GOVERNOR FREES CAMPION

Second Time Effort Has Been Made to Get Him Out of Jail.

SEWARD AUTHORITIES OBJECT TO IT

Effort to Be Made in Legislature to Pass a Bill Levying a Tax on the Reserve Fund of the Fraternals.

From a Staff Correspondent.)

LINCOLN, Neb., Dec. 24.—(Special Telegram.)—William Campion, in jail at Seward for child abandonment, who was pardoned recently by Governor Mickey after conviction on a paternity charge, was again pardoned this afternoon by the governor and the pardon is broad enough to cover two charges and any order to the contrary which may be issued by the judge of the district court. The sheriff of the county refused to recognize the right of the governor to issue the pardon in this case and attorneys for Campion secured a writ of habeas corpus from Judge Letton returnable January 2, and the prisoner has been released under $1,000 bond. The woman in the case has married since Campion was sent to jail. He strenuously denied responsibility. Campion has been in jail for over thirteen months rather than give bond that he would pay a judgment of $1,000 secured against him on a paternity charge. The matter was finally taken before the governor, who after reviewing the evidence, ordered the man's release. The county authorities doubted the right of the governor to pardon in a semi-criminal case and he was then arrested and convicted on a charge of abandoning the child. A hearing was held on this today and the governor issued his second pardon to the man.

Increases State's Postage.

The Lincoln postal authorities have made a ruling that blanks sent out by the state auditor for the use of county treasurers in making their annual reports must be sent as merchandise. Henry Seymour carried his ninety bundles to the postoffice, each with a 6-cent stamp attached, when the clerk made him stick on 4 cents more to each bundle. Ever since that time these blanks have been going out as "blanks" and the deputy auditor has written to the authorities at Washington for a ruling on the matter.

Move to Tax Fraternals.

An effort will be made during the legislature to get the revenue law amended so that the reserve funds of fraternal societies can be assessed and taxed. Under the present law the supreme court has ruled that this fund can be offset by the outstanding policies, which virtually wipes out the assessment.

State House to be Closed

The state house will be closed tomorrow and all of the state officers and their employes will observe Christmas with the true Christmas spirit. Treasurer Mortensen is still at Ord, but the other officers will be in Lincoln, while most of the employes have gone to their homes. Tonight Governor Mickey and his family, and his family's family, had a Christmas treat at the executive mansion, and tomorrow will eat dinner together. Mrs. E. S. Mickey was the only absent one, she having been called home by the death of her grandfather.

Mr. Dooley to Legislators.

The following message from "Speaker Dooley" has been received from Omaha, the work of some humorist, who knows the situation very well. It is neatly printed and very much enjoyed by all who have as yet had a copy of it:

Members of the Nebrasky Legislathure—Gintlemen: I congratulate ye sinseerly on yr. selecshun as resetf as yr. spacker. 'Twas a grate compliment to yr wisdom. I didn't spend eight yers on one course in Harvid and practis law in Bostin an' not no whats it.

Gintlemen: All kommytees will be abolished, 'cepting the kommytee on the whole, uv which I'll be the chereman meself. The korpers are gittin' the bills ready that we'll arv to pass an' we kin pass 'em in three weeks an' ye kan git home to y'r korn huskin'.

Gintlemen: I suppose ye want my vues 'bout the sinitorship. Well, the konstitushun says we're to do the electin' an' ye course we will do it, but as to the man—I haven't committed meself y't. There's plies uv kids wantin' the job, but the wright man hasn't bin menshuned yit. Bug Brown thinks the elicshun over, since the state konvenshun. Ain't he a fresh kid? Now, there's Unkle Joe. He wasn't elicted by no konvenshun. Them Brown kids talk a heep 'bout the korpers elicting Unkle Joe without askin' nobody. Well, why shudn't they elect 'im? Hasn't they had the job to do f'r twenty-nine years an' don't the statute of limitashuns run against the peeple in twenty-one years? A hull lot of them polytishuns talk 'bout that $300,000 ginerll fund warrint which was kashued to kerrect entrees in the state books thet Unkle Joe cashed for Bartlee. I'll course Judges Norval and Sullivan sed Unkel Joe wuzn't innesent, but what uv it? Weren't Unkle Joe runnin' a bank an' afther deposits? Nebrasky's rich an' kan stand it a hull lot better 'an Unkel Joe. While they get tired discussin' the warrint an' askin' Unkel Joe to resine, they're mean snuff to ask questins 'bout thet Panamaw kanal kontract ter feedin' thet Markel an' Joe's son, Willyum, got thru the kanal kommytee, uv which Unkel Joe's chereman. GRAND ISLAND MEN ARE CAUGHT

People Who Tried to Help Wholesale House Held for Its Debts.

GRAND ISLAND, Dec. 24.—(Special.)—A decision just rendered in the district court in this county by Judge Risder of Columbus as referee in the case of creditors of the Minton Woodward company, a wholesale grocery which failed about ten years ago, has caused considerable agitation and criticism of the lawyers who brought the case. The decision holds about eight local attorneys and business men liable as stockholders to make up a deficiency of 13 per cent not paid by the receiver appointed at the time on the claims. The defendants declare that the real creditors will never get a dollar of the judgments and that, in substance, it is a matter of successful speculation rather than one of equity. Locally about $1,000 is involved.

A year or more before the failure of the company its officers solicited a little aid among Grand Island's business men. These were induced to take stock. Among those who thus contributed were W. H. Thompson, recent candidate for United States senator; W. A. Prince, a leading attorney, F. H. Michelson, J. H. Foley, Albert Etting, Dr. Sumner Davis and Mrs. Wright, and a few others who have since left the city and state. H. H. Glover contributed, but would not receive stock. J. W. Thompson bought some of the stock, but escaped by reason of the fact that the transfers were not a matter of record. When the firm failed, a receiver was duly appointed, the assets were converted into money and just before the payments of the claims of eastern manufacturers and jobbers, two local attorneys are alleged to have bought up a number of the claims at 50 cents on the dollar. Out of the assets all claims were eventually paid 87 cents on the dollar. The receivership was wound up with 13 cents on the dollar unpaid. Suit was then brought by Attorneys W. S. Pearne, since removed to Chicago, and O. A. Abbott, jr., to recover the 17 per cent from the stockholders. The latter employed, severally, nearly every other attorney in the city and some of these at once wrote to the claimants how it came that after being paid 87 per cent they still brought suit for the 13 per cent, the defendants being parties who had not profited in any manner from the business of the firm. Some of them replied that they knew nothing at all of the suit brought in their name; others stated that they had disposed of their claims and had no further interest and others neglected to answer at all. It thus became a fight between local attorneys only and the defendants allege that the real original claimants will not see a dollar of the money recovered from the stockholders on their liability. In the progress of the hearing it was shown that the firm had failed to comply with the law requiring corporations to publish their indebtedness, once each year. The case will be appealed to the supreme court and the attorneys for the defendants are confident they will secure a reversal of the decree there.

OLD-TIME NEBRASKAN IS DYING

Member of the Territorial Legislature in 1858.

LAPORTE, Ind., Dec. 24.—(Special Telegram.)—W. C. Fleming, 81 years old, is dying at his home in Anderson, Ind. He left this state in 1850 and went to Nebraska, where he was a member of the legislature there in 1858. He introduced the bill that chartered Nebraska's first railroad. He was one of the oldest Masons in the country.

Drainage Engineer Reports.

RULO, Neb., Dec. 22.—(Special.)—The board of directors of the Richardson County Drainage District No. 1 met at Salem, Neb., in the depot Friday to act upon Engineer A. M. Munn's report, which the law requires that the meetings of the directors shall be held within the limits of the district and the depot at Salem was the only convenient place in which to hold it.

The engineer's report was taken up and the board arranged to give notice to the property owners where land will be affected by the proposed ditch.

Engineer Munn estimates that $277,264.57 will be required to complete the work of this amount $23,740 will go to build new bridges, $20,000 for the right of way, $7,760 for engineering, printing, incidentals, etc., $700 for flood gates, $700 for spill ways.

This land comprises 31,055 acres, and the value of said lands is expected to be increased about four-fold, if this drainage ditch does the work, as many predict.

Complains of Marble Works.

FREMONT, Neb., Dec. 24.—(Special.)—Dr. A. W. Fees has filed a petition in the district court against G. H. Hodges and A. W. Baldwin, proprietors of the Fremont marble works, to have their plant abated as a public nuisance. The doctor lives and has his office adjoining the works and claims that the dust from the grinding and polishing machines is injurious to the public health and that the noise of the continuous pounding of the power drills also disturbs him. The case will probably be hotly contested. The company is located at the corner of Military avenue and Broad, street, occupying a quarter of a block, a part of it with heavy and expensive machinery. There have been other complaints from residents of that part of the town, principally from the noise. It is one of the largest concerns of the kind in the west, employing a good many men as expert cutters.

They want Myron to come back now and the probability is that he will go back after the holidays and resume his studies.

If You Read This

It will be to learn that the leading medical writers and teachers of all the several schools of practice recommend, in the strongest terms possible, each and every ingredient entering into the composition of Dr. Pierce's Golden Medical Discovery for the cure of weak stomach, dyspepsia, catarrh of stomach, "liver complaint," torpid liver, or biliousness, chronic bowel affections, and all catarrhal diseases of whatever region, name or nature. It is also a specific remedy for all such chronic or long standing cases of catarrhal affections and their resultants, as bronchial, throat and lung disease (except consumption) accompanied with severe coughs. It is not so good for acute colds and coughs, but for lingering, or chronic cases it is especially efficacious in producing perfect cures. It contains Black Cherrybark, Golden Seal root, Bloodroot, Stone root, Mandrake root and Queen's root—all of which are highly praised as remedies for all the above mentioned affections by such eminent medical writers and teachers as Prof. Bartholow, of Jefferson Med. College; Prof. Hare, of the Univ. of Pa.; Prof. Finley Ellingwood, M. D., of Bennett Med. College, Chicago; Prof. John King, M. D., of Cincinnati; Prof. John M. Scudder, M. D., of Cincinnati; Prof. Edwin M. Hale, M. D., of Hahnemann Med. College, Chicago, and scores of others equally eminent in their several schools of practice.

The "Golden Medical Discovery" is the only medicine put up for sale through druggists for like purposes that has any such professional endorsement—worth more than any number of ordinary testimonials. Open publicity of its formula is the best possible guaranty of its merits. A glance at this published formula will show that "Golden Medical Discovery" contains no poisonous, harmful or habit-forming drugs and no alcohol—chemically pure, triple-refined glycerine being used instead. Glycerine is entirely unobjectionable and besides is a most useful agent in the cure of all stomach as well as bronchial, throat and lung affections. There is the highest medical authority for its use in all such cases. The "Discovery" is a concentrated glyceric extract of native, medicinal roots and is safe and reliable.

CHURCH PROPERTY TAXABLE

If Property is Owned by Foreign Society It May Be Taxed.

WASHINGTON, Dec. 24.—The opinion of the supreme court of the United States in the case of the board of education of the Kentucky annual conference of the Methodist Episcopal church against the state of Illinois, which was handed down today by Justice McKenna, was favorable to the state. The suit grew out of a contention whether the Illinois law exempting religious and educational institutions from the operation of the inheritance tax law applies to institutions outside the state. The state authorities undertook to collect the tax on a building in Chicago which was devised by a Kentucky woman to the church in her state. The Illinois courts held the law was intended only for the protection of state institutions and did not cover the Kentucky bequest. Today's opinion affirmed that decision.

In delivering his opinion Justice McKenna said: "It cannot be said that if a state exempts bequests to charity from taxation it is unreasonable or arbitrary to require the charity to be exercised within its border and for its people whether exercised through persons or corporations."

REVISED LIST OF DEAD

Eight Persons Are Killed in Wreck in North Dakota.

BROTHER OF BRITISH ADMIRAL DIES

Delaval Beresford, Who Has Ranches in Mexico and Canada, One of the Victims of the Disaster.

ST. PAUL, Dec. 24.—So far as the officials of the Soo Line have been able to learn they say that only nine were killed in the wreck at Enderlin, N. D., Sunday morning. It was reported late this afternoon that two of the injured had died, making the total death list eleven, but the Associated Press was informed this evening that this report was untrue. The latest report received indicates that forty-five persons were injured, and of these twenty-four were classed among the seriously hurt, but it has been almost impossible to learn the extent of their injuries, as the railroad officials refuse to give out the information.

MINNEAPOLIS, Dec. 24.—In the list of passengers on the Soo train wreck at Enderlin, N. D., who were subjects of medical attendance, appears the name of Magde Landland, Decorah, Ia.

All of the other injured, numbering twenty-three, are residents of Minnesota, North Dakota and Canada. Ten of them were only slightly hurt. The revised list of the dead is as follows:

CHARLES BACKUS, Bergen, N. D.
TONY GLEEN (or Glenn), Nelva, N. D.
H. J. VOLKERING, Anamoose, N. D.
D. J. BERSFORD, Medicine Hat, Canada.
HERMAN ROSENBAUM, Nelva, N. D.
W. R. DANIELSON, Sheiden, N. D.
NEILS F. C. HANSON, Kenmare.
OLE THOMPSON, Starbuck.

Word was received here that two of those injured in the Enderlin wreck died today, making eleven deaths as a result of the wreck.

Admiral's Brother is Killed.

EL PASO, Tex., Dec. 24.—"D. J. Beresford of Medicine Hat, Can.," reported dead in the Enderlin wreck, is Delaval Beresford, younger brother of Admiral Lord Beresford of the British navy, who has a ranch in the Sierra Madre mountains of Mexico, south of El Paso, and another at Medicine Hat, Can.

The coroner's jury returned a verdict holding the crew of the freight train responsible for the wreck and severely censuring the Soo road for alleged negligence in placing inexperienced men in the positions where their failure to perform their work properly had resulted in considerable loss of life.

Survivors Talk.

ENDERLIN, N. D., Dec. 24.—The passengers injured in yesterday's wreck are being cared for at a small private hospital and in the railroad hotel. A coroner's jury is investigating the causes of the wreck. The engineer of the freight train alleges he had been ordered to move out west of the town, where he was to drop off a flagman to stop the incoming passenger train. The flagman testified he went on ahead of the engine nearly half a mile and not only placed two torpedoes on the track, but waited and signalled the passenger train with his lantern. He swore no attention was paid to his lantern signal and he could not say whether the torpedoes had exploded. The night was very foggy and the supposition is that the lantern signal was not seen and that the torpedoes failed to explode.

Workers Get Vacation.

FALL RIVER, Mass., Dec. 24.—In a letter to the employes of the Bourne mills of this city announcing the regular profit-sharing dividend, Treasurer George A. Chase today informed the operatives that a ten days' vacation is to be given them in the summer of 1907 and that a 50 per cent extra dividend would be paid in connection therewith. The latter is to be computed from the record of wages earned during the present profit-sharing term.
