New York Meney Market.

## GRAIN AND PRODUCE MARKET Various Factors (ambine to Lower Price

of Wheat Options. SELLING DEVELOPS IN THE DICEMBER

Larger Receipts Reported in Northwest-Prices Gradually Drop After Steady Opening-Firmer Feeling in Corn.

OMAHA, Nov. 23, 1905.

Wheat bulls struck snags today in the way of liquidation, seiling by some large interests and larger receipts in the northwest. After a steady opening prices granually sagged until December was accower and May see lower than yesterday. Another hearisti feature was king a sansas report, which made the crop saccook but more than the government report. The bulls tried to stay the decline by talk of a revival of export trade, but failed in their efforts.

Trade in corn was year little in fact if OMAHA, Nov. 28, 1905.

efforts.

Trade in corn was very little, in fact, it was almost nothing outside of the change in holdings from December to May, kecelpts continue light and the tendency of prices is upward. Closing prices were unchanged.

changed.

Primary wheat receipts were \$25,000 busnels and shirtments \$45,000 busnels, against receipts last year of \$25,000 busnels, against receipts last year of \$25,000 busnels. Corn receipts were \$15,000 busnels and shipments \$25,000 busnels and shipments \$25,000 busnels and shipments \$25,000 busnels and shipments of \$25,000 busnels. Clearances were \$21,000 busnels wheat, \$5,000 busnels and flour and wheat equal to \$14,000 busnels.

Liverpool clusted unchanged to 'ad lower on wheat and '4d higher on corn.

C. A. King's Kansas final report makes winter and spring wheat crop \$2,000,000 busnels and spring wheat crop \$2,000,000 busnels.

winter and spring wheat crup \$0,000,000 but, where the government indicated \$1,000,000 600 but King makes the corn 181,000,000 but, where the government indicated 204,000,000 where the government indicated 284.000,000 bu.

Broomhall cabled: "Owing to the free use of low-grade Russian and Danublan wheats British miliers are finding an increasing difficulty in selling bakers grades of flour. At Liverpool the price was officially reduced is per sack (280 lbs.) yesterday, but patents are scarce and in good depand. Good milling wheats are becoming very scarce and requirements will necessitate a larger demand upon the United States and Canada."

New York wired: "In regard to corn demand there is this to consider, that Liverpool weekly requirements are now only about ferty loads, where it used to need its loads. This shows how the demand for feed has been reduced."

CHICAGO GRAIN AND PROVISIONS

Pentures of the Trading and Closing CHICAGO, Nov. 28.—Fear of heavy deliveries on December contracts Saturday caused renewed hquidation in the local wheat market today and resulted in december being off %0.0c. torn was up 1,000. Oats were down 1,000. Provisions of 1,000. Provisions on 1,000. Oats were down 1,000. Provisions of 1,000. Oats were down 1,000. Provisions of 1,000. Oats were down 1,000. Provisions of 1,000. Oats were down 1,000. On 1,000. Oats were down 1,000. Provisions of 1,000. Oats were down 1,000. O Prices on Board of Trade.

The sales in the December option con-fined throughout the flay and while more general in character than at any time turing the last two weeks. There was general in character than at any time ouring the hast two weeks. There was also considerable changing from December to May by commission houses. The principal demand came from shorts. One of the chief reakons for the selling of the December option was an estimate by a focal commission house that over \$1,60,00 bushols will be delivered on the first of the month in December contracts. The fact that total primary receipts for today exceeded those of the corresponding day one year ago, had some effect in weakening values. Receipts today at Minneapolis and Duluth were larger than last year, but this was secounted for by the fact that a severe bilizard sail year caused a train blockade and prevented deliveries. Prices sagged during the day, the final quotations being close to the lowest point. December opened a shade lower, at This 75kg, 80kg at 73kgc, declined to 75kg and closed weak at 13kgf72kg. May ranged between 75g73kg and closed at 12kgf82kg. Clearances of wheat and flour were equal to 51,400 bushels. Primary receipts were 85g,000 bushels, against 33,000 bushels inst year. Minneapolis, Duluth and Chicago reported receipts of 57s cars, against 33s cars last week and 53s cars a year ago.

Despite the weakness of wheat the corn market was firm all day. There was a good demand for December by commission houses and cash interests, but offerings were light. The firmness was due to the small amount of contract corn in Chicago and the fact that local receipts are running very light. The market closed firm. December opened unchanged to 43kg and closed at 43kg/43kg. May held between 43kg/43kg and 4c and closed at 63kg and closed

Thanksgiving day. The leaving lutures ranged as follows:
