GALUMET BAKING POWDER

It is put up under the supervision of a competent chemist, from the finest materials possible to select, insuring the most light, wholesome, easily digested food. Therefore, **GALUMET** is recommended by leading physicians and chemists.

Perfect in Quality Economical in Use Moderate in Price

Galumet is so carefully and scientifically prepared that the neutralization of the ingredients is absolutely perfect. Therefore, food prepared with Galumet is free from phosphate salts, alum, or any injurious substance. **It is the "white" cake's sake! Use Galumet.** For economy's sake buy Galumet.

\$1,000,000 worth of any substance injurious to health found in Galumet.

WOMEN IN CLUB AND CHARITY

The executive board and chairman of the Women's Club met at the Hotel Lacey on Tuesday and Wednesday last week for a general consideration of work and plans for the coming year. The meeting was held at the Hotel Lacey, which will be held at the Hotel Lacey next May. May 24 and 25 are the dates decided upon for a camp meeting to be held at the Hotel Lacey, May 24 and 25, and the board meeting to follow the convention Friday. The Hotel Lacey will be convention headquarters and the sessions will be held at the Presbyterian church, which has ample seating capacity to meet the requirements of the meeting. While it was not definitely decided, it is probable that the exhibits in connection with the various lines of work, always important features of the biennial, will be held in the club rooms in the city library, which is on the same street and between the hotel and the church. Mrs. Mena B. Burke is chairman of the local biennial board and Mrs. Harry K. Spencer chairman of the entertainment committee. The program is being arranged by the executive committee of the federation, including Mrs. J. J. Seelye, president; Mrs. E. H. Clarke of Rock Oak and Mrs. John A. Nash of Audubon.

Wednesday was devoted largely to a discussion of the work of standing committees. The reciprocity and club program committees have been instructed to prepare the former to be used in the future to supplement the outlines prepared by the latter. Mrs. Harriet C. Fowler of Corning, chairman of the club program committee, reported that the committee has continued to advocate one-subject programs and to urge systematic concentration. The committee has now on hand twenty-six outlines in typewritten form, besides nearly all of Shakespeare's plays. A list of reference books accompanies the outlines and the co-operation of the Iowa traveling library has been of material assistance to clubs in supplying these books.

About forty-five clubs of the state are now using the one-subject program exactly as provided by the committee, while many others are using them in part or have obtained help from the committee. The traveling loan collection of the general federation is to be circulated in Iowa during January, twelve clubs having already spoken for the exhibit. The domestic science committee is using the library books everywhere to put in a full set of farmers' institute bulletins and a shelf of books on domestic science. The child labor committee urged that club women make it their business to see that the law secured last winter is enforced. The board, with children of standing in mind, will hold a meeting at the Hotel Lacey 12 and 13 to complete all business relative to the coming biennial.

The Department of Agriculture spends \$3,000,000 on plant health and animal health every year. But, with the exception of the splendid work done by Dr. Wiley, Director of the Department, no one else is directly appropriate one cent for promoting the

physical well-being of babies. Thousands have been expended in stamping out cholera among babies, but not one dollar was ever voted for eradicating pneumonia among human beings. During the next census period more than 6,000,000 infants under five years of age will be born. Little spots at life while mothers sit by and watch in their helplessness. And yet this number could probably be decreased by as much as one-half. But nothing is done. Fort. Norton of Yale.

Club women of Chicago and Cook county made a strong appeal last week before the council committee in favor of an ordinance licensing hotels. Mrs. Charles Hennrich, an ex-president of the General Federation of Women's Clubs, was one of the speakers. The women support the proposed ordinance as a safeguard for thousands of young girls whose fate is bound up in the regulation of the down town hotels. The conditions surrounding underpaid shop girls were discussed. At the request of Mrs. Hennrich and others a few weeks ago the chief of police detailed two detectives to watch a certain down town store. Their report showed that within one week they had traced sixty girls from this one store to the various down town hotels, and they were all accompanied by men. "This condition has grown to such proportions," said Mrs. Hennrich, "that it is shadowing the lives of hundreds of hard-pressed girls."

Twenty counties of Iowa or about one-fifth of all the counties of the state now have women as county superintendents of schools.

DIAMONDS—Frenzer, 15th and Dodge.

POLICE QUIET A FAMILY JAR

Head of Family Landed in Jail Because He Belonged to Spirit Is Subdued.

Robert Lyman, colored, possessing a sharp knife, a warlike spirit, an empty pocketbook and a wife, was at the bottom of much excitement for the residents in the neighborhood of Nineteenth and Binney streets Monday afternoon, and incidentally was also instrumental in creating added activity in the police department for a time.

Lyman has been absent from the city until Monday, when he returned and made his way to the home of the light of his household. The police story as related to the police says the homeward-bound husband was dead broke, and that the fact had much to do with his wife. At that time, one of the first topics of conversation struck by the husband was that of money. He wanted his wife to give him some, and appeared to be very anxious that she comply with his request.

However, Mrs. Lyman steadily and emphatically refused to "pony up," whereupon he drew his knife and threatened to do much damage. They quarreled hotly, until someone telephoned the police station, and Patrolman E. B. Smith was dispatched to the house. Smith arrived there and succeeded, after much diplomatic talk, in getting the two to kiss and make up. The officer left with peace having been restored.

But Smith had not been gone long before hostilities reopened and Lyman, knife in hand, chased the woman about the house and down the street, threatening to kill her, while she ran with terrified screams for shelter. Again the police were appealed to and Patrolman Cunningham and Brady were sent to put a final end to the disturbance. Cunningham found the warlike negro seated at his home, and when he attempted to place the fellow under arrest there was another row instituted. The story might sound otherwise, but for the fact that Cunningham is peculiarly fit for subduing rowdy persons and he soon had Lyman by the collar, headed toward the patrol box.

All the way down the street the prisoner fought, kicked and bit, but he was up against a mightier antagonist, than his wife. After the policeman had slapped him a few times he was very willing to tag along as desired, and while a large portion of the population of the northern end of the city stood by to see, he was placed in the patrol wagon and driven off to jail with the jaws and cheeks of his wife's high-top ringing in his ears.

Mrs. Lyman appeared against her recent spouse in police court Tuesday morning to the end that Lyman was sentenced to thirty days in the county jail by Judge Crawford.

DEATH DUE TO ACID POISON

Autopsy Shows That to Have Been Cause of Adolph Cholera.

An inquest was held Monday afternoon over the remains of Adolph Cholera, also known as Duffy, L. Weller and Frank Welle, who was found dead in the railroad yards at Sixteenth and Nicholas streets Saturday evening. An autopsy was performed by Dr. Lavender and his evidence proved death to have been caused by carbolic acid poisoning.

When the body was found, the police surgeons said, the neck was broken, and the police devoted the evening in an attempt to solve the mystery. It was found that traces of carbolic acid were discovered, and the autopsy was held to determine the cause of death. Dr. Lavender found an abnormal construction of the neck vertebrae, which, he said, accounted for the evidence of a fracture.

The coroner's jury returned a verdict of suicide, and Coroner Bralley will make an attempt to locate relatives believed to live in Michigan.

No Opinion in Chamberlain's Cough Remedy

There is not a particle of opium or other narcotic in Chamberlain's Cough Remedy, and never has been since it was first offered to the public. It is as safe a remedy for a child as for an adult. This remedy is famous for the cure of colds and croup, and is always to be depended upon.

Can You Use Food When You Get It?

Thousands of Stomachs Starving Where Mouths Are Well Fed. Colds, Nosts, Hoarseness, Belching, Flatulency, Bloating, Indigestion, and all the ailments of the stomach, are the result of indigestion. It is not a matter of the appetite—a thing to be gotten out of the way as quickly as possible. Little thought is given as to what kind of food is eaten, or what the general condition will be of use in building up the tissues of the body.

Your stomach will revolt, if it is not already doing so. It must shut up for repairs. What of the dizziness and sometimes pain, which stop you after a hurried lunch? What of the general distress after a heavy dinner, a feeling of pressure against the heart which calls a halt and makes the breathing difficult? Is it common for you to be oppressed with belching and sour eructations? Are you constipated and then do you laughingly turn a dime to the druggist for his most palatable relief? Beware of the temporary cures that are cheap and palliative. Many antidotes for the common ills which our flesh is heir to, are at first to relieve, but in reality, lay the foundation for the deeper-seated and more far-reaching diseases.

Three-fourths of all the diseases originate with the breaking down of the digestion and nine-tenths of all digestive troubles originate with one or more of the symptoms named above.

Beware, then, of indigestion and dyspepsia, for they will lead to a general debility, lacking in ambition when you should be on the alert.

Do not doctor the stomach. It needs rest from food and drugs. Do not flush out the bowels. It takes more than forcing food through the passageway to make blood and tissue and nerve.

Do not starve your stomach.

Food is a thing to be worked for all the time in it and your stomach will do the work if you help it in Nature's way.

Stuart's Dyspepsia Tablets contain nothing but the natural elements which enter into the healthy stomach and intestines to perform the function of digestion. Government tests and the investigations and sworn oaths of expert chemists attest this fact. Stuart's Dyspepsia Tablets go to the source of the trouble and positively restore the glands and fluids of the mucous membrane to their proper condition. They promptly relieve the distress of all troubles originating in the stomach or bowels (with the one exception of cancer).

Stuart's Dyspepsia Tablets are recommended by all physicians and all reliable pharmacists. If you are a sufferer from indigestion or dyspepsia, try a fifty-cent package today. At all druggists, or if you prefer, send us your name and address and we will gladly send you a trial package free of charge. Stuart Co., 21 Stuart St., Marshall, Mich.

Little Girl's Obstinate Case of Eczema—Instantaneous Relief By Cuticura—Little Boy's Hands and Arms Also Were a Mass of Torturing Sores—Grateful Mother Says:

"In reply to your letter I write you my experience, and you are privileged to use it as you see fit. Last year, after having my little girl treated by a very prominent physician for an obstinate case of eczema, I resorted to the Cuticura Remedies, which was well pleased with the almost instantaneous relief afforded that we discarded the physician's prescription and relied entirely on the Cuticura Soap, Cuticura Ointment, and Cuticura Pills. When commenced with the Cuticura Remedies her feet and limbs were covered with running sores. In about six weeks we had her completely well, and there has been no recurrence of the trouble. In July of this year a little boy in our family poisoned his hands and arms with poison oak, and in twenty-four hours his hands and arms were a mass of torturing sores. We used only the Cuticura Remedies, washing his limbs and arms with the Cuticura Soap, and ointment with the Cuticura Ointment, and that gave him the Cuticura Remedy. In about three weeks his hands and arms healed up, and where it costs from twenty to twenty-five dollars to come up on the mountain. Respectfully, Mrs. Lizzie Vincent Thomas, Fairmount, Walden's Ridge, Tenn., Oct. 13, 1905."

TOASTED CORN FLAKES

Sanitas TOASTED CORN FLAKES

A New Kind of Food a Better Kind of Flavor

Aren't you tired of tasteless Breakfast Foods? Wouldn't you be pleased to find one that was new—different—better—one that would remain new and good indefinitely? Toasted Corn Flakes are that kind of food. They are delightfully thin, light and crisp, with a flavor more delicious than you ever imagined could be put into a breakfast food. Ask your grocer to send you a box of Toasted Corn Flakes for trial. Let the children have all they want. No food is so beneficial to health and strength—none so agreeable. Ten cents at all grocers.

Battle Creek Toasted Corn Flakes Company, BATTLE CREEK, MICH.

AFFAIRS AT SOUTH OMAHA

Council Orders Engineer to Proceed With Taylor of Missouri Avenue.

LIKELY TO BE STOPPED BY INJUNCTION

Sever Proposition From Stock Yards Company Received and Discussed Informally, But No Action Taken.

The city council took up the question of the paving of Missouri avenue. By a resolution the council ordered the city engineer to proceed with the work of paving the street from Thirtieth to Twentieth. He was instructed to make up of the material now delivered on the street and to secure other material. He has the power to employ the necessary men. It is the intention to take immediate steps toward the fulfillment of these instructions. The most probable thing is that the work will cease by reason of other injunctions.

The proposition of the Union stock yards on the street was confidentially expected and the representatives of the company were present. The council met in committee of the whole for five minutes at the close of the session to consider the question. No conclusion was reached and the matter was left over.

The applicants of damages by reason of the change of grade from P to J street on Twenty-seventh allowed no items of damage.

D. H. White gave notice that the firm of Oliver & White had desisted. The council ordered the city engineer to stop the work of the city printing.

George Folsom entered a claim for damages amounting to \$300 for personal injuries received at Twenty-seventh and J streets.

Charles Hagenmeyer demanded redress for injuries received at Twenty-ninth and E streets. He claimed to have fallen into the railroad cut which occupies the city in that vicinity. The city attorney reported unfavorably to the claim of James Austin for the death of his son from injuries received at the Avenue of the Republic.

A resolution was passed regarding the laying of the cornerstone of the city hall. The mayor and council will participate. The date of the ceremony was not fixed.

Several claims of various nature were allowed. The third partial estimate for the curbing and guttering of Twenty-third street was allowed, from the curb and gutter fund \$100.50 and from the curb and gutter fund \$100.50. The 10 per cent retainer on the paving of Twenty-fourth street was allowed. It was in favor of Parks, Johnson & Farber and amounted to nearly \$800. The third partial estimate for the storm sewer on Missouri avenue, amounting to \$1,287.85, in favor of Hoffman Bros., was allowed. Warrants for the grading of Thirty-ninth street, from Q to Y, were ordered. In favor of Dan Hannon. The amount was \$2,200. An ordinance for the grading of Thirty-first street was reported favorably and given second reading.

A warrant to reimburse the treasurer in the sum of \$5,212.10 for the meeting of obligations, due December 1 at the fiscal agency was allowed.

The new ordinance was introduced amending the old park bond ordinance so that the park bonds shall become a general obligation in such form that they may be marketable. It was referred to the judiciary committee.

A temporary brick walk was ordered for the east side of Twenty-seventh street, from S to Y.

The Standard Oil company was granted the privilege of special ordinance to erect any required series of tanks on its property, lots 12 to 16, in Clark's addition, being a Twenty-fifth and F streets. The ordinance is expected soon.

The salaries of the city officials and all the usual salary accounts were allowed. Dan Hannon was the only bidder for an issue of \$1,500 in district improvement bonds. The bonds were issued for the grading of Thirty-ninth street, from Q to Y.

Changes in Commission Firms.

It is commonly reported about the Exchange building that there is to be a change in the complexion of one of the

COLORED MEN FILE PROTEST

Resolutions Adopted Condemning the Mustering Out of Twenty-fifth Infantry.

The lecture room of St. John's African Methodist Episcopal church was filled Monday evening with representative men and women of the colored race, called together to protest against the summary discharge of three companies of the Twenty-fifth United States infantry, growing out of the gallant fight at Brownsville, Tex., on August 13.

The meeting was originally suggested by John Pegg to the Tri-City Association of Colored Ministers, and was later called by that organization on this suggestion by Mr. Pegg.

Rev. J. W. Wilson, pastor of St. John's African Methodist Episcopal church, was chosen chairman of the meeting and Rev. G. W. Rice of the colored Baptist church secretary. Chairman Wilson, who is an honorably discharged soldier of the civil war, spoke feelingly of the purpose which brought so many of the representatives of the colored race of Omaha, South Omaha and Council Bluffs together. He said, in part: "By reading the daily papers I find that the colored people are not alone in this feeling of indignation over this drastic action of the president. As a soldier of the civil war and for the preservation of the union I do not feel that my people should be imposed upon."

A committee on resolutions was appointed as follows: Rev. J. A. Bingham, Rev. N. E. Stewart, Rev. John Albert Williams, Rev. J. H. Morris, Rev. M. Q. Newman, Elias Robbins, Fred L. Smith, W. D. Taylor, H. V. Plummer and John Pegg.

While the committee was deliberating several short speeches were made. The committee on resolutions brought in its report as follows:

Whereas, President Roosevelt, acting upon the recommendation of Brigadier General Garlington, a southern officer, detailed to investigate the Brownsville, Texas, riot of August 13, 1906, reported to have been participated in by unknown enlisted men of the Twenty-fifth United States infantry in revenge for a brutal and unprovoked attack made by one Tule, an employer of the customs office, upon Private Newton and Lyles, in which riot one citizen of Brownsville was killed and another wounded and ordered the discharge, without honor, of the United States army and disbanded the regiment, in the face of a report that admits not only the innocence of many of the men so discharged and punished, but also the guilt of the president; and whereas, the president has taken this drastic and as we believe unjust action because of General Garlington's report

FIGHT OVER GARFARE BILL

Brocker and Sheldon Try to Table Ordinance Twenty-five Rides for Dollar.

Councilman Zimmerman's street railway ordinance providing for the sale of twenty-five tickets for \$1 was brought up yesterday afternoon at a meeting of the general committee of the city council, to which committee the ordinance had been referred to several weeks ago. Councilman Brocker moved to table the ordinance, and Councilman Sheldon seconded that motion. Before the question was put, however, Mr. Zimmerman made a vigorous plea in behalf of his measure, saying he was prepared to show from statistics gathered from twenty-five cities, that the Omaha & Council Bluffs street railway company could well afford to grant the public twenty-five rides for \$1. It finally was decided to hold the whole matter over until next Monday afternoon, when both sides of the question will be heard. President Whittier, General Manager Smith and Secretary Lander of the street car company were present and arranged to be heard next Monday afternoon, when the fate of Mr. Zimmerman's ordinance will be known. This ordinance will be a special order of business at that time.

An ordinance providing for the pay of three elevator conductors and four janitors in the city hall from \$5 to \$90 was lost in the committee room, the contention being that the men were engaged at that salary and others could easily be secured for \$5.

It was voted to allow City Attorney Zimmerman to sue the street car company for the amount of \$1,000 for the loss of each of the city's share of the work performed.

PROTEST ON ONE LICENSE

Revival of Old Trouble About the Saloon Located at 1419 Dodge Street.

The Board of Fire and Police Commissioners held a lengthy meeting Monday afternoon, during which a few new regulations were granted. There were about a dozen in the list, one of them coming in for a protest. This was the saloon at 1419 Douglas street, regarding the proprietorship of which charges were made before the Board several weeks ago by Elmer E. Thomas, attorney for the Civic Federation, but later withdrawn. It is now proposed to show John Blank is now the proprietor of the place instead of J. Pennington, who holds the license. A number of hard men were present with their lawyers. The hearing of the protest was set for December 17, it being alleged Pennington is too ill to attend.

The board decided upon application brought by Attorney Bralley to allow a license to Goodrich, Shea and E. R. Smith \$200 each for back pay. The men had been laid off the force because of lack of funds and then reinstated at the minimum wage before the board several weeks ago by Elmer E. Thomas, attorney for the Civic Federation, but later withdrawn. It is now proposed to show John Blank is now the proprietor of the place instead of J. Pennington, who holds the license. A number of hard men were present with their lawyers. The hearing of the protest was set for December 17, it being alleged Pennington is too ill to attend.

LIBRARY BUYS OF HOME MEN

Places Its Orders With Local Firm for Periodicals for Enslaving Years.

The library board held a meeting last evening. It was one which should have been held Friday. But the members were so busy that they could not have recovered sufficiently from the Thanksgiving turkey by that time, and hence advanced the meeting.

The principal business was the allowance of the month's bills, which amounted to \$2,125. In the amount was included the subscription for periodicals for the ensuing year, which were all placed with Omaha dealers.

LOCAL BREVITIES.

Francis Castle No. 85, Royal Highlanders, will give ball at its castle, Patterson Hall, Seventeenth and Fairmount streets, Thanksgiving evening.

A complaint was filed Tuesday morning against C. R. Jurgenon, 1021 North Twenty-first street, on the charge of the larceny of a \$2 bill from Henry Nelson at a saloon at 202 Cuming street Monday night.

The house of John Falconer, 269 Grand street, was broken into early Monday morning by bad men who had been prowling about the side of the building. The fire department was called and put out the fire, but not until damage to the extent of \$50 had been done.

The fire department was called out about 5:30 Tuesday morning to extinguish a fire in the plant of the Barber Asphalt Paving company at Fifth and Jones streets. A pot of asphalt had boiled over and had set fire to the roof of the building, but the blaze was extinguished without material damage.

The funeral of Joseph McCreedy, aged 28, who died at St. Joseph's hospital Monday morning after an operation, will be held from St. John's Catholic church at 4 p. m. Thursday, when the body will be taken to Holy Sepulcher cemetery for interment. Mr. McCreedy was unmarried and lived with his parents at 224 California street.

A complaint was filed Tuesday morning in police court by the county attorney against Henry Smith, Twelfth and Capitol avenues, on the charge of gambling. It is charged that Smith was allowing craps with Mary Smith, another colored resident of the neighborhood, and was receiving \$100 dollars from her by using loaded dice last three or four "evens."

NOVELTIES—Frenzer, 15th and Dodge.

Births and Deaths.

The following births and deaths were reported to the Board of Health Tuesday noon:

Births—John Purkin, 246 Woolworth; Lucy, Doris, Mena, twenty-fourth and Woodworth; boy, William Carmichael, 316 Barr; girl, Charles Ederer, 205 Bristol; girl, E. Burgeson, 215 First; girl, Josephus, 104 Union; boy, Charles Bull, 211 South Fourteenth; girl, Julius A. Hansen, 211 South Fourteenth.

Deaths.

The following deaths were reported to the Board of Health Tuesday noon:

Deaths—John Purkin, 246 Woolworth; Lucy, Doris, Mena, twenty-fourth and Woodworth; boy, William Carmichael, 316 Barr; girl, Charles Ederer, 205 Bristol; girl, E. Burgeson, 215 First; girl, Josephus, 104 Union; boy, Charles Bull, 211 South Fourteenth; girl, Julius A. Hansen, 211 South Fourteenth.
