LUMBERMEN ISSUE APPEAL

Demand Right Under the Law to Organize to Protect Themselves

SAY THEY ARE VICTIMS OF MONOPOLIES

Insist the Law Should Be Amended if It Prevents Co-operation Among Tradesmen for Their Own Protection.

LINCOLN, Jan. 24.—The State Lumber Dealers' association, in resolutions passed at the meeting here tonight, demands the right under the law to organize as labor is permitted to do. The resolutions say: "The laws of the state and nation should not be used to stifle and prevent organization and co-operation among trade interests."

It is further declared that if a proper legal construction of the present state and national laws prevents tradesmen from protecting their interests by organization from powerful and selfish monopolies, which seek to ruin them, the law is wrong and should be amended.

STOCKMEN SUE RAILROAD Damages Amounting to Fifteen Hundred Asked of the Burlington.

HASTINGS, Neb., Jan. 24.—(Special.)—In a suit filed in the district court against the Burlington railroad three Hastings stockmen tell a long tale of hard luck, which they say was all caused by the carelessness and negligence of the defendant company. The plaintiffs are John C. Powell, Edgar J. Tanner and Charles D. Palmer.

Their bill for damages aggregates \$1,500. The claim arises from the handling of six shipments of live stock. One item is for \$500 to reimburse the plaintiffs for shrinkage in weight of 500 head of stock through delays in transit.

Another instance is related where the shippers arranged with the Burlington agents at Hastings for transportation of three carloads of Spanish mules and cow ponies from Denver to South Omaha for a stipulated rate per 100 pounds. It is alleged that disregard of the agreement the company charged them almost double price for transportation.

On another occasion a shipment of cattle was started from Hastings for South Omaha. The stock was delayed eight hours in Lincoln, and landed in South Omaha after the day's market had closed.

The ruling market price was several cents lower next day and the railroad company is asked to pay the difference, amounting to \$225. There are numerous other items in the bill for damages in the delay of shipments, for shrinkage in weight and for the feeding of stock in transit.

SCRIBNER WANDERERS ARE FOUND School Teacher and Boy Join Theatrical Troupe and Come to Grief.

KANSAS CITY, Mo., Jan. 24.—(Special Telegram.)—Miss Wilma Frazier, 19 years old, who was a school teacher of a country school ten miles west of Scribner, Neb., decided to become an actress. Thanksgiving day she drew her salary and disappeared. Louis Roy Whitman, 16 years old, accompanied her. They joined a theatrical troupe, the Broadway Troupe.

When the theatrical company reached LeRoy, Kan., a few weeks ago a hotel proprietor attached the property of the company and of all members. Miss Frazier and Whitman reached Kansas City about two weeks ago after many difficulties.

Frazier made the acquaintance of Mrs. Bettie McGrath, proprietress of a rooming house at Seventh and Wyandotte streets, and went there to live. Since Miss Frazier disappeared from Scribner her father, Joseph H. Frazier of Missouri Valley, Ia., has been conducting a search for her.

Frazier went to the postoffice yesterday morning and Patrolman Morrison placed her under arrest. She was taken to the matron's room at the police station pending advice from her father.

WIFE ALONE AT HOME FOUND DEAD Neighbor Discovers Body on Floor of Dining Room.

HEBRON, Neb., Jan. 24.—(Special.)—Mrs. W. A. Lockwood was found dead in her home on Lincoln avenue about 5 o'clock Wednesday evening by a neighbor. The body was lying on the floor in a double doorway of the dining room and evidently had been there since early Tuesday night, as the lamps and stove had burned entirely out, and the remains of the evening meal were found on the table.

Mrs. Lockwood has been alone most of the time for the last few weeks, as her husband, W. A. Lockwood, is on the road representing the National Mutual Fire Insurance company of Omaha. The cause of the death is supposed to be heart failure.

The deceased was past 50 years of age and had been a resident of Hebron for twenty years. During that time she has been prominent in church and social benevolent work.

Besides her husband, she leaves two sons, Roy, a merchant of Stoddard, Neb., and Wilbur, a traveling salesman for an Omaha wholesale grocery. The funeral will be held Friday.

BOYS RUN AWAY ARMED TO TEETH Farmers' Sons Head for Black Hills Prepared for Any Enemy.

WEST POINT, Neb., Jan. 24.—(Special.)—Joseph Pastrowsky and Victor Dornblaser, 15 and 16 years of age respectively, have run away from their homes near West Point and are supposed to be heading for the Black Hills. They are armed with a revolver, a rifle, a shotgun and two revolvers, together with two telescopic rifles with ammunition.

Their descriptions are as follows: Joseph Pastrowsky, aged about 16, feet 4 inches in height, stoutly built and weighs about 130; brown eyes, full face, wavy, light brown hair, wearing blue overalls and brown cap.

Victor Dornblaser, aged 15, feet 5 inches in height, thin complexion, blue eyes, heavy dark brown hair parted in the center, wore black overcoat, blue overalls and blue cap.

Their parents, who are farmers, have offered a reward for their return.

Word has been received from Cherry county, where they are alleged to have been seen in the neighborhood of Cody. The sheriff and the elder Pastrowsky started last night to follow up the clue.

Golden Eagle Trap.

HEMINGFORD, Neb., Jan. 24.—(Special.)—Ferdinand Nikont, who lives west of here, captured a large golden eagle Saturday on his place by means of a steel trap. Mr. Nikont had set the trap near a carcass for coyotes. The eagle swooped down for some meat and while walking around the carcass stepped into the trap, which snapped, holding the bird fast. He struggled to get away, but all in vain for the trap held. Mrs. Nikont had a desperate struggle in getting the king of birds out of the trap and into safe quarters. He is to be mounted and presented to the Eagles' lodge of Alliance.

The evening was devoted to speech making. Addresses were made by Mayor Schultz, D. W. Cook, Samuel Hunker, H. J. Robbins, and many others. The affair was attended by about 30 representative business men of the city, and as a result of the gathering an extra effort will be made by the Commercial club for a greater Beattie the coming year.

ENGINEER GETS SERIOUS FALL

Jumps from Train and is Severely Injured.

LINCOLN, Neb., Jan. 24.—(Special Telegram.)—A freight train, whose engineer was Claude Delaney, was standing on the sidetrack east of the depot this afternoon when passenger train No. 11 came in from the east. Delaney wanted to get his orders from the station, and to stay there until the freight train was cleared.

He jumped on the steps of one of the coaches, supposing the train would stop at the depot. Instead, being over two hours late, the speed of the train was considerably increased by the time the depot was reached. In an attempt to alight, Delaney was thrown with great force to the ground. He was at once carried to the Commercial hotel, where his injuries were attended by Dr. Rosenberg. His face was badly lacerated, his neck and back severely wrenched and, while no bones were broken, he received internal injuries. The doctor says he cannot foretell the result.

The injured man was taken to his home in North Platte tonight.

Troublesome Prisoner Goes Free.

TRUMBULL, Neb., Jan. 24.—(Special.)—William Marsh, who caused Sheriff Miner considerable trouble, has finished serving his time in the county jail and was given his freedom. Marsh, who is 24 years old and a well appearing young fellow, was employed on a Burlington fence building.

He was arrested in Sterling. Several days ago he went to that town and proceeded to fill up on red liquor and to "make some howl." He was arrested and taken to Justice Dick Kublihan in Sterling, where he was assessed a fine of \$15 and costs. Not having the ready cash he was brought to Trumbull and placed in the county jail to serve his time.

It seems the wheel door at the jail is not locked unless a bad criminal is confined within, a lever which throws the lock being fastened outside. Someone unfastened this lock and Marsh, who had departed for Adams, where he was picked up later and returned to the jail by Sheriff Miner. Marsh said his home was in Lincoln and that he was of respectable parentage. He got too much of the "squirrel" whisky they sell in Sterling and wanted to smash every one who was drinking with a young man said. He felt chagrined at his arrest.

Boy Who Was Struck by Train Dead.

KEARNEY, Neb., Jan. 24.—(Special Telegram.)—Charles Hughey, the 16-year-old son of John Hughey, who was injured by a westbound train Wednesday noon, died of his injuries last night. The accident occurred between Fifth and Sixth avenues, where the boy was struck by the train.

The railroad track on his way to and from the State normal school, where he was a student. From the boy's own words, it is said, he had just crossed the track when, on looking back, he found the engine rounding him up and that he was struck out of the way. There was no inquest, but by request of the parents an autopsy was held, which established the fact that the pelvic bone was broken and that death occurred from an internal hemorrhage.

News of Nebraska.

BLUE HILL.—Dr. J. J. Thompson has purchased an X-ray machine.
