THE VORTEX Hot Blast Heater The Vortex Hot Blast is a decided improvement over the old style Hot Blast Heater. The Vortex has two top drafts that discharge highly heated air directly into the combustion chamber, with a rotary motion, giving better combustion than is possible with a single tube. The large ash pan enables the user to remove ashes in a cleanly manner without the dust and dirt so common with stoves where it is necessary to use a shovel and coal hod. \$10 00 10 \$2500 The Vortex is clean, safe and economical-price.....
