FATHER REUSING REELECTED

West Point Dean is Again President of
State Charities.

S. P. MORRIS OF OMAHA, VICE PRESIDENT

All Officers and Executive Commit-
tees are Chosen and South
Omaha for the Next
Meeting.

President—The Very Rev. Dean Joseph
Reusing, West Point.
First Vice President—S. P. Morris, Omaha.
Second Vice President—Dr. P. C. Johnson,
Lancaster.

Treasurer—John Davis, Lincoln.
Secretary—J. A. Piper, Lincoln.
Members Executive Committee—Mrs. O.
Corbin, Tecumseh; Dean G. A. Beecher,
Omaha; Mrs. W. H. Clemens, Fremont;
Mrs. Joseph Tibbets, Beatrice; Mrs. Mary
E. Morgan, Omaha; B. D. Hayward,
Kearney.

These officers were elected for the ensu-
ing year at the closing session of the State
Conference of Charities and Correction.

The committee appointed for drawing up
a constitution reported and the constitu-
tion was adopted. The organization has
existed for ten years without a constitu-
tion and action in this line was taken upon
the recommendation of President Reusing
in his annual address.

The meeting next year will be held in
South Omaha. The executive committee
will determine the time. County Commis-
sioner Ure, B. D. Hayward of Kearney and
Chaplain P. L. Johnson of Lincoln were ap-
pointed a committee on resolutions.

The conference has proven one of the
most interesting ever held by the charity
workers of the state. More than 300 have
been in attendance, including the heads of
practically all the state and county institu-
tions.

Talks on State Institutions.
Representatives of state institutions spoke
Friday morning. Dr. J. P. Lord told of
the work and needs of the orthopedic hos-
pital at Lincoln. Superintendent R. E.
Stewart of the Deaf and Dumb asylum
pointed out that every graduate of that
institution is a self-supporting and useful
citizen. There have been twenty-seven
graduates since 1902. Only one institution
affords a higher education for the deaf
and dumb than the Nebraska school.

Superintendent Hayward of the Boys' In-
dustrial school at Kearney gave an inter-
esting address on his work.
"People generally think our institution
is a place for punishment," said Mr. Hay-
ward. "This is a great misconception. It
is a school, just like other schools. We
have courses of study which run up to the
tenth grade.

"Our great trouble is more with the
grown people than with the boy. After a
boy has been there a few months we begin
to get pleas to have him sent home. His
parents and friends think he will do bet-
ter. Often district judges and the governor
himself add their pleas. I have unlimited
patience with the boys but very little with
these thoughtless adults. The boy is in the
school taking a course, just as though he
was in the State university. How foolish it
is to try to have him sent home."

"Of those boys who remain in the school
and complete the course, 90 per cent be-
come good citizens. When they are re-
leased before that time only a small per-
cent amount to anything."

Work with Feeble-Minded.
Dr. Frank A. Osborn of the feeble minded
Institute at Beatrice told of the work there
and of its importance to future generations
as well as to the present.

In telling of the state insane work, Dr.
W. E. Kern of the Hastings asylum de-
clared that the object should be less to
see how low the per capita cost could be
made as to see how high the efficiency of
the work could be brought.

Mrs. A. J. Albright of the Milford home
for girls read a paper on the work done
there. She said that 90 per cent of the
girls received there are permanently saved.

Rev. W. H. Presson of Milford, in dis-
cussing the state work among the old sol-
diers, said that this does not come strictly
under charitable work.

"Our old soldiers, I repeat the term, 'In-
mates' and call themselves members or
comrades," he said. "This is right. After
a man has given his health and his best
years to his country, the state owes
him a comfortable home."

The members of the conference visited
the Child Saving Institute and took lunch-
oon there at the noon hour.

SUICIDES BECOME EPIDEMIC

Number of Them Committed or At-
tempted at Arcade in Lower
World.

Two women tried to snuff out their lives
early Friday morning with carbolic acid
at the Arcade, Ninth street and Capital
avenue, Delecia Daniels of No. 33 being
successful. She died about 2:30 Friday
morning, while the other woman, Ruby
Hamilton, whose real name is Ruby Shinn,
is lying at the police station in a pre-
carious condition, but her recovery is ex-
pected. The Shinn woman lived at No. 7
in the Arcade and drank the acid in the
presence of Martin Kolterman, 101 South
Tenth street, and Otto Wunibrand, 204
North Sixteenth street. She had been on a
protracted spree and became dependent.
Police Surgeon Pugsley was called. She
swallowed a considerable quantity of the
acid and her mouth was badly burned, but
it is believed she will recover. Delecia Dan-
iels took her dose of the poison after a
quarrel with her lover and died shortly
afterward.

The Arcade has been the scene of an
epidemic of suicides lately. George Foster
took her life about a month ago by drink-
ing carbolic acid in the same room that
Delecia Daniels killed herself Friday morn-
ing. Mamie Jones also tried to end her
life a few days ago by taking kyanine
in the same room that the Shinn woman
was in Friday morning. The life of Mamie
Jones was saved after hard work by Police
Surgeon Harris and the Shinn woman was
equally fortunate at the hands of Police
Surgeon Pugsley.

CODY BACK FROM THE EAST

Buffalo Bill Will Feature Canada
and His Bandit Hunters
Next Season.

The bandit hunters of the Union Pacific
will be the theme of the new show which
Colonel W. F. Cody will put on the road
next summer. That was the announcement
Colonel Cody made as he stepped into the
Merchants hotel Friday afternoon after
having spent several weeks in New York
in organizing his show. He is enroute to
Cody, Wyo., to spend Christmas and has
been to Chattanooga to visit his daughter.
"Bill Canada and his bandit hunters have
made such a reputation for themselves that
I have decided to feature them next sum-
mer," said Colonel Cody. "This feature
will take the place of the holding up of
the overland stage which we have featured
for years. We are having a train of cars
built which will run across the arena
and make the scene as realistic as possible.
"The day of the stage coach has practi-
cally past and few of the present genera-
tion have ever seen a real stage coach,

except as we have shown it around the
country in our wild west show. All have
heard of the train robbers and the horse-
thieves which have infested the west and
I think I have struck something which all
will like. There is no doubt that Colonel
Canada has done wonders to exterminate
the pests from the western country and
enough credit cannot be given to him and
his organization. The organized band
which was a terror to the west has prac-
tically been exterminated and all the well-
known characters are now serving long
sentences in the penitentiaries of the coun-
try or are dead. Most of the robbers who
took part in the last two large robberies on
the Union Pacific six and seven years ago
are numbered among the missing."
