It Is Undeniable That Pe-ru-na Is a Cure For Catarrh

Rev. J. B. McLaughlin, 416 5th St., N. W., Washington, D. C., former City Attorney of Little Rock, Ark., now an attorney residing in Washington, writes: "Catarrhal Complaint in all its various forms is so general, that the public should be informed of a remedy for the same. It is undeniable that Peru-na is a cure for that disease. From experience and general knowledge of its beneficial use I have no hesitation in giving it my earnest endorsement and recommendation."

CATARRH soon destroys the elasticity of the mucous membrane, producing a flabby condition. This leads to watery secretions, sometimes thickened mucus, and constitutes altogether a very disagreeable condition. It makes no difference whether the catarrh is confined to the nose, head or throat, or whether it is located in the lungs, stomach or bowels. The essential condition is the same. Anything that tones up the system tends to the relief of the catarrh. Anything that purifies the system helps to clear away the poisonous secretions from the body. Peru-na has a world-wide reputation as a catarrh remedy. We have many testimonials from all parts of the country and from all walks of life, attesting to the benefit of Peru-na in catarrhal diseases. Mr. Boss Craig, Fork Vale, Tenn., writes: "I had catarrh of the head for two years and had abandoned all hopes of being cured. To my surprise Peru-na cured me sound and well."

CHRIST, WAY OF SALVATION

Belief the Only and Sure Way to the Life Which is Eternal.

FRIDAY BANNER DAY FOR MISSION

Children's Meeting in the Afternoon Results in Three Hundred and Fifty-Four Conversations and Number at Night.

That belief in the Lord Jesus and a faithful and conscientious practice in that belief is the only way of life and the only source of salvation for one's soul, was the gist of the address of Dr. Torrey at the Auditorium Friday night, when thirty-five persons voluntarily arose and proclaimed their conversion, while many more were persuaded to confess their conversion by personal persuasion of members of the personal workers committee.

Friday proved a banner day for the Torrey mission, as 154 children confessed to their belief in Jesus Christ at the afternoon meeting of the mission, and the audience which greeted Dr. Torrey in the evening taxed the capacity of the Auditorium. The main floor was crowded and there was an overflow of several hundred into the balconies.

The subject of the eminent divine at the evening meeting was, "The Way of Life Made as Plain as Day." The speaker presented a logical and forceful argument, and was somewhat handicapped in his efforts by a severe cold. In prefacing his remarks Dr. Torrey said: "God tells us the way of life in Acts, xiv, 17: 'Believe in the Lord Jesus Christ and thou shalt be saved.' These were the words of Paul to the Philippian jailer who cried for light as to the true path to salvation. God saves anybody who believes in the Lord Jesus Christ shall be saved the minute he believes."

Watch Your Thirty Feet of Bowels!

YOU have thirty feet of Intestines! What makes food travel through them?

A set of Muscles that line the walls of these Intestines or Bowels. When a piece of Food rubs the walls of the Intestines these Muscles tighten behind it, and thus it starts a Muscle-wave which drives it through the whole length of the Bowels.

It should take about 12 hours to do this properly, so that nutritious parts of the food may have time to be digested and absorbed.

But, if it takes twice or three times that period the food spoils in passing, and becomes as poisonous as if it had decayed before being eaten.

Now, the cause of delay (Constipation) is simply Weakness, or Lateness of the Bowel-Muscles.

Want of Exercise, Indoor Employment, weakens these Bowel-Muscles, just as it weakens Arm and Leg Muscles.

"Physio" like Salts, Calomel, Jalap, Phosphate of Soda, Mineral Water, simply flush-out the Bowels for the one occasion only.

They do not remove the Cause of Constipation.

But this is different with Cascarets.

Cascarets act on the Muscles of the Bowels and Intestines. They act just as Cold Water, or Exercise act on a Lazy man.

They act like Exercise.

A Cascarets produces the same sort of Natural result that a Six Mile walk in the country would produce.

AFFAIRS AT SOUTH OMAHA

New Hospital Building is Rapidly Nearing Completion.

PUBLIC INSPECTION BEFORE OCCUPANCY

Mrs. Pivonka Proposes to Stop Latest Plan for Construction of Sewer and Cite Councilmen for Contempt.

The erection of the South Omaha hospital has progressed to such a point that the management is looking forward to the occupancy of the building about Christmas. The carpenters are busy putting down the floors, which work is now nearly completed. Some delay is feared from the fact that the material for the stairways has not been received. The heating apparatus has been put in place and the electric wiring and plumbing have progressed as far as the other work will permit. A few minutes spent in the building would give a good idea of the completeness and neatness of the new establishment. For this purpose a large reception will be given by the association before the building is occupied.

The basement rooms are to be used as quarters for the nurses, for the heating, the kitchen and dining rooms. The nurses' rooms are large and convenient, each having a closet for wearing purposes in connection. The kitchen is to be fitted up in excellent style. Under the front porch will be the vegetable cellar and the refrigerator. The first floor of the building is occupied on the east side by the hospital office, the doctors' dressing and waiting rooms. The other rooms on this floor will be patients' quarters. On the second floor the rooms are all given over to the patients. There is a large rest room for convalescent patients. In the attic a room has been fitted up for the sleeping apartment of the operating room, where she may be away from the noise. Beside the larger rooms, all of which are models of neatness and provided with noiseless swinging doors, there are numerous closets and a large bath room on each floor. The kitchen is provided with a dumb waiter, which carries meals to each floor. There is also a laundry chute, which carries all soiled clothing to the wash room in the basement. In the attic a system of lockers has been provided for the clothing of patients. W. S. King, the president of the association and chief engineer of the Union Stock Yards company, said it was one of the best constructed buildings in the city and was being erected very cheap. He is spending a portion of each day at the building, urging the rapid completion of the work.

More Sewer Litigation. P. J. Breen of Omaha, who has been the lawyer for the plaintiffs in the suit of Magdalena Pivonka and others in which the city officials of South Omaha were enjoined from carrying out sewer contracts, was in the city yesterday looking over the new proposition by the Union Stock Yards company. He declares that the whole council or the members who voted for the latest resolution, and the mayor and treasurer, if he can be included for having positive faith in the stock yard check, will be demanded for contempt of court. He said the proceeding of the council was irregular for the reason that one of the councilmen was not notified of the special meeting. Besides this, he challenges the right of the city treasurer or the council to receive a donation which shall not be distributed proportionately to all the parts of the sewer system. James Pivonka says that he is watching the action of the council and will himself institute proceedings if the city treasurer and the council are said to have been filed before the district court yesterday praying for an order of the court citing the defendants for contempt. This petition has not yet been acted upon and the trial for contempt may not come before the next term.

Box Car Robbed. A boxcar was robbed of \$25,000 worth of freight goods on Thursday night. The car was loaded with consignments for local dealers. The doors were forced open and a crew of crooks was taken which was consigned to S. E. Goldstrom. One hundred and fifty pounds of dressed hams, consigned to Armour & Co., were also carried away. The police have made no arrests in the case. This class of thefts is growing to an alarming degree in the city.

Condition of City Cash. The city treasurer has perfected his monthly statement of the city's funds. By it he shows that there is at the present time on deposit \$261,282.92 as a net balance December 1. During the month the treasury received, through collections and other sources, \$2,175.56. The disbursements were \$23,000. At the beginning of the previous month the net balance was \$284,000. These figures will be swelled to a great degree by the collection of the city taxes during the next few days. The balance January 1 will be close to \$400,000.

Sunday Services. Most of the churches will suspend the evening services that their members may attend the morning services. The regular morning services will be conducted. "A Look Forward" will be the topic of Rev. Andrew Benwick at the United Presbyterian church. Dr. R. L. Wheeler will preach on the topic, "The Sheep in the Parable," at the Lutheran church. W. B. Check, W. B. Tarr and Dr. C. M. Schindler, of the two St. Paul churches, will preach at the English Lutheran church next Sunday morning. A welcome extended to all.

Country Club Election. At the annual meeting of the South Omaha Country club, held in library hall, Thursday evening, the following directors were elected: For three years, W. B. Check, W. B. Tarr and Dr. C. M. Schindler; for two years, C. W. Sears, E. V. Arnold and A. Powell; for one year, W. F. Fisher, Mike Calkin and Otto Raakowit.

It was also voted to increase the initiation fee to \$5, effective February 1, and to increase the annual dues to \$10 per year, effective January 1.

Considering the fact that extensive improvements are to be made next spring on the golf course, these new rates, which were considered advisable and are in line with the policy being pursued by other clubs. The consensus of opinion among the members is that the South Omaha Country club, even with the increased initiation and dues, is well placed to enjoy the spread here being published and posted on the walls of the association rooms.

DISCUSSING LABOR LAWS

Need Considerable Amendment to Make Most of Them Effective.

Deputy State Labor Commissioner Bush appeared before the Central Labor union last evening and participated in a discussion of the state child and female labor laws, their enforcement and violation in Omaha, and of the needs of amendments to that law during the next session of the legislature. Mr. Bush's visit last evening was due to a discussion on the labor laws at the last session of the union.

It was generally conceded last evening that the present child and female labor laws of Nebraska are weak in that the commissioner is required to serve a notice of thirty days on the offending employer, and not unless said offender refuses to comply with the time stated to comply does the commissioner have any authority to prosecute.

In the matter of securing a conviction, Commissioner Bush has found that the women who are compelled to work more than the legal hours and the parents of children working in violation of the law will not testify against the employers.

The discussion on the labor laws brought up the allegation that some Omaha laundries are violating the female labor law by working women more than thirty hours per week and that right under the notice of officers of the Laundry Workers' union and delegates to the central body. It was suggested that the central body had some legislative line to wash as well as the literal line being washed in violation of the state labor laws by Omaha laundries.

The result of the talk was that the law committee was directed to investigate the charges against the laundries and co-operate with the labor commissioner in drafting suitable labor laws for the state. Mr. Bush, in his talk, suggested that the growth of Nebraska and Omaha warranted the employment of an inspector for Omaha to go through the factories and co-operate with the labor commissioner and see that these laws are strictly enforced in Omaha.

A motion that the ballots cast at the recent Central Labor union election endorsing certain political candidates voted for on November 4 be destroyed developed the fact that the board appointed to canvass the vote had thus far failed to do so, and one member thought that the endorsement cards should be destroyed.

DAVIDSON ANSWERS BAILEY

Documents Published Showing Financial Transactions Between Texas Senator and Oil Magnate.

AUSTIN, Tex., Dec. 5.—In answer to a statement issued last night by United States Senator Joseph W. Bailey in which Senator Davidson demanded of Attorney General Davidson all documentary evidence in his possession which tended to prove that he (Bailey) was paid by the Standard or Waters-Pierce Oil companies or by H. Clay Pierce of the Waters-Pierce Oil company for services rendered, Attorney General Davidson made public a statement tonight which contains all vouchers, notes, letters and drafts in his possession and upon which he based his charges against Senator Bailey. In his statement Mr. Davidson declares that he has co-operated in any movement to prevent Senator Bailey's re-election and affirms the authenticity of the documents upon which his charges were based.

The first voucher was dated at St. Louis June 30, 1906, and is on the Waters-Pierce Oil company, to H. Clay Pierce, debtor, for demand for \$2,000, to Joseph W. Bailey, and is endorsed "account Texas case."

Another is on Henry & Stribbling of Waco, Tex., on account of expense in trust civil case of State of Texas against Waters-Pierce Oil company at Waco, \$2,000. In connection with this voucher is the following:

LAKE NEBAGAMON, Wis., June 12.—To Andrew Johnson, Esq., Attorney at Law, for \$2,000, dated Washington, March 1, 1906. H. C. PIERCE.

The following notation written on telegram: "S—draft drawn by Bailey for \$2,000."

Another voucher read: "Waters-Pierce Oil Co. to H. C. Pierce, debtor, amount paid J. W. Bailey, account Texas case, \$200."

Among other documents is a note signed by J. W. Bailey, payable to H. C. Pierce, for value received; a letter signed by J. W. Bailey, addressed to H. C. Pierce, asking him to send New York exchange for \$750, and another addressed to J. P. Gruet, secretary, and signed by H. C. Pierce, president, as follows:

Please send New York exchange for \$750 for Joseph W. Bailey, Galvestone, Tex., and charge against legal expense account of Texas legislation.

I sent this amount personally to Mr. Bailey in response to his inclosed letter of March 28. Since then Mr. Bailey has returned the amount to me and it is now proper for the company to make this payment. Attach Mr. Bailey's letter to your voucher and merely inclose draft to him without voucher. His inclosed letter will do your voucher.
