At the close wheat for May delivery was a shade higher. Corn was up %c. Oats gained 140%c. Provisions were folior lower. receipts were 210 cars with none of contract grade.

The market for oats was strong and active, leading bulls buying heavily of both May and July. This demand induced free covering by shorts. Most of the offerings came from small holders. Continued small local receipts strengthened the market. May opened a shade to 1/2 higher at 37/40 to 37/40, advanced to 37/40, and closed at the highest point. Local receipts were 76 cars. cars.

Provisions opened firm because of a 5c advance in the price of live hogs, but the market soon weakened on free selling by pit traders. Local packers were apparently disinclined to support the market and until the close of the session sentiment favored the bears. At the close May pork was down loc, at 18.55. Lard was off 5c, at 18.50. Ribs were 74c lower, at 19.15.

Estimated receipts for tomorrow are: Wheat, 40 cars; oars, 154 cars; hogs, 35.00 head.

At the closs wheat for May delivery was a shade higher. Corn was up by C. Oats gained 469%. Provisions were solide lower.

Several lictors affected the wheat market during the day, but the most important was the billish enthusiasm displayed in the oats pit The market opened a triffe easier because of lower cables and favorable weather in the winter wheat territory. Extremely small receipts these bearish influences and later whan the price of oats advanced in the sentiment in the wheat pit became bullish. Prices, however, showed only moderate changes. Other influences strengthening the market were a lively demand for cash wheat at Minneapolis and Kansas City and an improved demand for day opened unchanged to a shade lower at 765,764,c. Clear alone of wheat and four were equal to 128,460 but. Primary receipts were 236,000 hu. against 760,000 for the same day last year. Minneapolis, Duluth and Chicago reported receipts of 184 cars against 300. Wet weather throughout the central states causes firmness in the oorn market. Local receipts today were less than one-half of the estimated amount and this brought out a good demand for cash grant. The volume of trading was small and the market closed firm. > Judge Howard Kennedy wishes publicity given to the desire of the juvenile court authorities to find homes for three boys and girls now at the detention school on South Tenth street. These children are at the school as "dependent children" and not because of any delinquency or bad habits. The girls are 3, 11 and 12 years of age, while the boys are 8, 10 and 14. Two of the boys are brothers and are orphans. They love each other dearly and are almost inseparable. Judge Kennedy would like to see the brothers go together. The procedure will be that if homes are not found for these children they will be sent to the Home for the Friendless at Lincoln.,
