STRAWBERRIES LOOK GOOD

Big, Red and Lucious and Only Sixty Cents the Quart Box.

CALIFORNIA AND FLORIDA ORANGES

Plenty of Citrus Fruit on the Market at Reasonable Prices, with a Steady Supply of Green and Good Things to Eat.

Big red strawberries, such as have not been seen since last spring, were in the market Friday morning, selling for 60 cents a quart. Their appearance was doctored, however, for they were soft and watery, having been too heavily loaded in shipping from the south. Aside from some variation in price, other fruits are about as they have been, there being nothing new in market. California oranges are getting better right along and sell from 15 to 40 cents a dozen, while the Florida oranges sell from 20 to 40 cents a dozen. A fine lot of pineapples are being offered at from 15 to 20 cents each. Malaga grapes are about the only variety available just now and sell from 20 to 40 cents a pound. Grape fruit looks a bit rusty, but is large and good and sells for 10 and 12 1/2 cents each. Lemons are 15 and 20 cents a dozen and all sorts of apples are to be had from 20 cents a bushel to 40, 50 and 60 cents a peck. Kumquats are 25 cents a small basket; figs, 15 and 20 cents a pound; dates, 25 cents a quart; cabbage, 5 and 10 cents a head; cucumbers—some of them look almost like gourds—15 and 20 cents each; cauliflower, 20 and 25 cents a head; artichokes, 20 and 25 cents each; celery, 5 and 10 cents a stalk, and it does not look very nice; cranberries, 10 and 12 1/2 cents a quart; head lettuce, 10 and 15 cents each; leaf lettuce, 5 cents a head; spinach, 20 cents a peck. New potatoes are a little cheaper, selling at 10 cents a pound or three pounds for 25 cents. Sweet potatoes are 20 cents a peck and old potatoes 20 cents a peck or 15 cents a bushel.

cents a pound in the frame; mushrooms, 40 and 75 cents a pound; hominy, 10 cents a pound; coconuts, 10 cents each, and cider 25 cents a gallon.

Winter Vegetable Recipes.
 Parsnip Cakes—For this purpose they must be boiled until tender; pressed through a colander, and to each four good sized parsnips a well beaten egg and one tablespoonful of flour should be added; mix, form into small round cakes and saute in a little beef dripping.
 Baked Parsnips—Cut in halves and boil until tender; drain and put in a baking dish, baste with melted butter, dust thickly with granulated sugar and bake in a moderate oven until a golden brown.
 Boiled Beets—Old beets require great care in boiling. Four hours' slow cooking will, as a rule, make them tender. If they are wilted and tough, soak them in cold water overnight. Next morning wash, put them into boiling water and cook slowly. When done remove the skin by rubbing with a towel; cut into thin slices, dish in a hot dish, dust with salt and pepper, and pour over a little melted butter. Those left over may be put in vinegar and used as a garnish for potato or carrot salad.
 Carrot Timbales Baked in Cups—Boil carefully in unsalted water until tender. Grate three good sized carrots, add to them half a cupful of cream, four eggs beaten until light, a teaspoon of salt, and a dash of pepper. Fill into small custard cups, stand in a baking pan of boiling water and bake in a moderate oven for thirty minutes.

MORE CRIME, SAYS SUTTON

Law Violation in Douglas County Shows Increase to District Judge.

Judge Sutton of the district court was congratulating himself Friday on the fact that he had tried his last case in the criminal court for at least a year. Two cases had been set for trial Friday, but both prisoners pleaded guilty. "Low" Foster of petty larceny and John Pittman of robbery. Judge Sutton sentenced the latter to fourteen years in the penitentiary and then sighed happily as he realized the burden of the criminal business of Douglas county had rolled from his shoulders. If one man were to take upon himself the serving of all the sentences imposed by Judge Sutton during his year on the criminal bench it would take the unhappy wretch more than 800 years. This is exclusive of life sentences and sentences to hang. Ninety-eight persons were sentenced to the penitentiary by Judge Sutton during the year for terms varying from one year to thirty years, two were sentenced to hang and several to life imprisonment.

"A very noticeable increase in crime in Douglas county has been apparent during the last year," said Judge Sutton. "And a significant fact is that more than one-third of the malefactors sentenced to the penitentiary are negroes. The proportion was not nearly so great a few years ago and the only thing that accounts for it is the large importation of southern negroes to this country by contractors. They know no law. Where they come from they are kept in their places. Infringement of the law is followed by swift and severe punishment. In the comparative freedom of the north they are a menace."

The jurist ended their service for the present term Friday evening. There are a few prisoners still to be sentenced, but the judge will have no more trials. Judge Troup will take the docket, beginning with the February term.

HIGHEST QUALITY—LOWEST PRICE
 You want both, of course. Did you ever stop to think that the surest place to get them is only found where the stock is so big and the customers so many that the dealer can afford to make his margin of profit very small on each individual sale. This cannot be done by the small dealer. We are the largest dealers of meats and poultry in Omaha. Our customers are many and our profits small, but we always insist upon high quality. You get the benefit. A complete stock of everything in the meat line always on hand—always fresh—always clean—we handle no cold storage goods.

BIG MONTH FOR BUILDING
 January Beats Record in Half Time of Any Other Same Fall Month.

Reports of the city building inspecting department, which includes operations of the building, boiler and plumbing inspectors, show that in 1906 the receipts were \$8,735.75 and expenditures \$8,000.74, making a

net credit of \$230. The plumbing department shows the best year in the history of the office, over 5,000 plumbing fixtures having been installed, with larger cash receipts by the office than ever before. Building permits issued thus far this month have exceeded the total for any January for some years. Forty-eight building permits have been issued so far this month, as against a total of forty-five for January, 1906; twenty for January, 1905; twenty-five for January, 1904. Of the

WORTH REPEATING
 Last week we incidentally called attention to the manner in which our poultry is handled and why it is better than you can get elsewhere. It's worth saying again: We draw all our own poultry; you know that, of course, but you should also know that it is not kept on ice or in ice cold water; it is hung in a cold room, at an even temperature, and the result—fresh, dry and retains its natural delicious flavor.

WE HAVE THESE SPECIALS FOR SATURDAY.
