

NEWS OF INTEREST FROM OMAHA

WORK OF THE CLUB WOMEN

Bills in Nebraska Legislature Get Some Further Endorsement.

CHILD LABOR AND EQUAL INHERITANCE LAW

Douglas County Members Will Be Notified of Club's Position on Measures Now Pending.

Monday was a legislative day with the women's club. It was the midday business meeting and the greater part of a very full hour was devoted to the presentation and discussion of half a dozen matters regarding which legislators, national state and municipal, will be asked for favorable action. The child labor law and compulsory education bill and the equal inheritance bill, now before the legislature, came up first, and the secretary was instructed to communicate with the Douglas county representatives in the legislature, asking their support of the bills. The pure food committee has not yet reported, but the same support will be asked for its recommendations. The support of Nebraska's representatives in congress will be asked for the child labor bill for the District of Columbia, for the bill providing for a permanent children's bureau and for a bill carrying an appropriation of \$500,000 for the investigation of the industrial conditions of women and children.

Reform in City Jail

A report was made from a committee that recently visited the city jail, and upon its recommendation the club will ask the board of police and fire for a complete separation of the men and women prisoners at the city jail and for a night matron in that institution. The club also endorsed the Beveridge-Parsons child labor bill in congress and the Lodge bill pertaining to the District of Columbia.

A communication was read from the vice president of the Second District, Mrs. Edward Johnson, asking the support of the Omaha Women's club and other clubs of the city in the entertainment of the district meeting some time in February. It was decided to leave the decision of place with Mrs. Johnson, the club to accept her decision.

The club was presented a picture of Mrs. Lucy Savage, its first president. Mrs. Harry Miller being the donor. The program followed, including music, a recitation, a talk by Dr. J. P. Lord on the orthopedic hospital at Lincoln and a paper by Mrs. Fred Burnett on "Wild Foods."

Nebraska Federation Chairmen. While the membership of the standing committees of the Nebraska Federation of Women's Clubs has not as yet been filled out, the chairmen have all been appointed and are: Industrial, Mrs. Mary Hart, Peru; Art, Mrs. Helen Norris, North Bend; Household economics, Mrs. Margaret Carna, Lincoln; civil service, Mrs. Helen Harrison, York; civic and forestry, Mrs. Halleck Wayne, Lincoln; legislative, Mrs. Emma Fife, Wayne; educational, Mrs. Packard, Kearney; literary, Miss Nannette McCann, Fremont; reciprocity.

Club Women at Jamestown

Club women are beginning to hear a great deal about the council to be held at Jamestown next June, when many matters in which the General Federation of Women's Clubs are interested and which must have consideration before the Boston convention in 1908 will be presented. This will be the second council and a meeting next in importance to the biennial. General officers, standing committee chairmen and state federation and club presidents will make up the body. The work of the General Federation has assumed such proportions that a council alternating with its biennial convention has become a necessity and some of the most important considerations will be presented at the Jamestown meeting next June.

Ignorance and Indifference. Mary McDowell of Chicago writes: "It is ignorance and indifference, not cruelty, that prevent the most practical steps from being taken to improve the lot of the poor who work in it—a trimming room, where all sun, light and air are shut out, where the walls are running with cold sweat and the floor is covered with water, where the temperature is 38 degrees Fahrenheit, colder than an ice box, and where the girls who trim the pork for the sausage must work ten hours a day. If one of these girls is taken with tuberculosis the packer will give generously to one who intercedes for her, but he does not see the relation of the work to the disease. That is the relation he and all of us must know."

Iowa Women at Kingston

News from Kingston, Jamaica, is anxiously awaited by relatives and friends of two young women from this county who are stationed at the scenes of the recent earthquake as missionaries under the direction of the Friends' church. Miss Gertrude Marriage of this city and Miss Leah Terrell of New Providence went to Jamaica several years ago and while the statement that no Americans perished, news from these young ladies is naturally awaited with interest.

Distemper in Horses

SIDNEY, Ia., Jan. 21.—(Special.)—An epidemic of distemper among horses has broken out in the neighborhood of Thurston. A disease among horses has been prevalent in this county for several days and many farmers have lost all their horses. Some call the disease cholera and others think it some kind of lung disease.

Lightning Strikes House

SIDNEY, Ia., Jan. 21.—(Special.)—The residence of W. H. Gay near Tabor was struck by lightning one night recently. The bolt first struck a telegraph pole shattering it to pieces, then followed the wire into the house where it broke the glass in a large bay window.

Iowa News Notes

LOGAN.—Logan is to have a new Chinese laundry, operated by one George P. Fung. The laundry is located in the building formerly occupied by the Logan National bank.

Shingles at Low Prices

If in the market for shingles, give us a chance to quote you. We have a large stock of different grades and our prices are as low as a business house can make and still continue in business.

Charity Workers Confer

A meeting was held yesterday at the home of Mrs. H. W. Binder of the committee of three from the Pastors' association, of which Rev. H. W. Starr is chairman, and a like committee from the Associated Charities, consisting of Mrs. Ray Blaby, Mrs. Mark Williams and Mrs. Binder. The purpose of the meeting was to confer as to the distributing of the city for charitable purposes. The object of this is to secure more systematic work among the charitable organizations of the city and prevent imposition by those not entitled to aid.

Mrs. D. W. Selby Dead

A telegram received here announced the death of Mrs. D. W. Selby, formerly of this city, at her home in Boulder, Colo., yesterday morning. Besides her husband, who was deputy county treasurer under I. G. Connelley, two sons and one daughter survive her.

Mr. and Mrs. Selby removed with their family from this city in May, 1896, and located in Boulder with the hope of benefiting Mrs. Selby, who was afflicted with tuberculosis, which was the direct cause of her death.

Mrs. Selby was a member of Lily Camp, Royal Neighbors of America, Rebekah lodge No. 1, Independent Order of Odd Fellows, and Harmony chapter, Order of the East-

"I note that we cut out the appendix," explained Councilman Youngman, to which one of the councilmen replied: "We can't do that very well, seeing that Mayor Macrae is not present, and he is the only one who understands cutting out an appendix."

Councilman Wallace insisted that it was all "tomfoolery" to read all the details of the report, including the length and price of pipe, etc.

"Well, what did Mr. Kierstead write all this for if it is tomfoolery?" queried Councilman Smith. "You've seen all of the report, but we have not seen it all now, seeing that the city paid \$1,000 for it."

Councilman Knudsen ventured to state that his friend from the Fifth ward had a perfect right to have the whole report read, and this prompted Councilman Wallace to turn upon Councilman Knudsen and explain him that he at the meetings of the special committee was against giving out the report to the public.

As soon as the councilman from the Fourth ward could get his breath he replied to the chairman of the special committee, saying: "That is so, I really wanted the report, but back from the public until it was given to the other members of the council."

Finally Councilman Smith's insistence that the whole report, appendix, details and all, should be read carried the day and Clerk Sapp resumed his monotonous task of reading and the light shone out with a happy motion to adjourn the council, amidst a scramble for their hats, overcoats and overshoes.

The council is scheduled for a session this afternoon, but as no action can be taken on the water works matter, the meeting, it is expected, will close for want of a quorum.

The Morgan Upholstering Co., C. A. Morgan, manager, will open for business Saturday, January 26, 1907, with the Douglas shoe Co., 512 Broadway, and for thirty days will make special prices on all upholstery, mattress work, repairing, refinishing. Our sample prices will be couches in walnut, leather or tapestry at \$6 to \$8. Hair and moss mattresses made over for \$1.50. Cotton, wool and excelsior. LIGHTS GO OUT ON COUNCIL

Break Comes in Middle of Reading the Report of Engineer Kierstead.

SMITH INSISTS ON HEARING ALL OF IT

Fading of Lights Comes to the Relief of Members and Council Adjourns Until This Afternoon to Complete Task.

For two hours last night the city council, in session as a committee of the whole, sat and listened to Clerk Sapp read the report of Engineer Kierstead on the water works. When the electric lights suddenly went out a few minutes before 10 o'clock, whether by accident or through the connivance of one of the councilmen who was getting tired, a motion to adjourn to this evening prevailed, despite the assertion of Councilman Wallace that he was willing to stay until 2 a. m. to complete the reading of the report. At adjournment Clerk Sapp had succeeded in reading something less than one-half of the bulky document.

When Mr. Sapp completed reading the general report and started on the "appendix" several of the councilmen thought they had heard enough, but Councilman Peter Smith would not be content unless the entire report, appendix and all, was read, and he carried the day.

"I note that we cut out the appendix," explained Councilman Youngman, to which one of the councilmen replied: "We can't do that very well, seeing that Mayor Macrae is not present, and he is the only one who understands cutting out an appendix."

Councilman Wallace insisted that it was all "tomfoolery" to read all the details of the report, including the length and price of pipe, etc.

"Well, what did Mr. Kierstead write all this for if it is tomfoolery?" queried Councilman Smith. "You've seen all of the report, but we have not seen it all now, seeing that the city paid \$1,000 for it."

Councilman Knudsen ventured to state that his friend from the Fifth ward had a perfect right to have the whole report read, and this prompted Councilman Wallace to turn upon Councilman Knudsen and explain him that he at the meetings of the special committee was against giving out the report to the public.

As soon as the councilman from the Fourth ward could get his breath he replied to the chairman of the special committee, saying: "That is so, I really wanted the report, but back from the public until it was given to the other members of the council."

Finally Councilman Smith's insistence that the whole report, appendix, details and all, should be read carried the day and Clerk Sapp resumed his monotonous task of reading and the light shone out with a happy motion to adjourn the council, amidst a scramble for their hats, overcoats and overshoes.

The council is scheduled for a session this afternoon, but as no action can be taken on the water works matter, the meeting, it is expected, will close for want of a quorum.
