SETZ STARTS SOME TROUBLE

Asks to Have Recessidered Award of County Printing.

ALLEGES THE PRICE PAID IS TOO HIGH

Other Members of the Board Wrought Up and the Session Proves a Lively One, with More to Come.

I have investigated and found that the county printing can be done and county supplies furnished at a price on the whole of 25 per cent less than we are now paying the Nonparell company, and I ask the board to reconsider its action and advertise for bids and let the contract to the lowest responsible bidder who will guarantee that the work will be done by parties living in Council Bluffs and who can furnish an approved bond. FELIX SETZ, Chairman.

This communication, presented at the meeting of the Board of County Superisors yesterday, incited the antagonism f the other members, with the result that both the morning and afternoon sessions were anything but harmonious. In fact, the proverbial dove of peace took wings and flew out of the window and had not returned when the board adjourned until Monday to resume its deliberations,

When the communication from Chairman Setz, which was prompted by the criticisn of the action of the board in awarding the contract for blank books and printed supolles to the New Nonparell at the same prices which had prevailed for several years past without advertising for bids, as the members had agreed to do this year, was read by the clerk, the members looked at one another and for a time there was complete silence. Mr. Setz asked that the communication be made of record and then the storm broke loose.

Spencer Warms Up. Chairman Setz intimated in more or less plain language that he had been advised that certain members of the board had "consorting" with Manager Bender of the Nonparell company the night before the session at which he was again awarded the contract on the basis of last year's prices. This instnuation from the chairman aroused the ire of Supervisor Spencer, chairman of the committee which is said to have investigated the prices paid by other counties for blank books, printed matter and stationery supplies, and he promptly declared "that it was nobody's d-d business who he associated with while he was in Council Bluffs."

More or less sultry language followed. until finally the matter was dropped for the time being, only to be brought up again by Chairman Setz when the board reassembled after lunch. Calling Supervisor Bullis to the chair, Mr. Sets took the floor and asked the consent of the board that his communication be entered for record of the day's proceedings.

"I for one will not vote for this," said Colonel Baker. "I look upon the chairman's communication, or whatever he calls it, as nothing more or less than censure Falling to secure a second, Mr. Setz,

after stating that he felt that the board was treating its chairman in anything but a courteous manner, resumed his place at the head of the board and the matter was then dropped.

It was stated yesterday that a certain heavy taxpayer in the county had an nounced his determination to bring injunction proceedings to restrain the Board of Supervisors from carrying out the contract with the Nonpareil company on the alleged grounds that it was contrary to public policy and will ask the court to order the board to advertise for bids.

The balance of the session was spent in allowing bills. The board adjourned to Monday

Plans Said to Have Been Evolved for Water Works Settlement. W. Kiersted, the expert hydraulic en-

gineer of Kansas City, arrived in the city yesterday morning and was closeted the greater part of the day with Chairman Wallace of the special water works committee. Last night he attended a meeting of the water works committee, when, it is understood, a plan of action was determined upon. Although Chairman Wallace declined last night to give out any in formation, it is said the committee wi recommend two plans to the city council Monday. One of these plans is said to be the submitting to the people at a special election two propositions, municipa ownership or a new franchise, with a reduced schedule of water rates. What the other proposition is could not be learned.

to Be Erected. The business of the Council Bluffs Graps Growers' Shipping association, which was organized January 31, 1893, has in the foureen years of its existence assumed such proportions that at the annual meeting vesterday it was decided to effect a new incorporation. Articles of incorporation were submitted and approved at the meeting. The new organization will be known as the Council Bluffs Grape Growers' association, dropping the word "shipping" and will have a capital stock of \$35,000, whereas the capital stock of the original ssociation was only \$1,000.

The association has eighty-five members. and for each share of stock they held in the old organization they will receive ten n the new corporation. As in the former organization, the shares of stock in th new association are placed at \$10 each. The following officers were re-elected President, J. A. Aulabaugh; vice president Alexander Wood; secretary, J. J. Hess treasurer, C. Konigmacher; directors, Alexander Wood, W. G. Rich, F. B. Hall, R.

McKenzle and W. S. Keeline. It was decided that the increasing bush ness of the association demanded a new storage warehouse, and one will be erected just west of the association's present building on Ninth avenue and Seventh street, the whole block having been leased from the Great Western railroad. The structure which will be of brick and stone, will be wo stories and basement high, 50x135 feet. The association expects to expend about \$20,000 on the new structure, and the needed stock was promptly subscribed at vesterday's meeting.

The report of the officers showed that 1906 had been the most prosperous year in the history of the association and that the increase of business amounted to \$21,-000 over that for the previous year. A 2 per cent dividend on the net sale

was ordered to the members of the assoclation who had shipped fruit. The report of Treasurer Konigmacher showed that the cash on hand at the beginning of 1906 was \$1,908.54 and that the handled by the association during the season amounted to \$86,304.68. The cash balance on hand January 1, 1907, was \$4,811.04.

Not a Candidate for Senator, but Would Not Decline in Case Office Was Tendered to Him-Senate Elects Officers.

(From a Staff Correspondent.)

DES MOINES, Jan. 12,-(Special).-M. J. Tobin and Bernard Murphy, both of Vinton, reached Des Moines this morning. Mr. Tobin is and has been for two years a candidate for United States attorney for the northern district of lows and fo rsome time it has been considered that he was as good as appointed and would be actually appointed as soon as the Iowa delegation met in Washington to caucus. The efforts of D. C. Chase of Webster City and his friends in circulating petitions among the members of the legislature the past day or two asking Dolliver to appoint Chase brought Tobin and Murphy to Des Moines emmunity, was instantly killed at "Gelse's in a hurry. Both Tobin and Murphy stated at once that they would not circulate any petitions with the members of the legislature. They and the friends of Tobin crit son. | icise the action of the Chase men as stirring up factionalism in the legislature which will meet Monday. Tobin became a candidate for the position of northern district attorney over two years ago when H. G. McMillan announced that he would not be a candidate for the position. Tobin's friends now claim that Chase withdrew from the race last year when he came out as a candidate for state senator. Chastoday has the endorsement not only of all the legislators from his own congressional district, the Tenth, but has all but one of the progressive legislators from the Fourth and claims he will have all from the Eleventh and Third. He also has three from the Fifth district, Tobin's district, two of them Senator Eckles and Representative Arney being from Marshall county and Representative Lister being from Grundy county.

> Undoubtedly Governor Cummins would rather not be elected at this session of the legislature to succeed Dolliver. The election has been conceded to Dolliver by all factions, and if Cummins were to be elected now the public could hardly be persuaded but that there was a trick of some kind. About the hotel lobbies there is talk that if Dolliver refuses to promise his support to Chase for district attorney and Cummins refuses the election to the senate the Chase men will throw their strength to "Tama" James Wilson, secretary of the Department of Agriculture at

Washington, and will endeavor to get enough of the opposition to Dolliver together to elect Secretary Wilson to the senate. At the same time the friends of Tobin are charging that Governor Cum mins is in fact a receptive candidate for the position of senator of the United States and that at a conference at his home on West Grand avenue last Sunday he consented to take the position if it were given him. A great many unconfirmed rumors are

floating about the hotels and one of these

is that a conference of standpat senators was held at the Savery last night, men who are opposed to Dolliver, and that the results of the conference was an agreement to vote for Governor Cummins for senator an ytime that the progressive show enough votes which, combined with these standpatters, would elect Cummins. If Dolliver shows a stiff back when he reaches the city the Chase men will undoubtedly endeavor to cause him trouble If he agrees to support Chase he will probably be re-elected senator, as the

progressives are in the majority. If he refuses to support Chase it will become a question of what strength the Chase men can muster in an attempt to defeat Dolli-In an authorized statement Governor Cummins denied persistent rumors that he and his friends expected to make a fight on Dolliver for re-election to the United States senate. He says: "I am not a candidate for election to the United States senate by the thirty-second general assembly. I shall not be a candidate.. I shall not do anything whatever to further
