is a cattleman and came in with a carload of cattle. With him was a friend by the name of Kirkland from the same town. They were sitting on the last of a string of cars as it was being pulled into the yards. There was considerable jerking in the handling of the cars and suddenly Kirkland looked around for his partner and failed to see him. He flashed his lantern on the rails and saw him lying where he had fallen. He jumped down from the car and pulled him out of the tracks from a second string which was following in after the first. The man was found to be unconscious. A long scalp wound extended across the right side of his head and one ear was badly torn. He was placed on the switch engine and carried down to the yard office. Dr. C. M. Schindler, of the South Omaha hospital, he had partially recovered consciousness, but his thoughts are still wandering from the effects of the severe concussion of the brain. It is thought there is no fracture of the skull and that unless some complication set in the man is on the road to recovery. Nothing is known of his relatives other than that he has brothers and sisters in Wyoming.

Trainman Seriously Hurt.

H. L. Merriman of Fairbury met with a painful accident Monday night. He is a railroad man employed on the Rock Island. Last night, while riding north on the local freight he was stationed on a box car. The train passed over a bridge about half a mile

Of Interest To Women.

To such women as are not seriously out of health but who have exciting duties to perform, either in the way of household cares or in social duties and fetters, which seriously tax their strength, as well as their mothers, Dr. Pierce's Favorite Prescription has proved a most valuable supporting tonic and invigorating nerve. By its timely use, such serious sickness and suffering may be avoided. The operating table and the surgeon's knife, would it were possible, seldom have to be resorted to in cases where this medicine was resorted to in good time. The "Favorite Prescription" has proven a great boon to expectant mothers by preparing the system for the coming of baby, thereby rendering childbirth safe, easy, and almost painless.

Bear in mind, please, that Dr. Pierce's Favorite Prescription is not a secret or patent medicine, against which the most intelligent people are quite naturally averse, because of the uncertainty as to their composition and harmful character, but is a medicine of known composition, a full list of all its ingredients being printed, in plain English, on every bottle. An examination of this list of ingredients will disclose the fact that it is non-alcoholic, triple-distilled, and contains no harmful ingredients. It is made up, in its composition, of the most reliable and purest of the commonly used alcohol.

In its make-up, in its composition, it may not be out of place to state that the "Favorite Prescription" of Dr. Pierce is the only medicine put up for the cure of woman's peculiar weaknesses and ailments, and which has received the unanimous endorsement of all the leading medical writers and teachers of the several schools of practice, and that too as remedies for the ailments for which "Favorite Prescription" is recommended. A little book of its ingredients will be sent to any address, post-paid, and absolutely free if you request same by postal card, or letter, of Dr. R. V. Pierce, Buffalo, N. Y.

Dr. Pierce's Pleasant Pellets cure constipation. Constipation is the cause of many diseases. Be sure to take a cavity.

CITY COUNCIL PROCEEDINGS

Resolution Passed Providing for Demand on Lee Grier for Cash.

INDICATIONS THE MAYOR WILL SIGN IT

Former Clerk of Police Court Will Fight Payment and Bond Company Will Check over the Accounts.

The council took action Tuesday evening in the alleged shortage of Lee Grier, former clerk of the police court, by adopting a concurrent resolution to the effect that demand be made on Mr. Grier and the surety on his bond for the sum of \$4,374.81, said by Comptroller Leschke to be the amount found short in Grier's account from May, 1905, to June, 1906. Last evening's resolution was the first real step taken by the council to bring the Grier matter to a head, a controversy as to the wisdom of having Grier's records checked up by an outside expert having caused considerable delay. Mayor Dahman being advised by City Attorney Burnham that the mayor has authority to engage an expert without action of the council has had the effect of prompting the mayor to turn the whole matter over to the council.

From what the mayor has said on the subject it is believed he will sign the concurrent resolution which it reaches his office. That the city will have a suit on its hands in the Grier matter seems probable, as Mr. Grier has expressed intentions of fighting the case. The United States Fidelity and Trust company, which bonded Mr. Grier, will check up the police court books for the period mentioned. The appointment of C. G. Meyling as assistant city electrician, made by City Electrician Michaelson, was confirmed by the council. Mr. Meyling will enter on his work in Omaha on Thursday at a salary of \$1,900 per year, and this addition will put the electrician's office on a strong basis.

Sewer Inspectors Named.

Tom Leew and Robert Firman were appointed to inspect sewer lines at a rate of \$3 per day on recommendation of Engineer Rosewater. It was explained that the Tom Leew in question was not the former city prosecutor of the same name. Councilman Bedford introduced a concurrent resolution directing the comptroller to place in a special fund the \$7,000 deposited by the telephone men for the recent election. The finance committee and the Helm-Pollack-Parnelle company are getting together on the proportion the telephone company should stand, the committee holding \$3,000 a just sum while the telephone men contend for \$2,500.

An ordinance creating the office of inspector of meats, hotels and restaurants and defining the duties of that office was referred to first and second readings and will be referred to the general committee. The office will be appointive and carry a salary of \$1,200 per year.

The Omaha and Gate City telephone franchise ordinance were returned by the telephone committee and filed, as the successful ordinance was voted on last week.

Councilman Bridges brought in a minority report on his gas tank ordinance. It is believed that there will be no support when the question is brought to the ordinance was ordered.

Action on Storm Sewer.

City Engineer Rosewater's recommendation that a sewer be constructed on Fourteenth street, between Douglas and Jackson streets, was referred to the general committee.

ELEVATOR FIRST OF MONTH

Nye-Schneider-Powder Expect to Begin Hurling in Omaha in December.

Add Dr. Graves' Tooth Powder.

to your toilet necessities if you want the best results. It removes discolorations and tartar. An anti-septic—a purifier—a cleanser. Ask your dentist. Ask him why. In handy metal cans or bottles, 25c.

ALL BUT ONE DEED ADMITTED

John McCarthy Weeps and Wants to Plead Guilty But Cannot Before Leslie.

"Judge, I want to plead guilty to everything but breaking into the store. I didn't do that," sobbed John McCarthy when he was arraigned before County Judge Leslie for his preliminary hearing on a charge of burglary. McCarthy was the man captured near Council Bluffs with a lot of plunder from the store of P. H. Clark of Valley, which was robbed Sunday night. McCarthy said he did not want to have any trial, but wanted to have everything over with at once. The complaint charges him with burglarizing the store and stealing \$84 worth of goods found in his possession.

McCarthy says he was at the depot at Valley intending to take the train for Fremont when a man named Snyder thrust the grip full of goods in his hands and told him it contained "peddlin's." McCarthy went to Fremont and then to Council Bluffs, where he tried to dispose of the goods and was arrested. When told he had committed a penitentiary offense his soba rebounded and he cried like a child.

As the hearing was a preliminary one Judge Leslie could not take a plea of guilty. McCarthy was bound over to the district court at his own request. The authorities believe the man Snyder is a fictitious person. McCarthy has been working among the farmers near Valley, but the authorities claim he has a record.

ONLY TWO DAYS LEFT TO FILE

Time Nearly Up in Which Candidates May Submit Their Expense Accounts.

Candidates at the recent election have only two more days in which to file their expense accounts with the county clerk under the law. So far a large number of them have failed to comply with the law and in some cases they have failed to file within the limit they will be liable to a fine of \$1,000. Those who have filed and the amount of their accounts are as follows: J. L. Kennedy, \$43,110; F. C. Best, \$25; J. C. Gibson, \$118; B. F. Thomas, \$25; James P. English, \$18,25; W. W. McCombs, \$62; C. H. Green, \$12,20; F. A. McArdle, \$6; H. G. Moorhead, \$2,30; E. A. Leeder, \$6; S. C. Barnes, \$6,50; W. A. Yoder, \$3; Otto Stuben, \$2; George Wells and J. N. Carter, who were on the socialist ticket, say the campaign cost them nothing.

In each case the greater part of the expense is for contributions to committees.

W. W. McCombs says he paid \$15 to "moochers."

DOCTRINES OF MRS. EDDY

Edward A. Kimball Lectures on Christian Science at the ayod.

DEALS WITH THE REALISM OF SICKNESS

If Physical Ailment is Genuine, God Made It, and Therefore It is Wrong to Want to Get Well.

Members of the First Church of Christ, Scientist, and many others interested in Christian Science attended the lecture last night at the Boyd theater by Edward A. Kimball, C. E. of Chicago, a member of the Christian Science Board of Lecturers of the First Church of Christ, Scientist, Boston. Mr. Kimball is regarded as the most gifted lecturer in this country and his message throughout the country has been a revelation to many. Kimball was introduced last night by John Farber, president of the local Christian Science society. He said in part:

"For a third of a century Mrs. Eddy has been pleading with mankind to discard the notion of the right to life, health and happiness according to the will of God. She has insisted that God is the natural healer of the sick and that disease is contrary to God and His will. She has shown that made known by science Christian healing and has set forth the rule whereby humanity is to obtain mastery over disease.

"On everyone who has ever healed the sick by means of the Christian Science, the attention of the supremacy of spiritual law is directed. The Christian Science is not toward the spiritually minded; indeed, there has been a great deal of talk about the day of Atonement which has been held, revised, altered or crucified—a martyr to his own teaching of the Bible.

"People throughout all the Christian centuries have differed concerning the meaning of the Bible, and of the conflict of creeds millions have gone down to violence and death. We take the inspired word of the Bible as our sufficient guide to eternal life. Like many others we believe the Bible has been divinely dictated word for word by God. We believe with Paul that the things of God are not subject to man's wisdom, but are spiritually discerned.

"The people have commentaries or helps to the study of the Bible. We have a commentary or key, in our text book. With historic and characteristic interest the people whose love is for their own alone do not like ours, and even say it is dangerous to the soul. We are taught to discuss the merits of this book now. Since studying the Bible in its light we have no desire to be annoyed or quizzed with any other religion. We have learned to love the right of every man to strive for heaven according to his own inspiration. We are taught that it is admirable in the sight of God and man to manifest a denunciate, persecute or molest a man who does not agree with our religious propaganda.

Teachings of the Bible.

The Bible encourages us to live according to the commandments and the precepts of the mount and in obedience to the highest conceivable moral law. It teaches us to be loving, merciful, meek and pure, and as followers of Christ Jesus to be lovingly manifesting the love of God even to the extent of forsaking sin, preaching the gospel and healing the sick. We are to love as God loves, and we are to be united to God, who is love, and that we may truly love to the uttermost; indeed, we are to believe we cannot trust God too much for expect too much from infinitely love. We are taught to rely on no other reliance is acceptable to God or of any value to man. Conversely, we are to be unyielding in our devotion to the mission of Christ in demonstration of an unyielding salvation, and that we may be saved by the blood of Christ through Christ than if we were to minimize the scope and efficacy of His mission.

If we are to be obedient, or to be too explicit in obedience, be dangerous, then we are, in fact, the dangerous people that inhabit the earth.

Mind Which Was in Christ.

The science of mind declares that to the extent that man is governed by the divine mind he will manifest perfection, health, life, welfare, prosperity—the ampieless and complete happiness of heaven. Conversely, this is the mind which was also in Christ which canceled temptation and sin, healed the sick, raised the dead, turned Jesus from the dead and overcame "the world, the flesh, and the devil." Sin and disease are the result of this carnal mind; they are no part of the nature of God. Conversely, the divine mind, God is good in nature, design, power, action, substance and spirit. All that is good, true, pure and done in good; His laws are good and He has already done everything that is essential to the supreme welfare of man. Conversely, we repudiate the efforts to solve the mystery of evil by assuming that evil is a part of the nature of God, or that evil needs to involve Himself in or with evil in any way or for any purpose, or that He does so involve Himself.

What Sickness Is.

Christian Science explains that sickness is the result of man's failure to be governed by the divine mind and to be obliterated by the same process, whereby everything that has no right to exist or endure is to become extinct through Christ and Christianity.

If insanity and sickness are real, then God who includes all reality, must have made them. If He made them and bestows or sends them, then it is a sin to try to get well or want to be cured, but to be cured by the divine mind. Sickness is contrary to God, and God is contrary to it. God is the natural healer of the sick and is able, willing and ever ready to save mortals.

CHARCOAL KILLS BAD BREATH

Bad Odor of Indigestion, Smoking, Drinking or Eating Can Be Instantly Stopped.

SAMPLE PACKAGE MAILED FREE.

Other people advise you to brush your teeth where you would not notice it at all. It is unnecessary to other people to stand for you then while you are talking, give them a sniff or two of your bad breath. It usually comes from food fermenting on your stomach. Sometimes you have it in the morning—that awful sour, belching, bad breath. You can stop that at once by swallowing one or two Stuart Charcoal Lozenges, the most powerful and safe odor absorber ever prepared. Sometimes your meals will reveal themselves in your breath, and then you talk with you. "You've had eating cabbage," or "You've been eating cabbage," and all of a sudden you blush in the face of your friend. Charcoal is a wonderful absorber of odors, as every one knows. That is why Stuart Charcoal Lozenges are so quick to stop all gases and odors of odorous foods, or gas from indigestion.

Don't use breath perfumes. They never conceal the odor, they only absorb the gas that causes the odor. Besides, the very fact of using them reveals the reason for their use. Stuart's Charcoal Lozenges in the first place stop for good all sour breath and belching of gas, and make your breath pure, fresh and sweet, just as you've eaten. Then an one will turn his face away from you when you breathe or talk, your breath will be pure and fresh, and you need your lozenges just as much better to stop at your next meal. Just try it.

Charcoal does other wonderful things, too. It carries away from your stomach and intestines, all the impurities there massed together and also causes the bad breath. Charcoal is a purifier as well as an absorber.

Charcoal is now by far the best, most easy and mild laxative known. A whole bowl will do no harm, in fact, the more you take the better. Stuart's Charcoal Lozenges are made of pure willow charcoal and mixed with just a faint glaze of honey to make them palatable. For you get no sugar, you just draw them from the candy. They are absolutely harmless.

Get a new, pure, sweet breath, freshen your stomach, for your next meal, and keep the odors in good working order. These two things are the secret of good health and long life. You can get all the charcoal necessary to do these wonderful but simple things by getting Stuart's Charcoal Lozenges. We want you to test these little wonder workers yourself before you buy them. So send us your full name and address for a free sample of Stuart's Charcoal Lozenges. Then after you have used the sample, send us a stamped "so to your druggist and get a 25c box of them. You'll feel better all over, more comfortable, and "cleaner" inside.

Send us your name and address today and we will at once send you by mail a sample package, free. Address: F. A. Stuart Co., 60 Stuart Bldg., Marshall, Mich.

HUSBAND STRONG ON FISTS

Accused by Wife of Knocking Over Trunks and Things With Blows.

Four months after they were married James Darnall struck his wife, Hattie, and knocked her over a trunk, according to her story told in a petition for divorce filed in district court Wednesday. A year later, she says, he struck her in the eye and knocked her over the stove. His actions were such she called an officer, and he afterward told her, she says, if she ever had him arrested again he would "fix her."

She also says he would take food she had prepared for herself and throw it outdoors or give it to strangers, so she would not have enough to eat. Then he would lock her trunks and take charge of the keys so she could not get at her clothing. She says he was of a very jealous disposition and the language he used was something awful. She asks for a restraining order to prevent him from carrying out alleged threats against her.

NEWS FOR THE ARMY.

Major M. G. Zalinski, formerly chief quartermaster of the Department of the Missouri, left Wednesday for the post of duty at Washington, D. C. Mrs. Zalinski will accompany him.

Major Charles R. Noyes, military secretary of the Department of the Missouri, will be on a leave of absence for thirty days. During his absence Lieutenant C. Allen will act as military secretary of the department.

Bids will be opened November 24 at the post of duty at Fort Leavenworth and Jefferson Barracks, Mo.

WIVID PICTURES OF TRAGEDY

Graphic Descriptions of Death Struggle Given by Witnesses in Lightner Trial.

Witnesses in the trial of Charles Lightner, charged with the murder of John Hanson, gave vivid descriptions of the death struggle between Lightner and Hanson on the stand Wednesday morning. Most of the witnesses were employed at the grading camp two miles west of Elkhorn, where the tragedy occurred.

Charles Hanson, who was employed in the camp declared he saw Lightner go to John Hanson's bunk, where Hanson was sleeping off a debauch, pull Hanson out of the bunk, knock him down and kick him two or three times. The witness then went into the cook tent and did not see the rest of the trouble, except that he saw Lightner run away and afterward saw the bloody body of Hanson lying on the ground. Other witnesses told practically the same story. Captain Haze, who went to the camp shortly after the killing identified the bloody razor with which the cutting was done.

The defense contends the cutting was accidental, and that Lightner, though holding the razor, had just said he did not intend to cut Hanson, when Hanson rushed at him and in the struggle that followed accidentally cut Hanson's arm and chest and severed an artery. The case will probably occupy all of Thursday.

"CLEANLINESS"

In the watchword for health and vigor, comfort and beauty, Mankind is learning not only the necessity but the luxury of cleanliness. SAPOLIO, which has wrought such changes in the home, announces her sister triumph—

HAND SAPOLIO

FOR TOILET AND BATH

A special soap which energizes the whole body, starts the circulation and leaves an exhilarating glow. All greases and dirt, dirt, are removed.

Sapolio

ARE you overworked? Do you feel tired? Restless at night? Troubled with indigestion? Restless at night? Is your blood thin? Then Star Malt Extract would be a boon to you. It is a rich, concentrated, liquid food and tonic. It has been endorsed by the leading physicians of the west, and was awarded Gold Medal for purity and quality at the Exposition, 1905. Write us today for our beautiful, fully illustrated book, "The Work of Art." It's free.

Star Malt Extract Dept., Omaha, Neb.

Cooper's Medicines

In Great Demand

The remarkable demand for the New Discovery medicines with which L. T. Cooper has been having such wonderful success in the cure of Stomach and kidney troubles, Catarrh, Rheumatism and other diseases seems to increase every day. His visit in New Orleans for the past few weeks has created a sensation in the South, the like of which has never been known.

His remedies are well known in this section of the country, and the famous Louisiana cities which have effected in St. Louis, Milwaukee, St. Paul, Minneapolis, and other large cities of the central western states are well remembered. The retail druggists say they never knew any medicines for which there was such a constant demand and the continued reports of marvelous cures that are being published everywhere are a topic of universal interest.

The newspapers of New Orleans are still printing interviews with those whose cases are most extraordinary and as this, the last week of Cooper's visit draws to a close, the excitement seems to have increased rather than abated.

One case in particular that has attracted special attention during the past few days is that of Mr. Leon Laboursque, 104 Burgundy St., New Orleans, who had been sick for fifteen years and had doctors for various diseases without result. There was a bright twinkle in the man's eye and a radiant smile on his face as he greeted his interviewer the other day, which seemed to keep anything but poor health. "I shall be pleased to have my experience," he said, "in answer to a request, 'for my case has been a most remarkable one, and I am glad of the opportunity to tell the public what these wonderful medicines have done for me. My suffering for the past fifteen years has been more than I can describe, for during all that time I have seldom had a well day. My appetite was very irregular. Sometimes I could eat, and at other times the very sight of food would make me sick. I suffered greatly from constipation. I did not seem to get any strength from what I ate, was always tired, and the slightest exertion would wear me out completely. It was a great effort for me to attend to my duties. I was very nervous and at night could not rest well. I would wake up in the morning feeling as tired as when I went to bed. There were few days when I did not have a dreadful headache and at times would have queer dizzy spells. I thought for a time that I had Catarrh and doctored for it, but without relief. Nothing I could do seemed to benefit me, and when I began to hear of the wonderful success of Cooper in the treatment of cases similar to mine, I began using his medicines.

"After I had taken his New Discovery medicine only a few days a horrible tapeworm of enormous size passed from my system and then I knew what had been causing me all this trouble. From that time I improved rapidly and now feel well and strong again. I will gladly give any information I can to any one who is suffering as I was."

The sale of Cooper's medicine in Omaha has been phenomenal and at Beaton Drug Co.'s drug store, where the results are expected in this city, it is said that some very remarkable cures have been reported right here at home.

Money Back if it Fails

That's the Guarantee Your Druggist Puts Behind Every Box of BROMO-LAX

No chance whatever do you take when you buy a box of BROMO-LAX, for your druggist will refund your money if BROMO-LAX does not cure you.

Now, we must know that BROMO-LAX is the surest and safest cold cure or we could not afford to guarantee it. BROMO-LAX is different from all other cold cures. It's BETTER, but because we make it so, BROMO-LAX is scientifically prepared, and the best of drugs thrown together, but each drug is put in for a specific purpose, each ingredient helps the other ingredients to do their work.

BROMO-LAX contains no quinine, therefore does not give the head stuff like quinine cold cures.

Get here today. Be at your druggist.
