PULLIAM SUCCEEDS HIMSELF

President of National Base Ball League Re-elected with Little Opposition.

SCHEDULE COMMITTEE IS APPOINTED

It Is Instructed to Prepare for 154 Games and Report to Meeting to Be Held in March.

NEW YORK, Dec. 12.—Harry C. Pulliam was re-elected president at today's session of the annual meeting of the National League of Base Ball clubs. John Heydler, who for some time has been private secretary to President Pulliam, was chosen secretary and treasurer, the constitution of the league providing that either one or two men may be chosen to fill the three offices. The following board of directors was elected:

Barney Dreyfuss of Pittsburg, Charles E. Ebbetts of Brooklyn, Garry Herrmann of Cincinnati, Charles W. Murphy of Chicago and George R. Dovey of Boston.

A committee on constitution was appointed, consisting of Messrs. Brush, Herrmann and Ebbetts, while Messrs. Dreyfuss, Hanlon and Murphy were named a committee on playing rules.

There was considerable discussion on the question of uniform tickets for all of the clubs. Messrs. Ebbetts, Dreyfuss and Brush were appointed a committee to arrange for such a ticket.

An amendment to the constitution was adopted providing that ball parks shall have properly equipped dressing rooms for the visiting clubs. For failure to keep the rooms in order the club will be fined $25 a day, upon the complaint of the visiting club.

Election of Officers.

When the election of officers came up, President Pulliam called Garry Herrmann, president of the Cincinnati club, to the chair. Mr. Pulliam was then nominated to succeed himself by M. S. Robinson of St. Louis, and the nomination was seconded by Charles E. Ebbetts of Brooklyn.

At this juncture Mr. Herrmann declared:

The Cincinnati club will not vote on the proposition of election of a president, but as president of the Cincinnati club, I desire to say that in the event of the election of Mr. Pulliam he will have the unqualified support of the club, and especially will he have the earnest support of the Cincinnati club in the enforcement of discipline on the ball field.

There were no other nominations for president and the roll was called. Six clubs voted in favor of Mr. Pulliam. New York, through John Brush, voted "No," and Cincinnati did not vote.

Heretofore the president of the league has made out the schedule, but the meeting decided that this officer had enough work to do and a schedule committee consisting of Ebbetts, Dreyfuss and Murphy was appointed to attend to that important work and to report at the spring meeting in March. The committee was instructed to meet the American league and vote for a schedule of 154 games. This is the same number of games called for in last season's schedule.

The meeting will be continued tomorrow.

Banquet for Conan and Soden.

The retirement after thirty years of base ball activity of William H. Conant and Arthur H. Soden was the occasion of a testimonial dinner at the Waldorf-Astoria tonight, tendered the former owners of the Boston club by the magnates of the National league. Each of the veterans was the recipient of a loving cup. President Pulliam presided and in a speech declared that base ball owed more to the guests of the evening than could ever be repaid.

Mr. Conant and Mr. Soden responded feelingly, the latter offering the toast: "May the National game outlive the youngest man here."

MEETING OF AMERICAN LEAGUE

Salary of President Johnson Raised to $15,000 a Year.

CHICAGO, Dec. 12.—At the meeting of the American Base Ball league today the salary of President Ban Johnson was increased from $10,000 to $15,000 a year. This action was taken upon the motion of Charles Comiskey of the Chicago club.

The question of shortening the schedule to 140 games instead of 154 as prevailed last season was the principal subject discussed at the gathering, but after a lengthy discussion it was decided that the 154 games were necessary, so the schedule next year will remain the same as last year.

Charles W. Summers of the Cleveland club was re-elected vice president of the league. There was no election to the presidency, President Johnson's term of office does not expire until 1910.

The new board of directors appointed consists of the representatives of the clubs from Boston, Philadelphia, St. Louis and Detroit.

With the conclusion of this business it was the general opinion that the meeting would reach final adjournment, but it was decided to hold another meeting tomorrow.

Reports of the exchanging of players were numerous, but up to a late hour tonight there was no one who knew of any of the proposed deals having been closed. The disposal of Jake Stahl, former manager of the Washington team, was the chief figure in the bartering game, several of the clubs being anxious to secure his services. Jimmy Collins, for many years manager of the Boston team, was also wanted by two or three of the magnates, but so far none of them has been successful in making a trade for this player.

At the meeting of the directors, which was held before the annual gathering, the championship pennant for 1906 was awarded to the Chicago team.

MISTAKE OF HERMAN BACKERS

Error Made in Allowing Gans to Modify Weight Clause.

Kid Herman's manager seems to have made a serious mistake in allowing Joe Gans to insert that $2,000 conditional weight clause. Otto Floto sums the case up as follows: "A great deal of interest in the approaching light weight battle between Kid Herman of Chicago and Joe Gans, the present champion, has been taken away by the action of Gans in inserting in the new articles of agreement that if either man is over weight he must forfeit $2,000 and agree to fight just the same. There is no chance for Herman being over weight, for he is much the smaller man and can easily make the legitimate limit—133 pounds ringside—so that the new proposition must be for the benefit of Gans and not Herman. It means that Gans has all the better of the weighing bargain, although when the match was made he appeared to be giving way to Herman in everything. At the legitimate light weight limit Herman was gaining friends, because they knew that Gans would have hard work making 133 pounds two hours before the contest, especially in colder weather than when he worked for his bout with Battling Nelson. They were willing to take the Herman end of the contest, but under the new conditions the chances are that few bets will be made on the Chicago boy. Gans need not worry about making weight now, for he can forfeit the $2,000 and go into the contest strong and weighing nearer the welter weight limit than the light weight. To a man at the ringside Gans will mean a big advantage, and the wonder is that Nate Lewis, manager of Herman, ever stood for such a change in the articles. Gans could well afford to forfeit $2,000 when it would practically mean the long end of the $20,000 purse for him. Herman is training faithfully for the battle, and his friends would be pulling all the harder for him to win now since Gans has seen fit to impose conditions that will give him all the better of the argument. It only goes to prove that Billy Nolan, manager of Battling Nelson, was a pretty shrewd fellow and knew what he was about when he made Gans toe the scratch regarding weight conditions and the like, even though he did make himself unpopular with the sporting public. If Herman could do the same thing now, his chances of winning would be much brighter. It only demonstrates once more the old saying that a match well made is a match half won."

Here is what the Milwaukee Sentinel thinks of Scrappy Jack Doyle:

"A good many of the local patrons and admirers of the Brewers thought that when Joe Cantillon left Milwaukee the mainstay of the club had been withdrawn. This was true, but in a modified way. Joe Cantillon is a great manager. No better evidence of the fact is presented than that his managerial services command a salary of $10,000 a year, but Scrappy Jack Doyle, who has recently been selected as his successor, is no mean rival in ability.

"The new manager knows base ball from beginning to end. He has engaged in all branches of the game, from player to manager, and he has been among the best in all those branches. He has many of the characteristics that Cantillon possesses and consequently may reasonably be expected to make a worthy successor to the former manager.

"With a real scrappy manager at the head of the team there is no reason to fell at all alarmed about the Brewers next season. If local patrons will give the team support and loyalty Jack Doyle will look after the rest of it."

The injury to Jensen's arm, which was sustained in his boxing bout Tuesday night with McMahon, may keep him out of his fight with Kid Campbell a week from Friday. Jensen is a game youngster and nothing but a fracture will keep him from fulfilling his engagement on the appointed day.

The skating season on the ice is again set back by the coming of the warmer weather, for the ice on the lakes is so thin it will not stand much of a thaw and yet carry the skaters. No attempt has been made to fill the new rink at Twentieth and Farnam streets, as the proprietors are waiting for the coming of real winter when the water will be turned on and the youths will have an ice rink in the heart of the city. Roller skating will be resumed Saturday and next week the devotees of the ball-bearing skates will have the Auditorium all to themselves.

The incomparable and eccentric Rube Waddell was recently in custody for nonpayment of a board bill, but escaped his rural captor by jumping into an automobile and hiking for parts unknown. The seeming simplicity of the Rube is a good disguise for one who is thoroughly "city broke."

BICYCLE RIDERS STILL BUNCHED

All Attempts to Gain a Lap for Special Prizes Fail.

NEW YORK, Dec. 12.—Interest in the six-day bicycle grind around the ten-lap track of Madison Square Garden has not flagged since the start, shortly after midnight last Monday morning. The attendance so far is away ahead of all previous races here, although the riders are many miles behind the record.

At 9:30 tonight the management closed the ticket office and refused to admit any more people into the building arena, as the police authorities were afraid of a panic on account of the congested condition in the Garden.

The score at midnight was 1,291 miles and 4 laps for all teams excepting Walthour and Bedell, who had covered 1,291 miles and 3 laps. The record at this hour is 1,416 miles and 8 laps, made by Miller and Waller in 1899.

WITH THE BOWLERS.

The Gold Tops met their Waterloo last night on the Metropolitan alleys. The little El Caudillo team took two games from them. The playing of neither was brilliant, but for closeness it was the best of the season. C. Primeau of the Gold Tops, after starting out bad, picked up considerable in his next two games by getting two 200 scores and being high for three games with 538. Bauman, Paxton and Hinrichs just did scratch at their 500. Tonight the Colts versus O'Brien's Monto Christos.

GOLD TOPS.

RAYNER ON THE JAPANESE

Maryland Senator Defends Course of School Board of San Francisco.

EXPRESSES FEAR OF EXECUTIVE POWER

In Speech in Senate Course of President in Matter of Oriental Attendance at Schools is Attacked.

WASHINGTON, Dec. 12.—Much interest was manifested in the senate in the position defended by Senator Rayner today in his discussion of the Japanese question. He contended that the inherent right of a state could not be violated by treaty any more than they could be violated by congress. To support this he cited many adjudicated cases before the supreme court and arrayed long lines of eminent authorities.

Mr. Rayner also gave the cases and authorities of the other side to the proposition. He was interrupted many times in this constitutional argument by senators who wished to bring out specific points. Mr. Rayner spoke for more than an hour.

Caustic criticism of President Roosevelt's position of the Japanese question prefaced Senator Rayner's discussion in the senate today of the constitutional questions involved. If the military and civil forces of the federal government were to be used by the president, Mr. Rayner said, it became very important to know the exact power of the president in the matter. "Because," he added, "it is quite a serious matter in view of the great calamity that has lately befallen the city of San Francisco for the president to contemplate the bombardment of the city at this time and declare war against the boards of county school trustees of California if there is no justification or pretext upon which such proceedings can be undertaken. If he can take possession of the public schools of California and compel the state to admit the Japanese students contrary to the laws of California, he could with equal propriety send us an amendment to the Santo Domingo treaty and demand the admission of the negro children of Santo Domingo into the white schools of South Carolina or of any other states of the union.

Position of Speaker.

"Of course, if the people have come to the conclusion that everything that the president recommends is right then there is hardly any use in contesting any of his propositions and instead of conferring upon him the power to give congress information of the state of the union we might confer upon him the function of furnishing his own peculiar views upon the entire state of the universe and recommending any improvements or changes in the general plan of creation that he may deem expedient from the cradle to the grave."

Mr. Rayner proposed, he said, to plant himself on these two propositions:

First—That there is no provision whatever in the treaty with Japan that confers the right that the president speaks of or gives to the government of Japan the privileges that it claims in connection with the public school system of California or of any other state.

Second—If there was such a provision in this treaty, or any other treaty conferring this right, the treaty would be void and without any authority upon the part of the United States to make it and in violation of the constitution and the treaty making power of the government.

PROCEEDINGS OF THE HOUSE

Public Printer Instructed to Use Usual Orthography in Documents.

WASHINGTON, Dec. 12.—The house today began the consideration of the legislative, executive and judicial appropriation bill by paragraphs and completed thirty-four pages of the bill before adjournment. Several hours were consumed in debating an amendment referring to simplified spelling, with the result that the original provision on that subject was eliminated and another amendment adopted. The new provision instructs the public printer to use the orthography generally recognized by the standard dictionaries. The house adjourned at 4 p. m. until tomorrow.

For hours today the debate on simplified spelling held the attention of the house and a score or more members took part in the discussion.

Representative Crumpacker of Indiana made a point of order against the original paragraph in the bill which provided that public documents should be spelled as Webster's or other generally accepted dictionaries spell them.

This provision was held to change existing law and the point of order was sustained. Representative Bingham of Pennsylvania, in charge of the bill, then offered an amendment with the above provisions, which was adopted.

During the discussion Mr. Sullivan of Massachusetts remarked that if the president by "imperial ukase" could change the spelling of 300 words of the English language he would have the authority to change 30,000 words, or every word in our language.

If this could be done, he thought a new court language might be established by legislative decree for the new American empire.

"We got along very well with the English language until the reign of the present president of the United States," said Mr. Sullivan.

Representative Lacey thought the paragraph as originally reported should remain in the bill. He said the new words were offensive to the eye, but "perchance by constant association we might get used to them."

"To put them by executive order into the laws of the land before they have reached literature," remarked Mr. Lacey, "is getting the thing wrong end foremost. Literature comes first, orthography afterward. Let this congress put this declaration into law; it is not enacting anything, but it is simply protesting against interference with established custom as it has been followed for more than one hundred years."

While Mr. Grosvenor was discussing the amendment Mr. Towne of New York asked him whether the item referred to was not "on page 23, beginning with line 23?"

"Yes, I believe so," replied Mr. Grosvenor.

"Then is not that a double skiddoo, and if so, does it not of necessity go out?"

"Oh, that's an old story," replied Mr. Grosvenor, amid laughter.

Nominations by President.

WASHINGTON, Dec. 12.—The president today sent the following nominations to the senate:

Ambassador Extraordinary and Plenipotentiary—Henry White, Rhode Island, to France; Lloyd C. Griscom, Pennsylvania, to Italy; John W. Riddle, Minnesota, to Russia; Irving B. Dudley, California, to Brazil.

Envoy Extraordinary and Minister Plenipotentiary—Leslie Combs, Kentucky, to Peru.

Congo Resolution in Senate.

WASHINGTON, Dec. 12.—The Congo Free State resolution introduced by Senator Lodge was taken up by the senate committee on foreign relations. Most of the time was occupied by Senator Morgan, who read a long letter reciting alleged brutalities in the Congo country. Consideration of the resolution will be continued.

East St. Louis Has Complaint.

WASHINGTON, Dec. 12.—Complaint was filed with the Interstate Commerce commission today by the Bartlett Commission company of East St. Louis against the Illinois Central and various other railways, charging them with maintaining rates of 2 cents a hundred pounds in addition to regular rates from Cairo, Ill., to southeastern points when shipments originate on other than these lines and are not reconsigned at East St. Louis. They claim that this is discrimination against East St. Louis, a distribution market.

PHILIPPINES NEEDS TEACHERS

Civil Service Examinations Will Be Held to Fill 120 Vacancies.

WASHINGTON, Dec. 12.—One hundred and twenty additional American teachers are wanted in the Philippines for the next school year according to a cablegram received today from Manila by the bureau of insular affairs. Fifty of these are to be appointed at entrance salaries of $1,300 and the remainder at smaller amounts.

The appointees will be selected from those passing the service examinations and will go to the islands under two-year contracts, although it was stated today that the majority of those going over in previous years have remained in the service for a much longer time. The examinations will be conducted throughout the country on December 27 and 28.

Resolution for New Treaty.

WASHINGTON, Dec. 12.—A resolution was laid before the senate today by the vice president at the request of Senator Gearin giving it as the consensus of opinion of the senate that negotiations be entered into with Japan definitely defining the rights of each country under the existing treaty, with a view of securing such modification of this treaty as will absolutely prohibit the entrance into the United States of Japanese coolie laborers. No action was taken on the resolution.

Metcalf's Report for Congress.

WASHINGTON, Dec. 12.—President Roosevelt has decided to send to congress on Tuesday next the report made by Secretary Metcalf of the Department of Commerce and Labor into the alleged discrimination against the Japanese in San Francisco in the matter of schools and in other ways.

Reception at White House.

WASHINGTON, Dec. 12.—Mrs. Roosevelt received the members of the diplomatic corps and their families today. Mrs. Longworth and Miss Hagner, Mrs. Roosevelt's secretary, assisted in the dining room, and Captain McCoy of the president's staff presented the guests.

Nominations Reported.

WASHINGTON, Dec. 12.—Favorable reports were ordered today by the senate committee on interstate commerce on the nominations of Judson C. Clements of Georgia, James S. Harlan of Illinois and Edgar E. Clark of Iowa to be interstate commerce commissioners.

Senate Wants Information.

WASHINGTON, Dec. 12.—The senate today adopted a resolution calling on the president to furnish information and all correspondence relative to the seizure by the Mexican government of the fishing schooner Silas Stearns.

New Treaty Favored.

WASHINGTON, Dec. 12.—The senate committee on foreign relations today authorized a favorable report on a treaty with Guatemala in relation to patents.

DIAMONDS—Frenzer, 15th and Dodge.

MOB TRIES TO LYNCH NEGRO

White and Colored Neighbors of Victim Threaten Alleged Fiend.

Charged with criminal assault at various times upon Mrs. Amanda Reemen, Forty-first street and Patrick avenue, Robert Robertson, a negro bricklayer, who lives at 4012 Parker street, narrowly escaped being lynched Tuesday night by indignant neighbors and was arrested by Detectives Drummy and Maloney late Wednesday afternoon. It is charged that the colored man committed the assaults repeatedly upon the woman, who is white and 46 years of age, in the presence of her husband. The negro, it is charged, threatened the life of both Mr. and Mrs. Reemen if they did not keep quiet regarding the alleged crimes and it was not until Tuesday afternoon that neighbors were advised of them. Mr. and Mrs. Reemen are simple, hard-working people and are said to be rather weak-minded and were, therefore, overawed by the negro. A large crowd of people, white and colored, gathered Tuesday night, bent on lynching Robertson, but were finally deterred by Ted Hunter, a saloon keeper at Forty-first and Parker streets. The neighbors were very much excited and many colored citizens of the vicinity desired to take summary action with Robertson.

The negro was captured by the detectives where he was employed, at Fifty-third street and Military avenue. He denied the charges in toto and said that it was a story emanating from the brains of the weak-minded couple. Robertson is a short, heavy-set negro about 5 feet 4 inches in height and very dark in color.

Announcements of the Theaters.

With the eight Vassar girls on the program and an abundance of lively comedy the women are promised an excellent and fitting entertainment at the Orpheum's popular price matinee today. The Vassar girls do a versatile musical turn and show some dainty dances, finishing with their grand electrical ballet in which the stage and their costumes are decorated with thousands of tiny incandescent lamps. For the children, the feature of note will be Raffayette's dogs.

Owned by U. S. Government.

The Hot Springs of Arkansas, the nation's cure and pleasure resort. Fine winter climate; 200 hotels at all prices. Write Bureau of Information for book.

Cemetery Association Formed.

For the purpose of managing the diocesan burying ground the Holy Sepulchre Cemetery association has been incorporated under the laws of the state. The incorporators are: Rt. Rev. Richard Scannell, bishop of Omaha; Rt. Rev. Augustin M. Colaneri, vicar general of the diocese of Omaha; Rev. Patrick McGovern, rector of the cathedral; Patrick C. Heafey, John Power, William J. Coad and Joseph Beckman. These are also named as the trustees. The clerical members of the board of trustees are ex officio members. Vacancies in the lay membership are filled by the majority of the lay members from the membership of the Catholic church.

The Western Bridge and Construction company, with a capital stock of $75,000, has filed articles of incorporation. The incorporators are F. J. Birss, R. A. Swartout, H. W. Anderson and John W. Towle.

WE ADD YEARS TO LIFE AND LIFE TO YEARS

State Medical Institute
1308 Farnam St.
Between 13th and 14th Streets
OMAHA, NEB.

In this enlightened age of the twentieth century a Doctor's ability should be determined by

ACTUAL CURES

and not by ethical standing or egostical and boasting statements. When one has long studied and mastered a single class of diseases, acquiring knowledge and skill that would be a blessing and benefit to his fellow man, it is not only his privilege, but his duty to say so through the medium of press, and he should not allow false pride (Medical Ethics) to keep from others that which would relieve their suffering and make their lives longer and happier.

The State Medical Institute has long been established for the purpose of saving young men, middle-aged and old men from the evil results of their own neglect and ignorance and to save them the disappointment of failure, loss of time and money often spent in experimenting with incompetent, unscrupulous specialists, new methods, quick cure delusions, no-pay-until-cured deceptions, and the various other misleading statements often used by unscrupulous and unreliable medical concerns or doctors for the purpose of obtaining patronage. You are just as safe in dealing with the State Medical Institute as with any state or national bank. The State Medical Institute has been the salvation of multitudes of men and its conservative, honest, upright and clean business methods, unexcelled equipment, etc., and the high character, long experience and scientific attainments of its specialists, it has established a reputation as a place where all suffering men can go with full confidence, knowing that they will be fairly dealt with, skillfully treated and promptly cured.

Longest Established Institute for Men

CURE NERVOUS DEBILITY, BLOOD POISON, SKIN DISEASES, RUPTURE, KIDNEY and BLADDER diseases and all diseases and weaknesses of MEN due to neglected, unskillful or improper treatment which impairs the mind and destroys men's Mental and Physical Powers, reducing the sufferer to that deplorable state known as Nervous Debility, making the enjoyment of life impossible.

BLIGHTING EFFECTS OF WEAKNESS

There are thousands of men whose minds are weak and impaired, and whose bodies are unsound and diseased. They suffer from ailments of youth, which weaken their physical and mental powers. They are weak, nervous, tired, dizzy, languid, despondent and absent-minded; have weak, aching back, palpitation of the heart, capricious appetite, a constant fear of impending danger, which unfit them for work, study or business.

Are you one of these men? Are you staggering under the burden of a secret weakness which is a slow but sure drain on your strength and vitality? In your present condition are you fit to hold a responsible position? Can anybody rely on you or can you rely on yourself? Is your body almost wrecked and your brain in a whirl? It is terrible to be in that condition, but it is still worse to allow the trouble to progress and become more aggravated, for it may then fill your whole life with failure, misery and woe. There are thousands of ruined and cheerless homes, filled with discontent and unhappiness, lacking in love and companionship, through the weakness of men whose years do not justify such a condition. We have gladdened the hearts of thousands of young and middle-aged men, restoring them to specimens of physical manhood, full of vim, vigor and vitality.

PROFIT BY EXPERIENCE OF OTHERS

When you are sick and suffering with a disease that is sapping your life away you should not experiment with free treatment propositions or incompetent doctors or specialists. It is then you need the very best, the most skillful and successful treatment. Come to the State Medical Institute, where you are sure to get the best.

Don't wait until your whole system is polluted with disease, or until your nervous system is tottering under the strain, and you become a physical and mental wreck, unfit for work, study or business. With certain diseases and weaknesses you cannot afford to delay. You must conquer them at once by the right treatment or they will fill your whole life with failure, misery and woe.

Uncertain, improper or half-way treatment can only do harm. The worst cases we have treated were those that had been improperly treated before coming to us, some having been maimed for life by bungling surgical procedure. We cure by restoring and preserving important organs. We do not advocate their mutilation or destruction in an effort to make a quick cure. Every afflicted man owes it to himself and everyone else to get cured safely and thoroughly.

We will make a thorough, searching and scientific examination of your ailments free of charge, an examination that will disclose your true physical condition, without a knowledge of which you are groping in the dark. We want all ailing men to feel free to call at the institution freely for an examination of their condition without being bound by any obligation whatever to take treatment unless they so desire.

Consultation and Examination Free:

Office Hours: 8 a. m. to 8 p. m. Sundays, 10 to 1 only. If you cannot call, write.

DON'T MAKE A MISTAKE IN THE NAME AND LOCATION OF OUR INSTITUTE.
