TROUBLE OVER USE OF LABEL

Member of Tailors' Union Has Warrant Issued for Arrest of Anton Lundgard.

DEFENDANT CONDUCTS AN OPEN SHOP

Says Label Was Placed on Garment Without His Knowledge by a Union Tailor Who Made the Garment for Him.

Anton Lundgard, a tailor on North Main street, was made defendant yesterday in the first case ever brought in Council Bluffs for the alleged unlawful use of the union label. The information was filed in the court of Justice Gardiner, Louis Koss, a tailor employed at the John Oliver shop, being the complaining witness. The charge, it is said, was brought by Koss at the instigation of the Journeymen Tailors' union.

In the information it is alleged Lundgard attached a union label to a suit of clothes sold to Charles H. Banther, manager of the New theater. The complaint is based on an act of the Twenty-fourth general assembly applying to labels and trade marks which have been properly registered with the secretary of state and which reads as follows:

It shall be unlawful for any person or corporation to imitate any label, trade mark or form of advertisement, as provided in this act, or to knowingly use any counterfeit or imitation thereof, or to use or display such genuine label, trade mark or form of advertisement, or the name or seal of such persons, union or association, or officer thereof, unless authorized so to do, or in any manner not authorized by him or it. Any person violating any provision of this section shall be imprisoned in the county jail not more than thirty days, or be fined not less than $35 nor more than $100.

Lundgard conducts what is known as an open shop, but has union men working for him. Lundgard, who was placed under arrest and gave bond for his appearance next Tuesday morning, declared that he was wholly unaware that the label complained of had been attached to the suit made for and sold to Mr. Banther. It developed, however, that James Goddard, a tailor working for Lundgard, who is a member of the union and who made the suit, tacked on the label. Goddard claimed that, being a member of the union, he had a perfect right to attach the union label to all garments made by him. "Falsely using the union label" is the technical charge made against Lundgard.

Work on Creek Completed.

The work of widening and deepening the channel of Indian creek from Sixteenth avenue to Eighth street, for which the railroads centering in this city subscribed a fund of $20,000, has been completed and the fund has been exhausted. The last shovelfull of dirt was taken out yesterday.

Most of the dirt removed from the bed of the creek was disposed of by the city to persons wanting lots filled, and by this means $2,500 was secured. This money will be utilized next spring in redredging the creek below Sixteenth avenue in order that the water may have a clean sweep to the river.

The plan of getting the railroads, whose tracks and bridges cross the creek, to furnish the money for the work was evolved by Councilman Maloney, and he has been in direct charge and supervision of operations from the day the first shovel was put into the mud until the job was completed yesterday. It is expected that the work done will keep the creek clear and avoid danger of the previous periodical overflows. Wherever possible the railroad bridges were raised, so as to avoid obstructing the flow in times of high water.

Loses Foot Under Engine.

W. H. Lynch, a mail man in the employ of the Burlington at the transfer depot and living at 1109 Eighth avenue, met with an accident while on his way home from work last evening which will result in the loss of his right foot. Walking along the railroad tracks he stepped out of the way of a switch engine and did not notice another engine coming the other way on the adjoining track. He was knocked down and the wheels of the engine passed over part of the foot, crushing it. He was taken to Mercy hospital, where it was stated that the injured member would have to be amputated.

AGENT OF BREWING COMPANY GONE

Accounts with His Employers Said to Be in Bad Shape.

Adolph Goldstein, who has been local agent for the Fred Miller Brewing company of Milwaukee for the last year, has been absent from the city for several days and it is said that his accounts with the company are in bad shape. L. Kurz, a representative of the Miller company, is here from Milwaukee and is at present engaged in checking up Goldstein's accounts. Mr. Kurz yesterday stated that his investigation so far showed that Goldstein was indebted to the company about $4,000. How much of this was due to failure to keep up collections and to cutting of prices to increase the business here, Mr. Kurz said he was unable at present to state.

It was stated also that Goldstein was indebted to other firms in this city to the amount of about $3,500. The report that one of the local banks was also a heavy creditor of the absent man could not be authenticated last night. Goldstein's friends express the opinion that his absence from the city is only temporary and that he will return and straighten matters up.

Investigating Stubbs Case.

B. W. Garrett, pardon secretary to Governor Cummins, was in the city yesterday morning from Des Moines in connection with the application for a pardon for David T. Stubbs, former cashier of the Citizens Gas and Electric company, which the latter's friends have filed with the governor. Mr. Garrett inquired into the circumstances which led to Stubbs' sentence to the penitentiary and talked with County Attorney Hess, Judge Green and other officials. The fact that Mr. Garrett was sent here to make this investigation leads Stubbs' friends to expect that Governor Cummins will grant the pardon petitioned for and that Stubbs will be able to be with his family Christmas.

Park Depends on Question of Law.

The members of the Park board and the Board of Education met yesterday afternoon at the Twentieth avenue school and looked over the grounds belonging to the school, which it is proposed to be turned into a public park for the residents of that section of the city. The grounds belonging to the school comprise one acre and are and have been for several years used merely as a cow pasture. Residents of that vicinity asked that they be made into a public park. The Board of Education is willing to comply with the request and the Park board is willing to take charge of the grounds, provided the Board of Education has the legal right to convert the grounds to such use and turn them over to the Park board for such a purpose.

The legal side of the question, it was decided, to refer to the city solicitor and pending his opinion nothing further will be done in the matter.

Our business was established nearly 20 years ago (1888). Both Phones 217.

We loan on horses, cattle, household furniture and other chattels.

Our reputation and the business we enjoy is the result of fair and liberal treatment of our patrons during these 20 years. Our rates are uniformly lower than other offices. Our loans are made in our own name and never sold or negotiated. Remember our new offices are opposite side of the hall from our old office, are conveniently arranged with private consulting rooms. We wish to warn the public that we have no connection with the firm doing business under the name of the Clark Mortgage Co., now occupying our old office. It is a compliment we appreciate giving our name to their business, but it is confusing to the public.
