Judge Green Passes on Controversy Regarding Officer & Fusey Bank.

MURPHY CLAIM CUT THIRTEEN HUNDRED

John Bernesheim Allowed Lump Sum Three Thousand Dollars, Which is Amount of the Bill Rendered.

Judge Green yesterday disposed of the matter of the compensation of John Beresheim and L. F. Murphy, receivers of the Officer & Pusey bank, which has been hanging fire since January, 1906. The receivers were appointed September 17, 1900, a faw days after the death of Thomas Officer, sentor member of the firm, which preelpitated the crash of the bank, suppose to be one of the boundest financial institution in the state of lows.

In his original application for compensation Receiver Murphy asked that he be allowed \$2,600 a year for the first four years and \$1,600 for 1905, making \$11,200 in all. Mr. Beresheim asked to be allowed a lump sum of \$3,000. All of the clerical work of the receivership devolved upon Mr. Murphy,

The amounts asked for by the receivers were realsted by Attorney J. J. Stewart. representing some of the largest creditors of the defunct bank. The hearing was then postponed at the suggestion of Mr. Stewart and it was not until yesterday that the matter finally came up for disposal.

The amount asked by Receiver Bereshelm was allowed in full but the court made a reduction in the claim of Receiver Murphy. He allowed him \$2,400 a year for the first two years, \$1,800 for the next two years, \$1,500 for 1905 and \$900 for 1906, making a total of \$10,800. From this is to be deducted \$5,200, which Mr. Murphy has already drawn on account.

At the time the bank went into the hands Macras ran pulump against the fellow, who of the receivers its liabilities were scheduled at \$624,456, with assets of \$566,579. As was expected a considerable portion of the on the spot," ordered the mayor and up assets proved of little or no value and others uncollectable.

It was the voice of the mayor's claims and Receiver Murphy announced family colored cook, Marie, a recent aryesterday that it was likely another dividend of 3% per cent would be paid in the near future, making a total of 65 per cent that "Mr. Johnson," who is a waiter on a which the creditors will have realized.

The receivers have on hand \$11,147.57 and there is \$3,000 in Chicago. In addition to this it is understood that Attorney Stewart, administrator of the estate of Thomas Officer, has some funds on hand and from these two sources the last dividend of 216 per cent will be paid.

In the divorce suit of Carrie M. Smith against Fred C. Smith, Judge Green yesterday handed down his decision awarding the decree of divorce to the husband on his cross petition and taxing the costs against the wife. The court also decreed that the title to the property, which is at present in the wife's name, should be in the hus-band. The trouble between the Smiths culminated in the divorce court after Mrs. Smith had shot her husband in the thigh with a revolver, the wound confining him

EX-TREASURER ASKS MORE PAY Contends He Served Four Days After Term Expired.

The Board of Supervisors had before it vesterday a claim of L. G. Consigny, the etlring county treasurer, for \$53.76 for salary for January 4, 5, 6 and 7 of this year. The claim was based on the contention that

he had served the county those days in excess of his term. The claim was referred to the county attorney, who gave it as his opinion that Mr. Consigny's term ended on January 7, at the time the new treasurer, J. W. Mitchell, was inducted into office. The board rejected the claim and it is understood that Mr. Consigny will take

the question into the courts. O. J. Both of the councilment deny that their present predicament is the result of any differences of opinion regarding municipal ownership of the water works although when both appeared at the meeting of the council yesterday afternoon with their hands bandaged up their fellow members looked somewhat askance at them. Councilman Wallace explained that he had inadvertently, without malice aforethought, showed his hand through a glass door in his suite of offices, while Councilman Knudsen ascribed his injury to a slip of a knife while dissecting a bunch of bananas for a customer. Mr. Knudsen made light of his injury and the cold set in it, and now there is a possibility of blood polsoning.

John T. Milek, the newly elected state's attorney of Meade county, met in conference with about forty of the leading business men of Sturgis at the city hall on Wednesday evening to discuss with them the position he intends taking toward the aloons and houses of ill repute during his administration. Mr. Milek stated that he has given the house of ill repute outside the city limits ten days' notice to close up. He gave his reasons for this course as follows: First, because it was according to law; second, that he thought it would be for the best interests of the ommunity, both morally and financially, saying that fully one-half the costs against the county for prosecutions of criminal cases could be traced to cases which originated in this place. On this ing no dissenting opinion expressed while

Mr. Milek was then asked what attiude he was going to take toward the saloons. He replied that he was going to have screens removed, tables taken out, see that the saloons did not sell to minors or habitual drunkards and order them to lose from 12 o'clock Saturday nights to o'clock on Monday mornings.
