REAL ESTATE MEN OF STATE

Dealers Along Union Pacific Meet to Devise Plans of Colonization.

CONDITIONS ARE BETTER THAN EVER

Now Looks as if Western Nebraska Would Become Greatest Wheat Region, Says R. J. Tate

An executive meeting of the real estate men interested in colonization in the Union Pacific territory in Nebraska is being held at the Millard hotel. It was called to discuss the land situation in Nebraska with a view to encouraging colonization aside from special railroad land interests. Representatives present from Dodge, Cheyenne, Keith, Hall, Perkins, Buffalo, Kearney and other western counties. Reports from several of the real estate men attending the meeting indicate that a lively interest is being taken in western lands and the coming year promises to be one of the best in real estate matters known to those sections of the state.

R. J. Tate of Fremont is at the Millard in attendance upon the real estate meeting. "Real estate matters in Nebraska are in the best shape in my whole experience," says Mr. Tate. "This applies particularly to farm lands and colonization matters. Lands are now selling in the old time and belt of western Nebraska, for from \$10 to \$20 an acre that a few years ago averaged about \$50 per quarter and even less than that. This is particularly true of Cheyenne, Keith, Hayes, Perkins, Lincoln and other western counties. Dealers are coming from all parts of the eastern states for suitable farm lands in western Nebraska, and we find a ready sale at good figures for all we have to offer.

"Many eastern Nebraska parties are packing up and moving west to the more reasonable prices. The Campbell system of dry cultivation has effectively solved the problem of cultivation in western Nebraska. The introduction of the macaroni wheat into the western country has practically revolutionized wheat raising in that section and it is surprising the success which has followed the introduction of this wheat in that region. It now looks as if western Nebraska is going to become the great wheat region of the state."

HOLDS SHOT IN WINTER AIR

Juvenile Officer Bernstein and Former Humane Officer Ellison Have Lively Epitaph.

Responding to a call from Twenty-eighth and Harney streets, where it was stated a free-for-all shooting affair was in progress, the police patrol wagon and emergency buggy were filled with officers and hurried to the scene Sunday afternoon. Juvenile Officer Bernstein, former Humane officer Ellison, and Captain Ellison, formerly of the Humane society, in the midst of a large throng of excited people, in front of the residence of Henry N. Wakeley, 2724 Harney street. No dead bodies were seen lying on the ground, but it was explained that it is surprising the success which has followed the introduction of this wheat in that region. It now looks as if western Nebraska is going to become the great wheat region of the state."

JUST CASE OF TAKING A NAP

Supposed Burglar Simply Homeless Wanderer Without the Price of a Bed.

When someone saw John Nelson, a homeless individual, enter the partially constructed All Saints church building at Twenty-sixth and Dewey avenues Sunday night, a telephone message was sent to the police station that burglars were abroad, and a hurry run was made to the place by a patrol wagon. The building was surrounded and the surprised Nelson was arrested and taken to jail.

The windows of the structure are still covered with cloth to keep out the cold air while the men work inside, and Nelson had cut a hole in the cloth to get entrance. It looked much like burglary, but as the culprit was found lying down for a nap, it is believed he was merely looking for a night's lodging. He has been making his home at the Salvation Army hotel, but had grown even too poor to pay for a bed there.

WYOMING GROWS RAPIDLY

Remarkable Development Surprises Postmaster Palmer, Who Has Just Visited the State.

"I have just returned from Sheridan, Wyo.," says Captain H. E. Palmer, "and I am tremendously surprised at the great development, not alone of that city, but of the entire western country during the last two or three years, since my last visit there. It now has a population closely approximating 10,000 and is growing by leaps and bounds. Two new railroads have already entered and another is coming in from Miles City, Mont. In contemplating the wondrous development of that country during the last few years it is like a Rip Van Winkle dream. An empire has been built there within twenty years, and every advantage of the best civilization exists in Sheridan and the tributary country to it."

False Alarm That Time.

The case against H. E. Crawford of Des Moines, who was arrested Saturday night on suspicion of having stolen a watch from G. C. Cunningham, a fellow employe of the Omaha Crockery company, was dismissed in police court Monday morning. Cunningham missed his watch Saturday

Married Women

Every woman covets a shapely, pretty figure, and many of them deplore the loss of their girlish forms after marriage. The bearing of children is often destructive to the mother's shapeliness. All of this can be avoided, however, by the use of Mother's Friend before baby comes, as this great liniment always prepares the body for the strain upon it, and preserves the symmetry of her form. Mother's Friend overcomes all the danger of child-birth, and carries the expectant mother safely through this critical period without pain. It is woman's greatest blessing. Thousands gratefully tell of the benefit and relief derived from the use of this wonderful remedy. Sold by all druggists at \$1.00 per bottle. Our little book, telling all about this liniment, will be sent free.

DEAL ON FOR COAD CORNER

Negotiations Pending for Property at Seventeenth and Harney Streets.

OPTION SECURED BY GEORGE & CO.

More sales in farm land west of the city are made at substantial prices.

Negotiations are under way for the sale of the Coad property at the northeast corner of Seventeenth and Harney streets, and options on the property are in the hands of George & Co. It is not certain yet the property will be disposed of, as the real estate company's client has advanced no money, though he is considering the purchase seriously enough that the company is willing to risk its own money by giving an option, closing on January 15, and another was secured by George & Co. C. C. George says the Independent Telephone company is not contemplating the purchase of the corner.

More sales of farm property west of the city were announced Monday by Harrison & Morton. This firm has sold a part of the Woolworth estate, one portion to Oscar Pickard and one to Henry Rohlf, at \$15 an acre. The combined purchase of the two amounts to thirty-eight acres and the property is five and one-half miles west of Omaha, and one-half mile east of the Dodge street road.

Another real estate firm has sold sixty acres of the Woolworth estate at \$15 an acre. The buyer is thought to be Leonard Everett of Council Bluffs, who acquired the Connor farm of 400 acres a few days ago. All these deals on Woolworth property have been closed in the last few days.

Many sales at high prices.

Many sales of farm land in the same neighborhood have been made at high figures in the last year. The highest price was reached a few days ago, when ten acres of the Wear farm, on the south side of Dodge street, and miles out, was sold to C. Christensen at \$62.50 an acre. Mr. Christensen expects to build a large residence on the land in the spring.

ELLISON NO LONGER OFFICER

Stripped of Authority and Arrests Made by Him Are Not Legal.

Chief of Police Donahue has instructed those in charge of the police station not to recognize arrests made by Ellison. The chief will present a communication on the subject at the meeting of the Board of Fire and Police Commissioners this evening.

Chief Donahue said Mr. Ellison acted without authority, when he accompanied Police Officer Bernstein to Twenty-eighth and Harney streets Sunday evening to make an arrest.

H. S. Mann, secretary-treasurer of the Nebraska Humane society, Monday morning said the society would be in no hurry in the matter of selecting a successor to Francis Ellison, former superintendent of the society. Matters will be allowed to rest for awhile, Mr. Mann reported.

COURT LAMBASTS HEFFNER

Judge Crawford Tosses-Lashes Man Who Abuses Wife and Starves His Baby.

Peter Heffner, 565 Poppleton avenue, who was arrested last Thursday morning by officers of the juvenile court on the charge of abusing his wife and starving their infant child, was taken before Judge Crawford Monday morning. Heffner was severely lectured by the judge, as it appeared he had shamefully abused his wife and had neglected the child. Heffner, for his part, was also charged that he had given the child to Mrs. E. Blake, 613 Hickory street, after he had starved the child to nothing but skin and bones, but that Mrs. Blake was not giving it the best of care, Judge Crawford contended in the case against Heffner for three days, when his wife is to report as to Heffner's treatment of her and the case will then be finally disposed of. The child has been permanently given in charge of Mrs. Blake by the juvenile officers.

A Bold Step

To overcome the well-grounded and reasonable objections of the more intelligent of the use of secret, medicinal compounds, Dr. E. V. Pierce, of Buffalo, N. Y., has decided to make a bold departure from the usual course pursued by the makers of put-up medicines for domestic use, and so has published a full and complete list of all the ingredients entering into the composition of his widely celebrated medicines. Thus he has taken his numerous patrons and patients into his full confidence. Thus too he has removed his medicines from among secret nostrums of doubtful merit, and made them as open as the air.

MOUTH GOES AT WRONG TIME

Complaining Witness Goes to Sleep at the Switch and Protest Too Late.

Because the complaining witness did not make his presence known to the officers of the court and peacefully snored while the case of his alleged assailant was disposed of, James Anderson, 2015 Wyman street, was discharged in police court Monday morning on the charge of beating up the countenance of John Brandt, 114 North Sixteenth street, Saturday night. Brandt was present in court while Anderson told his story to the police judge and denied the attack. Brandt loudly protested that he had not been given a square deal when the case was tried, without his testimony, but the judge said the case was due to the man's own negligence.

FURNITURE PRICES GO UP

Increase of Ten Per Cent Levied by Factories to Make Up for Losses.

"The price of furniture has increased again, this time 10 per cent," remarked a local furniture dealer. "We had to meet the advance in buying some new supplies from the factories and wholesalers and the private customer must in turn meet it."

"There are several reasons which could be assigned for the steady and persistent increase in the price of furniture; the raw material for woodwork is scarce, as it once was, labor is higher, prices of all commodities have gone up—these are reasons; but I believe the main reason is that people for years did not buy as much or as good furniture as now and many factories went broke, whereas with a greater volume of business, they are prospering, people are buying more and factory men are seeing advantage of the opportunity to make up for their losses. And I don't know that they are altogether to blame. Perhaps you and I would do the same thing under similar circumstances."

Mangum & Co. LETTER SPECIALISTS

A claim He was Shortchanged.

A complaint was filed in police court Monday morning by John M. Mangum, a machinist at the Union Pacific shops, against the firm of Mangum & Co., a saloon at 714 North Sixteenth street, charging Jensen with having short-changed him in the sum of \$2, when Jensen cashed his pay check last Saturday night. It is alleged that Jensen refused to return the \$2 and denied he had failed to make proper change. Mangum & Co. says that a friend was short-changed by Jensen in the same manner.

PAIR OF ORDINANCES ON GAS

Bridges Measure on Location of Tanks and Fankhouser Bill on Quality Are Up.

Two important measures are being considered this afternoon by the city council in committee of the whole. Both matters are of a serious nature, one being the Bridges' ordinance regulating the location of gas tanks and the other is Mr. Fankhouser's ordinance regulating the quality of gas. On the latter ordinance the gas company asked for a hearing, which was set for this afternoon. Gas pressure, illuminating power and heat units are some of the subjects slated for a careful consideration before the general committee.

The gas tank ordinance drew the fire of an enthusiastic crowd of south siders in the council chamber last Tuesday evening. The ordinance, being defeated on a vote to adopt, was recommitted to the lighting committee. Councilmen Bridges, Fankhouser, Zimman, Elmsasser and Sheldon voted for adoption; with Mr. Bedford agreeing to support the measure if certain changes were made in the boundary lines mentioned in the ordinance.

A delegation of south side residents will attend Tuesday evening's meeting of the council and urge the adoption of the ordinance.

Mr. Ellison, who is organizing the Douglas County Humane society, continues to occupy part of room No. 48 in the city hall. His society formed a temporary organization Saturday afternoon and will meet again this week for the election of officers.

FEWER MEN AND MORE TIME

Such is Plan of Missouri Pacific in Its New Timekeeping System.

The Missouri Pacific has put into effect a new timekeeping system intended to secure a more systematic assignment of work and a more accurate record as to cost, and at the same time to reduce the clerical force necessary in the timekeeping department. Each shop will be given a time card each day on which will be recorded the time of beginning and quitting work and the distribution of his time while working. After being checked by the foreman the data from the time cards will be entered in the time book; two men, a checker and a timekeeper, will handle the cards. The records of the timekeepers will be checked by the traveling accountants, whose reports are intended to assist the traveling auditors in their final checking.

Prescribed and Endorsed by a Temperance Doctor

Dr. T. P. Palmer, Rives, Tenn., heartily endorses Duffy's Pure Malt Whiskey, the great renewer of youth.

Dr. Palmer, who is a strong temperance man, praises Duffy's Pure Malt Whiskey as a "medicine and for medical use only." He writes:

"I indorse Duffy's Pure Malt Whiskey as a medicine and for medical use and for nothing else. I oppose intemperance and favor all laws that tend toward the suppression of drunkenness."—T. P. Palmer, M. D., Rives, Tenn., Aug. 9, 1906.

Dr. Palmer is one of many thousands of doctors throughout the United States, who prescribe Duffy's Pure Malt Whiskey whenever a tonic stimulant is needed.

Duffy's Pure Malt Whiskey

The leading hospitals throughout the world use Duffy's Pure Malt Whiskey as the only alcoholic medicine for convalescents.

If you wish to keep strong and vigorous and have on your cheeks the glow of perfect health, take Duffy's Pure Malt Whiskey regularly, according to directions and take no other medicine. It is dangerous to fill your system with drugs. They poison the body and depress the heart, while Duffy's Pure Malt Whiskey tones and strengthens the circulatory system. It is recognized as a medicine everywhere. Duffy's Pure Malt Whiskey has been analyzed and tested by chemists for the past fifty years, and has always been found absolutely pure and to contain great medicinal properties.

CAUTION—When you ask your druggist, grocer or dealer for Duffy's Pure Malt Whiskey be sure you get the genuine. It's the one absolutely pure medicinal whiskey and is sold only in sealed bottles—never in bulk. Look for the label and make sure the seal over the cork is unbroken. Price, \$1.00. Illustrated medical booklet and doctor's advice free. Duffy Malt Whiskey Co., Rochester, N. Y.

BIG YEAR FOR THE BANKS

Business Shows Up Better Than Ever in Nebraska Financial Institutions.

That Nebraska banks have had a wonderfully prosperous year is shown by their reports issued under date of November 12, 1906. On the corresponding call a year ago 16 state banks and 162 national banks reported total deposits of \$128,622,082. At the end of 1906 state banks reported deposits of \$174,285 and the deposits of 162 national banks were \$20,674,502, a total of \$194,959,584, making the increase in deposits for the year \$66,337,502. The capital stock of the state banks was increased during the year \$69,330 and of the national banks \$22,590, making a total increase in capital stock of \$91,920. The surplus of all Nebraska banks is \$1,024,243 larger than it was a year ago; \$96,517 of this increase was by national banks and \$158,426 by state banks.

NEW WAY OF DRAWING JURY

Compliance with Stricter Regulations Takes More Time Than Under Old Method.

The compiling of the new jury list for the district court is progressing as rapidly as may be expected under the increased strictness of the procedure this year. Howard H.
