(From a Staff Correspondent.)

LINCOLN, Jan. 14.—(Special Telegram)—Union Pacific passenger train from Omaha ran into a drove of sheep about two miles from town this afternoon, near the Burlington crossing, and killed over 100 head. The train was almost thrown off the track and the passengers were shaken up. When the collision occurred it was snowing and almost dark, and the man in charge of the sheep could not drive them from the track, where they huddled to keep out of the deeper snow on the level ground.

**Surgeon is Careless.**

Jay Barnard, son of Chief Clerk Barnard of the house, who underwent an operation in Kansas City two months ago, had a large section of gauze taken from the wound this morning and is now getting along better. The operation failed to heal as it should, and yesterday the local surgeon at Table Rock discovered the gauze working out of the wound. A second operation was performed and a large section was removed.

**Snow and Lower Temperature Reported with Sleety Walks.**

The ground is covered with snow and the temperature is falling.

HUMBOLDT, Neb., Jan. 14.—(Special)—The misty and disagreeable weather of Sunday was followed this morning by a decided drop in the temperature.

CAMBRIDGE, Neb., Jan. 14.—(Special)—A light rain fell here Saturday night and everything is now covered with ice. Sunday evening the storm turned to snow.

TECUMSEH, Neb., Jan. 14.—(Special)—Mrs. Ellen Seaver fell on the slippery walk at her home here yesterday and broke her left wrist. The injury was very painful. B. R. Steele, an old soldier, aged 75 years, had his leg broken just below the hip as the result of a fall on an icy walk. Prospects for a large ice crop in this vicinity are not good up to this time. On the Nebrask river there is but three inches of ice.

HERMAN, Neb., Jan. 14.—(Special)—

Today is about the first real winter weather here. It has been a little below zero nearly all day. The ice men have begun to get ready for their harvest. If it remains cold for a few days ice will be in good shape. Farmers all seem to be well prepared for bad weather.
