DEMOCRATS MIX MEDICINE

Planning to Put Republican Members of the Legislature in the Hole.

ALSO LOOKING FOR SOME PARTY GLORY

Regents of State University Submit Their Financial Report and Also Recommendations to the

Legislature.

(From a Staff Correspondent.) LINCOLN, Dec. 17 - (Special.) -- While republican members of the state legislature are figuring out a program and discussing selection of officials to serve during the session, the report comes to Lincoln that the democrats are not idie, but are also getting very busy on a program, and their program is being arranged with an eye to the future. The report is that the democrats intend to offer bills as soon as possible after the session begins covering practically every plank in the republican platform. By this plan they hope to either force, the majority to vote for minority Mils or for the majority to kill the bills. In the mixup, however, they hope to get the republicans to fighting among themselven and thus prevent any important legislation now demanded by the people. Should the republican majority pass minority measure, the democrats two years from now, would claim the credit of any good measure passed, or should the mafority kill a democratic measure that is sound, and then fall to pass a bill equally as good, the democrats again would have good campaign thunder.

It has been suggested the only way to head off this contemplated action of the democrata is for the republicans to stand together and select a joint committee to get up the bills desired and then to kill the democratic measures should the two parties introduce measures of the same character. Inasmuch as the people have voted confidence in the republicans and have selected republicana to carry out the reforms demanded, a well known republican has suggested that sincere democrats will work with the republicans, appearing before the committees and making suggestions, but that they will not try to formulate any legislation which the republicans have been pelected to enact.

Senators Visit Capital.

Senator Saunders was in Lincoln today, not on any particular business, he said, but merely because he has the habit of coming often. Mr. Saunders said he is making no active or strenuous campaign to be president pro tem of the senate, but is willing to leave his case to the senators when they get here. He called at the state house and visited a number of the offices.

In an interview a few days ago Mr. Partridge, the veteran bandmaster, said:

"Last April I took a sudden cold, and I was laid up with neuralgia in my shoulder, which brought on fever and took away my appetite, but by using Duffy's Pure Malt Whiskey I came out all right, and on Memorial Day I was leading my band and playing as well. I think your Malt Whiskey is just the medicine to tone up and keep the strength of old people. Hoping your medicine will prove beneficial to others, I can truly recommend it as a valuable help.

Despite his advanced age Mr. Partridge can still do as good work as men two-score years younger.

This is one of the thousands of cases where Duffy's Malt Whiskey drives out the germs of decay and renders system as healthy as that of a boy of twenty. This great tonic stimulant and elixir of life has been the means the of prolonging the lives of thousands of men and women, who cannot say too much in praise of it.
