The wheat market opened firm in sympa-The wheat market opened firm in sympathy with a moderate advance at Liverpool. The failure of the predicted cold wave in the southwest caused some weakness despite the fact that weekly statistics were favorable to the bulls. The main items in these statistics were a decrease of 584,000 bushels in the amount of breadstuffs on ocean passage and the smallness of the sympathy advances in the statistics.

NEW YCKK. Jan. 21.—COFFEE—Market for futures opened steady at unchanged prices to a decline of five points, in keeping with lower cables than expected and selling attributed to western long interests. There was good buying at the decline, however, later cables from Havre reported nearly the full recovery of the early loss and the market here firmed up during the little session, with sentiment also favorably influenced by smaller Brazilian receipts. The close was steady, net unchanged to five points higher. Sales were reported of 54.250 bags, including January at 5.30c; February, 5.25c; March, 5.35c; April, 5.40c; May, 5.4625.50c; July, 5.50c; September, 5.7065.75c; December, 5.20c.
