FIVE-CENT FARE AGITATION

People of West End of City Want to Ride to Omaha for a Nickel.

RETAILERS ARE OPPOSED TO THE MOVE

Public Meeting to Be Held Wednesday, November 28, to Discuss the Question—Commerce Commission May Be Appointed To.

The question of a straight 5-cent motor fare between this city and Omaha was discussed last night at a meeting of the special committee of the city council appointed by Mayor Macrae and the committee from the West End Improvement club in the rooms of the Commercial club. The committee, consisting of Councilmen Wallace, Hendrix and Knudsen, was appointed yesterday morning by the mayor at the request of the West End Improvement club, which was represented at the meeting by G. W. Skinner and C. C. Clifton, president and secretary, respectively, of the club, and former Councilman W. C. Boyer.

Residents of the western part of the city have been agitating a straight 5-cent fare between the two cities for some time, but have never succeeded in getting the movement into proper form. Now, with the assistance of the city council, they believe a move in the right direction can be made, provided it is found that the public sentiment favors such a fare. It is understood that the retail merchants of the city, especially the members of the Retail Grocers and Butchers' association, are opposed to the proposition, fearing that it would result in more of the trade going across the river. This was the position taken by Councilman Knudsen at the meeting last night.

As things stand at present any resident of the Bluffs employed in Omaha or having business which takes him or her across the river repeatedly during the month enjoys the advantage of a 5-cent fare through the coupon ticket book system, which provides thirty rides for \$1.50. This is the retail merchants of this city contend should be decided last night to call a public meeting for the evening of Wednesday, November 28, at the city council chamber and Councilman Wallace as chairman of the city council committee was directed to issue the call.

In the event of its appearing that the citizens of Council Bluffs generally favor a straight 5-cent fare between the two cities the Interstate Commerce commission will be appealed to, as it is believed that body would have jurisdiction in the matter.

"First Aid" to the Bowels

WHEN Heartburn, Sour Stomach, Headache, Bad Breath, coated Tongue, Belching of Stomach, Gas, or any of these forerunners of indigestion appear, Old Dr. Cascares wants to be right on the spot in your pocket.

Dr. Cascares guarantees to cure the most obstinate cases of Constipation and Indigestion, without discomfort or inconvenience.

His medicine does not grip nor purge, but exercises naturally the muscles that line the walls of the Intestines and Bowels.

Want of Exercise weakens and relaxes the Bowel-Muscles, just as it weakens Arm and Leg muscles.

Old Dr. Cascares goes directly after these Bowel-Muscles. He wakes them up just as a cold bath would wake up a lazy person.

Then he works them (through the nerves) till they get so strong from that Exercise that they don't need any more help to do their duty.

Heavy dinners, late suppers, whiskey, wine or beer drinking, nervous excitement, sudden exposure to cold or heat and a dozen other everyday likelihoods tire the Bowel-Muscles.

In such cases a little Cascares in time is worth fifty dollars worth of Treatment later on, to say nothing of the suffering, discomfort, loss of Business Energy, and loss of Social Sunshine it saves.

Little thin Cascares Box, shaped so you don't notice its presence in purse or vest-pocket.

Contains six Candy Tablets—Price Ten Cents a Box at any Druggists.

Be sure you get the genuine, made only by the Sterling Remedy Company, and never sold in bulk. Every tablet stamped "C.C.C."

TROUBLE OVER EXTRA CLERK HIRE
Supervisors Likely to Cut off Allowances in the Future.

From the remarks dropped by Member Sets at the meeting yesterday of the Board of Supervisors, it is inferred there will be "something done" when the question of allowances for extra clerk hire comes up at the regular meeting of the board in January. Yesterday County Recorder Baird had before the board a bill for \$25 for extra clerk hire for the quarter ending October 1. The bill was made up on one item of \$10 for "one clerk" and \$15 for an extra clerk. These items are in addition to the salary of \$50 allowed by statute for one deputy. As it appeared that the board had entered into an arrangement with Recorder Baird to allow him \$50 a year for extra clerical help, in addition to the \$50 a year for one extra clerk, not to mention the deputy allowed by law, at the time some objection was made by certain members of the board to allowing pay for Mr. Baird's two sons, who were attending the public schools, the bill presented yesterday was allowed after some discussion. Supervisor Sets, however, made the significant remark that "he guessed the recorder would submit vouchers next year for any extra clerical help he might have."

A claim of \$30 for extra clerk hire presented by H. V. Battley, clerk of the district court, was referred to the county attorney, after Supervisor Sets had endeavored to have it rejected.

It has been an open secret around the county court house for some time that the supervisors were planning to cut down, if not cut off entirely, the perquisites some county officers are inclined to believe is their prerogative, especially that of "extra clerk hire."

The supervisors met in the morning at the drainage board and allowed a few minor bills in connection with the Pigeon Creek ditch, for which E. A. Wickham has the contract. The supervisors will meet today in joint session with the supervisors of the Council Bluffs Drainage Board in connection with the Harrison-Pottawattomie county drainage ditches.

Bluffs Wants an Inspector.
The Council Bluffs Retail Grocers and Butchers' association will endeavor if possible to have one of its inspectors under the state pure food law located in this city and will urge the appointment of a local man for the position. The state food commissioner is charged with the duty of enforcing the provisions of the new law and he is empowered to appoint inspectors. It has not yet been ascertained here, however, whether these inspectors are to be located in Des Moines and work out from there, or are to be located at the principal cities throughout the state. If the latter be the case, the members of the Retail Grocers and Butchers' association feel that Council Bluffs is entitled to an inspector and will try to have a local man appointed. The association through its officers is now in correspondence with the state food and dairy commissioner in Des Moines.

INDICTMENTS IN OLEO CASES
Grand Jury Follows Up Action of Food Commissioner.

Among the indictments returned Saturday by the district court grand jury were three against F. H. Evers, proprietor of a grocery store at 2313 West Broadway; Taylor Woolsey, proprietor of a restaurant at 303 West Broadway, and J. Simons of the Central grocery and meat market at Broadway and Sixth streets, on charges of violating the state law regulating the sale of oleomargarine. The indictment charges that the defendants failed to have the oleomargarine labeled, as required by the new state law, "substituted for butter." Evers was required to give a bond in the sum of \$30, while Simons and Woolsey had to put up only a \$30 bond each.

Another indictment, brought to light yesterday by the arrest of the defendant, was against Mike Vencil, charged with the theft of one white sow, the property of S. R. Robertson of this city. The evidence before the grand jury showed that the sow, which had strayed from Robertson's premises, had been picked up by Vencil and by him sold in South Omaha for \$25. Robertson followed Vencil to South Omaha and the latter turned over to him the \$25 which he had received for the porker. When taken into custody yesterday Vencil appeared greatly surprised. "Why, I paid Robertson for the sow—the \$25 I got for it—and which was the amount Robertson claimed it was worth," he said. He secured his release on a \$30 bond.

diphtheria

The best authorities now agree that the chances for contracting diphtheria are greatly enhanced by colds. The cold prepares the system for the reception and development of the germs of this disease that would not otherwise find lodgment; that is why one child will contract the disease, and another exposed at the same time will not take it. The one that takes it, as a rule, has a cold. Even slight colds are dangerous, and should have prompt and intelligent attention. Whether for a child or an adult you will find no better preparation to cure a cold than Chamberlain's Cough Remedy. It can always be depended upon to effect a quick cure. There is no danger in giving it to children as it contains no opium or other harmful drug.

MME. CALVE MAY BE MARRIED

Mystery Surrounds Reported Union Between Rich American and Famous Opera Singer.

PARIS, Nov. 19.—

The vague rumors which have been circulating here for several days to the effect that Mme. Calve was betrothed to a rich American and would never again appear on the operatic stage, are apparently confirmed. Last night, having quietly left her apartment, the singer left Paris for a long period, after confiding the news to a few intimate friends, but demanding a pledge of secrecy regarding the name of her future husband. Mme. Calve's servants said she went away with her affianced, but they were unable to give either her destination or his name. It is believed that the couple are now on board a yacht.

THE WHOLE AFFAIR IS SHROUDED IN MYSTERY AND ROMANCE.

The future husband of Mme. Calve is described as a rich American and artist, passionately fond of music, who for a long time has never missed a performance of Mme. Calve, but who until recently had not sought an introduction. Just at the time when the American de-
