GRAND JURY FINISHES UP

Number of Indictments Returned, but Only a Few Are Made Public.

TOWN JAIL AT MINDEN IS CONCERNED

Not Sufficient Provision to Keep Prisoners Warm—All Other Jails and Hospitals in County Are Given a Clean Bill.

The district court grand jury completed its deliberations for this term yesterday and reported a number of indictments, only six of which were made public, the defendants named in the others not being in custody.

The grand jury also made a report of its examination of the jails in Neola, Minden and Underwood, St. Bernard's hospital and the city and county jails in Council Bluffs. It gives all of the places visited a clean bill of health except the jail at Minden, where it was found that the inmates were not given proper and sufficient protection against cold weather.

The indictments made public yesterday were: Two against John Pruett and Hal Merriam. In one they are charged with the theft of a horse, valued at \$100, the property of Mrs. M. D. Fulmer, from the pasture of Benedict Haag, and in the second they are charged with the theft of a horse, also valued at \$100, the property of Haag, from the same pasture on November 20. Their bonds under each indictment was placed at \$500 each.

Two indictments are against Frank Fishburn, tender of the Rock Island pumping station at Neola, charged with mistreating young girls. One indictment charges him with a serious offense against Helen Doyle, aged 11 years, and the other charges similar offense against Eva Seiff, aged 9 years. In the first indictment his bond is placed at \$1,000 and in the second at \$500. One indictment is against Charles Etherton on the charge of larceny as follows: On December 27 last, it is alleged, Etherton hired a horse and buggy at \$200 from M. E. Weatherbee, proprietor of a Broadway livery, which he attempted to dispose of to F. A. Davis for \$75. His bond is placed at \$500.

One indictment is against Fred Schiefer, charged with lewdness. Schiefer was arrested at Minden, where he was living with a young woman named Hazel Pierce. His bond was placed at \$500. The grand jury returned "no bills" in the cases of Dave McCrea, engineer at the Ogden hotel, charged with the theft of two automobile lamps, two inner-tire tubes and several tools, and in the case of Henry Watkins, the colored porter at the Metcalf building, charged with the theft of \$2 from a desk in one of the offices in the building.

In district court yesterday Judge Thornell, after hearing the testimony of the defendant in the divorce suit of Claude Blakely against Ida Blakely, granted her the decree on her cross petition. Mrs. Blakely testified to frequent assaults on the part of her husband and made special mention of the beatings she said she had received on the fourth of July and election day last November. The beating on election day brought their troubles to a culmination and a few days later Mrs. Blakely was forced to leave her husband's home. A stipulation as to the division of their property was reached. Mrs. Georgia Hull was granted a divorce from her husband, Roy Hull, as the latter is now serving a life sentence in the Anamosa penitentiary for the murder of Daniel Leary, foreman of the Armour Paper company of Toledo, Ia., in December, 1906, a few months after his marriage to the plaintiff.

Saloon Man Cashed Bad Check. Saloonkeepers have their troubles the same as other people and James Montgomery, who caters to the thirsty on South Main street, is no exception to the rule. Several days ago Montgomery cashed a check for \$25 for a customer. The check was drawn on a bank at Harlan, Ia., and was signed "Chris Hansen." The check was returned as being worthless and Montgomery commenced to look for the man who had passed it on him. Montgomery's suspicions were directed against L. J. Buck, a resident of Harlan, who was said to have been in Council Bluffs and a patron of the Montgomery saloon. Montgomery went to Harlan and called upon Buck to square matters. Buck, however, denied he was the man who had passed the check. Montgomery went before Justice Greene and filed an information against Buck. Armed with a warrant for his arrest Constable Palmer journeyed yesterday to Harlan to take Buck into custody and bring him to Council Bluffs.

MISCOUNT OF VOTES MADE

Corrected Total Shows Cummins' Plurality Over Twenty Thousand.

ERROR IS MADE IN BUTLER COUNTY TOTAL

Caucus to Name Republican Candidate for Senator Called to Meet Monday Evening—Election Is to Be Held Tuesday.

(From a Staff Correspondent.) DES MOINES, Jan. 14.—(Special.)—Governor Cummins' plurality is above 20,000 after all, and election bids paid on the first announcement of the official figures from the canvass of the joint session of the house and senate yesterday must be changed. It was discovered the mistake of votes was made yesterday in announcing the vote for Cummins in Butler county to the tellers working the adding machine. This gave Cummins a plurality of 20,572 instead of a plurality of 19,723 as announced yesterday, and a total vote of 26,906 instead of 26,068 as announced yesterday. The mistake came in announcing the total vote for Cummins in Butler county. The vote was 1,941 and was announced 1,041. The semi-official returns announced shortly after the election gave Cummins plurality as 20,523.

Date of Senatorial Caucus. The steering committees of house and senate met this morning and decided to hold the caucus on a "closed" day, Monday evening at 7 o'clock. This is in flat opposition to the wishes of Senator Dolliver, whose representatives here have been arguing for an early caucus. The caucuses are usually held much earlier and have been held as early as the first day of the session. The late date affords Cummins' friends an opportunity for bringing pressure to bear on Dolliver and is a victory in their favor. Messervy has been urging all week that the caucus be held Thursday. The election takes place Tuesday next, and unless the call had been for that morning, as some were in favor of doing, the Saturday night date is the latest possible.

At a late hour tonight Senator Dolliver had not arrived and Victor Dolliver and S. T. Messervy both stated that he might not arrive till Monday though it is possible he may reach the city tomorrow. Tobin's friends in Marshall county have circulated petitions to Representative Arney and Senator Eckles asking them to withdraw their support to Chase.

Office Building Changes Hands. F. M. Hubbell today bought the office building of the Equitable Life of New York at Sixth and Leavenworth streets in this city for the Equitable Life of Iowa. The building is the finest and most substantial office building in Iowa. The price was \$200,000.

GRAIN AND STOCK JUDGING SCHOOL

RED OAK, Ia., Jan. 14.—(Special.)—The Northwestern Iowa grain and stock judging school, which opened here Monday with an enrollment of 265, is the largest of its kind held in Northwestern Iowa. Tomorrow a 1,500-pound steer, which was specially selected and fed for this school, will be killed and dressed. Humbert & Son have their imported horses, and Bixler & Shoemaker a herd of fancy Shorthorn cattle from Corning, Ia., as specimens being the stock judging school.

SIoux CITY—Gallinsky Brothers of Council Bluffs will and restore to the public the grocery and fruit house in Sioux City.

ONAWA—J. M. Jividen, a retired farmer, died at 1:30 p. m. today in aged years at Mr. Jividen came from West Virginia to Lincoln township, Monona county, many years ago and has since resided there. He was one of the best known farmers in that township.

ATLANTIC—The Atlantic station is short on stock cars again. There are over six carloads of stock in the yards waiting shipment to market, but the agent is unable to secure cars in which to ship them. This condition has existed for several days and there is no apparent relief in sight.

IOWA FALLS—After having voted for every republican candidate for president since the birth of the party, Simeon Bond, aged 36, with his wife, aged 30, celebrated their seventh anniversary of their marriage yesterday. Mr. Bond was born in Indiana in 1838. They came to Iowa Falls in 1858.

ONAWA—Dr. J. S. Battin, for several years a resident of Onawa, has sold his real estate and returned to the practice of his profession in Onawa, Ia. He was a member of the Onawa Lumber and Coal company and a director of the Onawa Lumber and Coal company.

ONAWA—At the home of Messrs. Fairchild & Howard, Blue lake, herd of 100 head of cattle, including 100 head of calves, were sold for one cow, others sold for \$1.00 and \$2.00, and parties were present from Lake City, Waukegan, Monticello, and Farmers, Ida Grove, Ia., and from Indiana. The farmers were ready to pay \$50 or \$100 for a hog provided they were suited and the prices indicate prosperity.

BATH HOUSE GRAFT ALLEGED Charges Against Prominent Thermopolls Men Will Be Laid Before Wyoming Legislature.

SHERIDAN, Wyo., Jan. 16.—(Special.)—Sensational charges implicating three prominent citizens of Thermopolls and the Wyoming State Board of Health in a reform are published in the Thermopolls Record, and reveals a conspiracy to defraud the state of the \$2,000 yearly appropriated for the maintenance of the bath house, and to cause the public to patronize private institutions.

The statement is made that the handsome stone building erected by the state as a free bath house has been closed since cold weather, and that the building has never been provided with either heat or lights, although the state has made appropriations to thoroughly furnish the building. The report is said to be based on tanks, through which the water leaks, requiring the bath to frequently replenish the fluid to receive benefit from the healing waters. The floors are covered with filth, according to the report, and foul odors from within menace the health of the bathers. The report also furnishes the means of turning the water on or off.

A private company engaged in bottling the waters of the hot springs, it is charged, has successfully kept out all competition by falsely claiming to hold a franchise from the state, when as a matter of fact it has been ordered to remove from the state reserve, and has made representations to the state that they have so removed.

Three Thermopolls citizens, financially interested in the bottling works and private sanitariums, are charged with having influenced the state board through false representations. The charges are to be laid before the Wyoming legislature in printed form tomorrow.

Building and Loan Officers. YANKTON, S. D., Jan. 14.—(Special.)—At the annual meeting of the Yankton Building and Loan association the following officers were elected: O. Peemiller, president; W. E. Dean, vice president; George Wilson, treasurer, and S. S. Buckner, secretary. The annual report showed the company had \$40,000 in gift-edged loans. The directors elected were: E. D. Ward, E. O. Walgren, O. Peemiller, William Bader, E. E. Lloyd, W. B. Dean, M. W. Jenks, H. Tammen and A. Sneen.

Father Takes Care of Erratic Child. CHEYENNE, Wyo., Jan. 16.—(Special.)—Henry Pounds of Pender, Neb., father of M. C. Pounds, who on Saturday night accused the physicians of Cheyenne of trying to poison the whole community and demanded \$5,000 hush money and was held on a charge of insanity, is here to look after the young man. He will take him to Pender, where it is hoped a change of climate and location will restore him to his normal condition.

Wyoming News Notes. KEMMERER—J. P. Folger, for a long time chief dispatcher at this point for the Oregon Short Line, has been notified of appointment as trainmaster of the first and second districts, extending from Granger City, Wyo., to Denver, Colo., a well-deserved promotion. Mr. Folger was elected mayor of Kemmerer in May, 1906, and his term of office will not expire until June of this year.

WORLDLAND—More than fifty car loads of supplies have arrived to be used in the building of the railroad between here and the coal fields twenty-five miles southwest. After the road is completed the coal fields the mines will be developed and will give employment to thousands of people. The coal fields are sixty miles long and twenty-five miles wide.

RIVERBON—Work being pushed on the Wyoming Central Irrigation company probably be doubled in a short time. Gov. Chauncey D. Stewart, who will have his farm at Riverbon, is expected to take over the active management of the work. The lower ditch will be completed in time to irrigate the water on the land for several years.

ST. LOUIS, Jan. 16.—The worst sleet storm conditions in years prevailed in St. Louis and vicinity. Electric wires are down all over the city, trains are delayed, street car traffic is badly interrupted and during the day St. Louis has practically been cut off from communication with the outside world. In the suburbs hundreds of trees have broken down under the weight of ice and telegraph and telephone poles have snapped off.

Three trains from the east and southwest, due to arrive between 7:30 and 9 o'clock this morning, were lost for several hours today. The wires were down and the roads were unable to get any trace of them. They were Missouri, Kansas & Texas from Galveston, the Iron Mountain from Texarkana, and the Baltimore & Ohio Southwestern limited from New York. Finally the Iron Mountain rolled in over seven hours late. The Baltimore and Ohio was four hours behind time and up to early evening the Missouri, Kansas & Texas had not arrived. At union station great confusion prevailed. Trains were late leaving because of the departure from the schedule, and the irregular arrival of the trains.

John O'Keefe was instantly killed today by coming in contact with a broken telephone wire that dangled in an alley and crossed a cable of high power wires. Superintendent Altman of the fire alarm and municipal telephone system, stated that the sleet storm has caused more damage to the city's telephone system than has been suffered since the tornado of 1892. The alarm system in twenty fire engine houses was rendered useless by falling wires. Hundreds of telephones in private residences are out of commission.

Storm Extends into Oklahoma. KANSAS CITY, Jan. 16.—The most severe sleet storm in twenty years prevailed last night in the middle and northern portions of Missouri. Scores of telephones and telegraph poles were carried down under the weight of ice, rendering wire communication impossible. Trains from the east and north were late today.

ARKANSAS CITY, Kan., Jan. 15.—Southwestern and northern Oklahoma is covered with ice today. Rain fell last night and the temperature dropped below the freezing point. Conditions are bad for stock. Wires are down and trains are late.

JEFFERSON CITY, Mo., Jan. 15.—The heavy sleet of last night ruined many of the large trees on the state house grounds and around the governor's mansion. Dozens of wires also are down, and today the capitol walks were almost impassable.

PIERRE, S. D., Jan. 16.—(Special.)—Reports from the prairie section about this city, both east and west of the river, indicate severe loss of live stock unless there is a decided change in weather conditions. The prairie is covered with over a foot of snow, with a crust near the surface from early falls, and all grass is buried out of sight.

HIRON, S. D., Jan. 16.—(Special.)—This section of the state has been experiencing a week of severe weather. There is from ten to fourteen inches of snow covering the ground and the temperature has ranged from 10 to 20 below zero. Railroading, however, has not been interrupted and there is plenty of fuel at this point and at other stations on the Dakota Central division of the Northern. Stations on the Great Northern in this vicinity are also well provided with fuel.

Phillippe to Marry and Quit Game. SIOUX FALLS, S. D., Jan. 16.—(Special.)—According to an announcement made by J. Phillippe, father of Charles Phillippe, the famous ball player, the latter is expected to enter the ranks of the benedictines. The father says his son expects to come to Spink county in the near future for the purpose of visiting relatives and that his friends in South Dakota and elsewhere need not be surprised if he brings a bride to South Dakota with him. The son Phillippe is at present at Athol, S. D., where he is the guest of a daughter. He further says his son has abandoned pitching, but may continue in the base ball business as an umpire. Prior to gaining fame as a pitcher the younger Phillippe was a resident of South Dakota.

Train Collides With Buggy. YANKTON, S. D., Jan. 16.—(Special.)—Ole Lee and John Esterson, both of Volin, driving a top buggy, were struck by a Milwaukee passenger train. Both men were thrown out and received serious cuts and bruises. The horses were torn away from the rig, which was smashed to splinters at the front end. The horses were apparently not injured beyond a great shakeup.

South Dakota Brief News. GREGORY—Train service from Herriek to Gregory will be established in a few days. A large cut about two miles west of Herriek has delayed the track laying for some time, but is about completed. The people of Gregory and the surrounding country expect some relief in the way of prices on lumber as soon as the road is in operation. Trains began running as far as Herriek this week.

GREGORY—This section of the country, which usually has exceptionally fine winters, has had to take a back seat this season, as there have not been two good days of harvest, and a great amount of grain is still in the field. Much small grain also is being held in the field waiting for favorable weather to thresh.

More Land Withdrawn. WASHINGTON, Jan. 15.—Secretary Hitchcock has issued an order withdrawing from all forms of disposal under the public land laws, except mineral laws, the vacant, unappropriated public lands in Skiyau and Modoc counties, California. The lands withdrawn will be added to the Modoc forest reserve. They include about 46,190 acres in northeastern California, adjoining the Mount Hoffman withdrawal and the Modoc reserve.
