It is be-Heved that the bomb had a very long fuse BIG in order to enable the criminal to gain the plants before the explosion. It has o impossible to trace him, and no one has any recollection of seeing a man, who, by his movements, might have aroused

Pope at His Devotions.

The pope was engaged in his regular noon hour devotions when the bomb went off. He heard a muffled sound which surprised, but did not alarm him. Mgr. Misciarelli, sub-prefect of the apostolic palnose, and Mgr. Bisleti, major dome of the Vatican, at once hurriedly entered the pontiff's chamber. They were so pale that the pope immediately asked:

"What has happened?" "Do not be slarmed, holy father," was the answer. "A bomb has exploded in the basilies, but fortunately there are no deaths to deplore and no one has been wounded." The bontiff asked anxiously if the church had been injured. Upon being reassured, he felt on his knees, saying he must implore mercy for the misguided perpetrator

Boon after this announcement was made to him the pope went to the thrane room, where he admitted to private audience Mgr. Rennesly, rector of the American college, who presented to his holiness Mr. Mrs. Louis J. McCloskey of Philadelphia and Mr. Paul S. King of New York, who notived that the popo was pale and labored under some emotion. After this reception the pepe proceeded to the hall of the conwhere he received about 100 persons, including twenty-five students of a Bouth American college, to whom he delivered a short address. None of these persons kyew anything about the explosion.

Mussimi, Italian minister of finance, was lunching at the Cafe Aragnowhen he heard the news. He immediately took a gab and drove to St. Peter s, where he met's number of the papal authorities, including Count Camillo Pecci, a nephow of Leo MHI, and communicant of the Pala-

tine guard.

Long before 8 o'clock, which was the milted by a roving band of expert crim- hour set for Dr. Torrey to speak, the building was so full that people coming could not enter and they turned away in streams. A song service was set for 7:30, but the eager crowds came so early that this began torium was more than two-thirds full. Six hundred voices sang in the chair. Two

hundred and fifty singers who volunteered

were turned away because there was no Fights for Another Cause. At the front of the stage were Dr. Torrey and his assistants, W. S. Jacoby and Charles Butler. Mr. Jacoby is Dr. Torrey's assistant at the Chicago Avenue church, Chicago. Before he was converted he was proud to call himself a prize fighter, and he is known to many people of Omaha, for it was here he lived and fought some of his battles of the ring. Mr. Butler came from

God the Beginning. " But, Dr. Torrey, someone will say,

you have forgotten the evolutionary hypo thesis; all living things have developed from some primordial protoplasm.' I don't believe it; I did once, but gave it up. abundoned that theory, not for theological. but for scientific reasons. The hypothesis has never been proven; it must always remain a hypothesis. A transmutation of species never has been observed and never will be, because if it should take place it would take so long.

"But even if the theory be true, who brought into being that primordial protoplasm? Why, it would be a greater thing to have a world develop from such protoplasm than to make a world outright. Evolution or not, is not God at the beginning? 'History proves the existence of God in every way, but in one way in particular, and that is in the story of Jesus of Naza-SAN ANTONIO, Tex., Nov. 18 .- William reth, as found in the four gospels. The rection of the dead by Jesus is the fact

element from the life of Jesus, and today In discussing his future in reference to the story is accepted as reasonably accurate history, and back of it is God.

"Tonight I know there is a God because ver, I shall continue to reside in New I know Him. I can conceive that some York and advocate and support the prin- subtle idealistic philosopher might come to cipies of reform which I have always stood me to prove to me tiere is no objective for, but these principles are now sufficiently God and I might not be able to disprove understood by the general public for it to his arguments or show the weak points be no longer necessary for me to be a can- in it. I would still know there is a God. I risked everything to prove it and I won. "You probably know it is by no means "You think God is under obligation to

tems like this of yours, and there may be an infinite number of universes. You are divided by 1,500,000.000 divided by 1,400,000 divided by 1,000,000 divided by infinity. God is 1 multiplied by 1,000,000,000 multiplied by 1.400,000 multiplied by 1,000,000 multiplied by

infinits. "If ever man has reached the height of assininity it is when he attempts to say what God ought to do.'

Are You Rendy to Meet God?

Here the speaker described the glory of God in the words of the prophet Isalah. kansas.
