OFFICIAL FIGURES DENIED

University Lobby and Its Mouthpiece Dudge Cash Fund Statement.

LEGISLATORS INCLINED TO KNOW FACTS

No Disposition to Hamper University or Put it on Short Rations, but Slaply Demands Business Methods.

(From a Staff Correspondent.) LINCOLN, Dec. 21.—(Special.)—With characteristic insolence the university lobby, with the fake reform Journal as its mouthpiece, denies the concealment of some \$25,000 by the secretary to the Board of Regents in reporting to the state auditor on its estimated resources. The figures published in this column several days ago are on file with the state auditor and signed by the secretary, and the endeavor to deceive the members of the legislature is too apparent to be denied.

THE VALUE OF CHARCOAL

Few People Know How Useful It is in Preserving Health and Beauty.

Costs Nothing to Try. Nearly everybody knows that charcoal is the safest and most efficient disinfectant and purifier in nature, but few realize its value when taken into the human system for the same cleansing purpose.

Charcoal sweetens the breath after smoking, drinking or after eating onions or other odorous vegetables.

Charcoal effectively cleans and improves the complexion, it whitens the teeth and further acts as a natural and eminently safe cathartic.

It absorbs the injurious gases which collect in the stomach and bowels; it disinfects the mouth and throat from the poison of catarrh.

All druggists sell charcoal in one form or another, but probably the best charcoal and the most for the money is in Stuart's Charcoal Lozenges; they are composed of the finest powdered Willow charcoal, and other harmless antiseptics in tablet form or rather in the form of large, pleasant tasting lozenges, the charcoal being mixed with honey.

The daily use of these lozenges will soon tell in a much improved condition of the general health, better complexion, sweeter breath and purer blood, and the beauty of it, that no possible harm can result from their continued use, but, on the contrary, great benefit.

LIMB WASTED WITH ECZEMA

Obliged to Lie With Limbs Higher Than Head—Suffered Untold Agonies and Could Not Walk—Doctor Said It Was the Worst Case he Ever Saw.

ANOTHER WONDERFUL CURE BY CUTICURA

"I received your letter asking for information about using the Cuticura Remedies. I used them for eczema. The doctor said it was the worst case he ever saw. It was on both limbs, from the knees to the ankles. We tried everything the doctors knew of, but the Cuticura Remedies did the most good. I was obliged to lie with my limbs higher than my head, for the pain was so terrible I could not walk. I suffered untold agonies. One limb wasted away a great deal smaller than the other; there was so much discharge from it. I found the Cuticura Remedies very soothing, and I still keep them in the house. I am very thankful to say that I am cured, and you can publish this statement if you wish. I found the Cuticura Remedies all that you say they are. I hope that you may be spared many years to make the Cuticura Remedies for the benefit of persons suffering from the torture of skin diseases, such as I had. I remain, yours respectfully, Mrs. G. Golding, Box 8, Ayr, Canada, June 6, 1905."

CURED OF CHAPPED HANDS

"I have used the Cuticura Soap for chapped hands, which I had been troubled with for about three years. I suffered intense pain and itching. I used nearly two cakes of the Cuticura Soap, and my hands were completely cured and have never troubled me since. I also took the Cuticura Resolvent for the blood at the same time. I can recommend the Cuticura Remedies to others suffering the same. Chas. Young, Plattville, Ontario, Canada, Sept. 29, 1905."
