PREMIER RECEIVES MANY LETTERS

Prime Minister is Told that Present King Will Soon Meet the Fate of His Predecessor.

BELOGRADE, Serbia, Dec. 26.—The National Assembly finally has accepted the loan and armament bills which were sent today for signatures to King Peter.

The debate on these measures today was attended by disorderly scenes on the part of the members of the assembly arising from the opening expression of sentiments against the present King.

The king is at present confronted with many difficult problems, not the least of which is the renewed activity of the supporters of the late King Alexander and Queen Draga, who were murdered the night of June 10-11, 1903.

One of the deputies opposed the loan on the ground that the members of the reigning family would personally pocket a large proportion of it, and the final debates brought out anti-dynastic demonstrations, in which a number of riotous students sustained serious injuries.

The late King Alexander was a member of the Obrenovic family. It is asserted that secret meetings of the anti-dynastic leaders have been held here for the purpose of selecting an European prince as a successor to King Peter.

Prospective British Ambassador to United States Says He Must Leave Parliament.

ABERDEEN, Scotland, Dec. 26.—James Bryce, who is to succeed Sir Henry Mortimer Durand as British ambassador to the United States, has given his constituents the first definite information of his selection for the Washington post in a letter which they have just received in this communication.

Mr. Bryce said that the appointment would compel him to give up his seat for South Aberdeen. The retirement of Mr. Bryce caused genuine regret, as his scholarly qualities made him peculiarly qualified to represent the constituency which has the reputation of being the most intellectual in the United Kingdom.

No plans have yet been made for the choice of a successor of Mr. Bryce in Parliament, but it will probably be made from the literary class.
