BODY NOW AT FOREST HILL

Herman Kountze Remains Brought from New York to Old Home.

FUNERAL WILL BE SATURDAY AFTERNOON

Some Members of Family Have Not Yet Arrived, but Will Be Here in Time for the Services.

The body of Herman Kountze, who died at Watkins Glen, N. Y., Tuesday evening, arrived in Omaha at 7:30 Friday morning over the Burlington railroad and was accompanied by the widow and Augustus F. Kountze, a son from New York City. Relatives who were in the city were at the station and the body was taken to the Kountze home, Forest Hill, on South Tenth street, by the undertakers, Cole & McKay, who have charge of the funeral arrangements. The body was placed in a new casket and will remain at the residence until it is taken to Trinity cathedral Saturday afternoon for the funeral services, which will begin at 2 o'clock. The pallbearers, active and honorary, have not been selected as yet, as several members of the family have not arrived with whom consultation is desired. Mrs. M. E. Gardner, the eldest sister of Mr. Kountze, has arrived from Pittsburgh and it is expected another sister from Pittsburgh, Mrs. George T. Oliver, will be

in attendance at the funeral. Luther Kountze of New York and C. B. Kountze of Denver, brothers of the dead financier, have telegraphed they probably will arrive in Omaha Friday afternoon, and Herman D. Kountze, a son, is expected to arrive from New York either Friday afternoon or Saturday morning. Mrs. Meredith Nicholson, a daughter from Indianapolis, and her husband arrived Friday morning and are stopping at the Kountze home. The funeral services will be the burial ritual of the Episcopal church, which will be conducted by Dean Beecher. A special program of music has been arranged by the choir. The casket will not be opened at the church. The First National bank will be closed Saturday morning at 11 o'clock for the balance of the day on account of the funeral of Mr. Kountze, late president of that institution.

S.S.S. CURES CATARRH

Catarrh cannot be washed away with sprays, inhalations and such treatment can be smoked out with medicated tobacco, cigarettes, etc. you attempt to cure Catarrh with such things you are wasting time lowering the impurities and poisons in the blood, which produce the disease, to get so firmly rooted as to become not only a disgusting trouble, very dangerous one. The annoying symptoms of ringing noises in the ears, "hawking and spitting," headaches, mucus dropping into the throat, impairment of the senses of taste and smell, and a feeling of general debility, prove that there is a deep-seated cause for Catarrh. This cause is a polluted and unhealthy condition of the blood, and the disease cannot be cured until this is removed. The only way to get rid of Catarrh permanently is to purify the blood, and S. S. S. is the ideal remedy for this purpose. It is expected another sister from Pittsburgh, Mrs. George T. Oliver, will be

NEVER SAY DIE OR GIVE UP

Careful Observer Blows Off Few Stacks of Philosophy to Oldest Inhabitant.

SAYS WORLD DOES NOT LIKE A QUITTER

Holds Up Noah of Old as Pioneer in Game of Hanging on Till Goal is Reached or Floods Cease.

"The next thing I want to teach my congregation is that the world does not like quitters," remarked the Careful Observer to the Oldest Inhabitant yesterday morning when they assembled on lot 9, block 11, E. V. Smith's addition. "Or, to put it in a positive degree, it might be said the world approves of a stayer, a person who stays with a labor until the end is reached. These continued-outcasts people usually have no next," continued the Careful Observer, as he fingered a bottle of horseradish in his overcoat pocket. "One of my guide posts along the pathway of life has been that I should completely lack or duty once begun. Although I confess I have not always heeded the directions on that guide post. It requires a certain fortitude always to see a thing through to a consummation," replied the Oldest Inhabitant. "To face adverse criticism and the call of the man that cries 'quitter,' the shout and tumult of angry constituents clamoring for redeemed platform pledges and the gloomy forebodings of medical handbooks thrown on the front porch, it requires a stout heart and a brain to go through with life's engagements without calling for help from friends or wife's folks. This matter of sitting up with things until the problems have been solved becomes second nature with some. It is all a matter of habit or backbone. With some it is a constant battle, this going through with a thing to the last ditch. If we would but realize that the virtue of stick-to-itiveness is its own reward, and that each victory makes us stronger, we would have more zest in the affairs of life. "Noah of old was a shining mark in this respect. He set about to build an ark and he builded an ark, and no disparaging remarks from 'Constant Reader,' 'Vox Populi,' 'Anxious Inquirer' or any of those 'faint knockers' could turn Noah from his task. And the secret with Noah was, he knew he was right. One should first know he is right and then go ahead, regardless of the little winds that blow from every way. To play a losing game and stick to it for pure conscience is worse than feel-

THOSE SUDDEN TWINGES

Pain is nature's signal of distress, a warning that must not be ignored. Those sharp twinges in the back, those stab-like pains that follow any sudden twist or turn, are simple signs of hidden danger in the kidneys. No trouble starts more easily, gains ground more rapidly, nor proves more fatal than any disorder of the kidneys. All the outward appearances of health may remain until a terrible disease has taken root. It is best to learn the duties of the kidneys, to watch for early signs of trouble, and to correct any irregularity before its serious stage begins. The blood goes to the kidneys in an incessant stream, to be cleared of poison and to be cleared of surplus water. This is passed off in the kidneys by the urine. It is the retention of poison in kidney trouble that breeds fatal disease. Don't wait. The moment you feel any uneasiness, lameness or pain in the back, the moment the urine shows irregularity, either in its appearance or in the quantity or number of the passages, begin with Doan's Kidney Pills. This remedy has been curing kidney troubles for seventy-six years, and never yet has failed to give relief, if taken in time. It cures the kidneys, and thus cures backache, lame back, headache, dizzy spells, urinary troubles, rheumatic pain, gravel, dropsy swellings, nervousness, languor, sciatica, and all other symptoms of kidney troubles. Fifty thousand people have testified to the worth of Doan's Kidney Pills. Here's a home case: OMAHA PROOF: Mrs. O. A. Earl, of 1011 1/2 S. 11th St., Omaha, Neb., says: "My appreciation for Doan's Kidney Pills has in no way lessened. The statement I gave you in 1899 touching on the merits of this preparation holds as good today, seven years later, as when I first made it. For two years I was troubled with my back and although I tried different remedies, none brought relief until I began the use of Doan's Kidney Pills. A short treatment cured me and there has never been a return of the trouble. I recommended Doan's Kidney Pills to a gentleman who stated with us some time ago and complained of backache. He used them and found most satisfactory results."
