BAD YEAR FOR THE COPHERS

Ten Cents Per Head County Results in Death of Seventy Thousand.

ANOTHER YEAR WILL CLEAN OUT PESTS

Registrars at Recent Election Refuse to Accept the Amount Allowed Them by the Board of Supervisors.

The Board of Supervisors at its session yesterday afternoon figured that over 7,000 cophers had been killed in Pottawattamie county since the bounty of 10 cents a head went into effect last spring.

The contract for the county bridge work for this year beginning April 1, 1907, was awarded to William M. Lann of Atlantic, the present contractor, his bid being the lowest of the four submitted.

The other bidders were the Campbell-Flieger company of this city, J. W. Towle of Omaha and C. E. Bontly of Leigh, Neb. Several of the registrars who retired at the recent election have declined to accept the \$15 remuneration offered by the board.

The county auditor was instructed to collect at once from J. P. Hess, guardian of Kate L. Feely, the amount due for six days in the city precincts, with the exception of the Second precinct of the Sixth ward, which lies west of the river, and where the board allowed pay for four days.

These conditions must be remedied without delay. The board will be in session today and possibly Friday.

There is no hot blast stove on the market today that is equal to the Ross Hot Blast. It has a front feed door, which makes it easy to put in the fuel and a big improvement over the old style of putting in the fuel at the top door and filling the house with smoke.

Board of Health Rules Conflicting. The Council Bluffs Medical society has come to the conclusion that the rules of the State Board of Health relative to quarantine for diphtheria and other contagious diseases are inconsistent and conflict one with another.

Recently Mayor Macrae in his capacity of chairman of the local Board of Health wrote to J. F. Kennedy, secretary of the State Board of Health, asking to be enlightened on some of the disputed points.

The attention of the attorney general is to be called to the rules which conflict as to the number of days a patient with diphtheria should be quarantined. One rule provides for the release of the patient after two cultures have been made and found free from the disease germ.

Sawell Released from Jail. William Sawell, who was charged by John Ernst of Keg Creek township with beating him and threatening him with his bony, in which he has given Sawell a lift, and then driving away with the rig, has been released from the county jail, where he had been since November 9.

Sawell was over taken at Mineola by Robert Mackenzie, who took up the pursuit in his automobile. Sheriff Caning was notified and he brought Sawell to this city, where he was placed in the county jail. Sawell asserted that Ernst had been mixed up in a saloon melee in Council Bluffs in which he received two black eyes. When asked by Ernst why he did not drive the team on to Mineola and wait for him, as he did not care to go home in the condition he was in after his arrest, no charge was filed against Sawell, but his case was presented to the grand jury, then in session. The grand jury ignored the case and returned a "no bill." As there was no record of Sawell's arrest, or his being bound over to the grand jury, the court officials were in somewhat of a quandary yesterday.
