The fake reformers down here don't seem to realize that Sheldon has been elected governor instead of themselves and consequently while he is preparing himself for the work of the winter, they have been naming his office force and making his appointments. That he failed to ratify the appointments they made has given them

quite a setback. In the meantime the old time railroad lobbyists are up in the air on a program to be carried out during the legislature and they have so far been unable to get together. One road has proposed staying away from the scene of action during the organization of the legislature and thus put up an unconcerned front, so far as the pub lic is concerned, while the others have not either yesterday or today. Cardinal Merry | yet decided whether to fall in with that plan or have their men here as usual. Foot Ball World Trying to Figure out the Cause.

Out the Cause.

(From a Staff Correspondent)

LINCOLN, Nov. 18.—(Special.)—The misserable showing made by Nebraska vesteraday against the aushawkers has simply dazed the foot ball world down here and obmion is divided whether the fault is with the coaching or with the green material. Noth as a absolutely through the green only to give up the away. On two occasions it had uttory within its grass only to give up the advantage by the most normalisted plays ever before seen on a Nebrasia field.

It was demonstrated beyond a doubt that individually the Jaylanwars are no bester players than the Lornhuskets, but the Kansas team work was way alread of the locale. As a body the home team played like "a calf in a swamp. The boys diragged and lacked ginger with one or two exceptions. Nebruska's interference was the poorest exhibition that has every time a local made a tackle. On the other bean to apploying to the Jayhawkets avery time a local made a tackle. On the other hand, the visito's were on top of Nebiaska every time the ball was caught.

The team was weak in critical spots and either did not grasp the game or got stampeded and flustered when victory hevered close.

Escause of the good showing made against Minnesota the local enthusiasts picked Nebiaska for a winner. They had a right

because of the good showing mode against Minnesota the local epithusiasts picked Nebraska for a winner. They had a right to, Lots of money was posted on the outerne, and the Minnesota game was the cause of it. The bellef is now that either Nebraska has taken a miserable slump or Minnesota merely toyed with the boys, for certainly the Cornhussers slid not play foot bail yesterday.

With the proper guidance of the tsam Nebraska has houd have wen from Kansas easily. On straight foot bail Nebraska made a touch oown and demonstrated it had the best of it, while Kansas got its scores by field kieks. With straight-line bucking Nebraska should have had two more goals, but instead of that Nebraska tried the forward pass and a goal kck on the first down without even a try at the line. No one has yet been found who can offer a reasonable excuse for the two plays. When the last kck was made tme was almost up and that could have been a reason for that piece of foolishness, but there is no excuse for the first bad break except incompetency, either in the way the boys have been trained or in the boys
