FRENCH DEEPLY INTERESTED San Francisco Affairs Attract Attention of Paris on Sensational Report.

PARIS, Dec. 1.—Great interest is manifested here in the situation growing out of the exclusion of Japanese children from the public schools of San Francisco. Some of the French newspapers take a stirring view of the matter, and are making statements based on reports from Paris from the far east as saying that a clash between Japan and the United States is inevitable. The Japanese legislation today issued a reassuring note, declaring that the paroxysm of popular anger represented an exaggeration of the situation.

"Naturally it is a matter of national pride that our countrymen be permitted to enjoy the rights accorded to them by treaty, but we appreciate the local conditions and the confidence in the ability of the Washington government to arrange with California for a recognition of our rights. There is no thought of war. The best proof that the situation is not regarded in Japan as being grave is the fact that the legislation here has not received the usual messages from the emperor. Had Tokio been preparing to make a demonstration or to do anything of international importance the legislation would have received warning instructions."

California at Berlin. BERLIN, Dec. 1.—Messrs. Smitz, Thomas and Derhmann, three representatives of the insurance companies who have not been paid by three German companies and one Austrian company, have arrived here and are making the necessary official calls and looking over the field before pressing the companies for settlement.

State Board is in Session. The State Board of Educational Examiners is in session today at the state house. State Superintendent John P. Riggs presides over the board. The board will examine applicants for certificates to teach at the examination held in October, which was the first held under the new law, and that of these applicants 55 were successful in getting some kind of a certificate. The average age of those who failed was 19.5 years. The board will also examine the reports of the teachers in the state and at these special examinations 14 were successful in getting provisional certificates, good only for the next regular examination. The cost of the examination to the state for readers to examine the papers was \$115. Minor changes in the state law are recommended by Prof. Riggs and the board's advice asked concerning detail matters regarding enforcing the law.

Proceeds for Buses. The supreme court today issued a precedent in the Lewis Busse case, which is virtually ignoring of the claim of Busse's attorneys that they have sixty days in which to file a motion for a rehearing of the case. The date of Busse's hanging is fixed for December 14. An application will now be made to the governor for a respite to give time to perfect the motion for a rehearing.

Sorenson and Hodge Guilty. Andy Sorenson and Frank Hodge were found guilty by a jury in the federal court today of safe burglary in robbing the post office at Van Meter, Ia. This is the second conviction. On the first conviction they were sentenced to ten years in the penitentiary.

Explosive Jury System. Alderman Hamery of this city, who has been given some prominence as street lead the general manager of the street railway into a trap and then filed charges of bribery against him, today went to the district court and demonstrated that the public county method of drawing juries is a farce by drawing five times in succession the names of the jurors in the same order. Alderman Hamery would not say that the last selection of grand jurors was a put up job, but some of his friends are said to be conservative in their statements as to the fact that the three men on the old grand jury, who opposed the bringing in of an indictment against General Manager Hippe, were selected on the new jury for the November term, while the four who favored the indictment were left off. Alderman Hamery promises to make the demonstration before any body of citizens to prove that not only the selection of the grand jurors can be manipulated, but the selection of the petit jury.

Some one walked over my grave" is a common remark that follows a shudder. The shudder may be the first sign of a cold, and is caused by the checked circulation of the blood. The use of "Seventy-seven" restores the circulation, starts the blood coursing through the veins and breaks up the cold.
