GAME TRIED ONCE TOO OFTEN

Kansas City Man Palms Off Glass for Diamond, but Fails on Second Attempt.

P. J. Lynch, a young man who said he came from Kansas City, attempted the diffi-cult game of palming off worthless stones in place of diamonds on Omaha pawnbrokers early Thursday evening, and had his zeal not carried him too far he would have escaped arrest. Lynch visited the store of Samuel Robinson, 15394 Dodge street, first, where he secured \$100 on a diamond, but just as the money was being passed he slipped a piece of glass to the proprietor in place of the good stone, and the trade was not discovered until the customer had

The telephone wires connecting the frantic pawnbroker with the police station immediately began to grow hot in their efforts to convey the excited appeals and explanations of Robinson, but by the time Desk Sergeant Marshall had secured an idea of what had occurred an earnest request for a policemun from Henry Gross' store, 518 North Sixteenth street, was sent in on another wire. Detectives Donohoe and Mitchell and Emergency Officer Hell were there within a short time and found the man, who proved to be Lynch, surrounded by a crowd of chattering people threatening to do him harm.

Lynch had secured \$30 from Gross by the same means he had fleeced Robinson, but Gross discovered the game too soon. His clerk struck Lynch in the face and he was compelled to return the money and then wait for the police. A large crowd collected and Lynch was glad to be taken into the custody and under the protection

Deputy County Attorney Magney investigated the case Friday morning and said he

did not think it likely a complaint would be filed against Lynch on the charge of obtaining money under false pretenses, as the evidence did not appear conclusive enough to warrant a conviction on that charge. Mr. Magney said he would investigate further, however, and see what could be done. If a complaint charging him with the interests of South Omaha as a whole obtaining money under false pretenses is not filed it is probable Lynch will be charged with being a vagrant and given a ong term jail sentence.

See dinner bargain ad No. 16, page 13. L S. HASTINGS CANNOT TALK clerk, shows the cost of running the city Lillie is Silent on Her

"Can't talk," was the reply of L 8. Hastings of Butler county when asked what he thought of the pardon of Mrs

Pardon.

Mr. Hastings was one of the counsel who prosecuted the woman charged with the murder of her husband and sentenced to life in the penitentiary. Afterward he was elected to the state senate and he was in his seat the day word came from David City to Lincoln that the jury had returned verdict of gullty. A reporter in the capitol building had heard the news and ran into the senate to convey it to Senator Hastings.

"What is it?" asked the senator with evident impatience as the reporter told him verdict had been reached. "That's a just verdict," he replied with

smile, and then, as if he hadn't heard any such news, he turned to address "Mr President," for he was in the midst of a debate on a favorite bill.

Senator Hastings is visiting his brother A. A. Hastings, chief clerk of the Murray

Mrs. Eddy in The Early '60s

"Mary Baker G. Eddy: The Story of Her Life and the History of Christian Science," which began with the January number, has already created such wide-spread interest as

to make McClure's the most talked about and the most sought after of all periodicals.

In McClure's Magazine for February

Miss Milmine takes up Mrs. Eddy and Phineas P. Quimby and deals with the period when Mrs. Eddy first awakened to the idea which was afterward to make her famous. About this incident there has raged a twentyfive year controversy between Christian Scientists and the mental healers and followers of the new thought movement. This article, however, is not controversial. It is a remarkable story.

William Allen White's "Roosevelt; a Force for Rightsousness"; the "Reminiscences" of Carl Schars; A. W. Rolker's "The Wild Animal Physician and His Patients"; and stories that thrill with action, ambition, and endeavor are other attractive features of this number.

THE S. S. McCLURE CO., 44 East 23rd St., New York,

AFFAIRS AT SOUTH OMAHA

Commercial Club Appears as Factor in Annexation Fight.

NO SUCH ORGANIZATION REALLY EXISTS

Died Five Years Ago Because Members Lacked Interest Enough to Induce Them to Keep Dues Paid Up.

"The report that the South Omaha Compercial club has sent a letter to all the legislators at Lincoln, for it is so reported, has caused a smile to spread over the anxious faces of the anti-annexationists. If ever there was a representative organization in the city and if anyone ever did stand up for South Omaha's best interests, the self-styled South Omaha Commercial club is not it nor has it done anything remarkable for the city. It has had a feeble, halting existence and only semi-occasionally has its feeble efforts suggested a suspicion of life. Once there was a membership of nearly a hundred, but today there are not more than six who have paid their dues. These have annually elected each other to the quasi honors of its offices. I was a member of the organization at its height," said W. W. Fisher yesterday. "At that time it gave promise of a strong organization; but to claim any weight for it as it is today is folly and the whole city knows it. We are not criticizing any individual who chooses to call himself a member of the club, but of this handful of men to assume that they in any way represent the complete and unified sentiment of the people of this city is ridiculous. It takes a whole lot of audacity for a half dozen politicians to get together and address a letter to the Nebraska legislature under the guise of the South Omaha Commercial club. is the club has been defunct for the past five years or more. Its present adherents can be named on the fingers of one hand. "The sentiment in favor of annexation is rapidly growing. Appropriations have already been made for the principal improvements which the city needs. If any more pavement is desired it can always be secured by petition in the same manner that it may be secured today. The affairs of South Omaha are not likely to be neglected when this end of the city will be represented by four councilmen. They will be in a position to demand of Omaha recognition of all just claims and demands. Besides this, at least two more councilmen on the south side of the city, as it now stands, would be inclined to favor the demands of South Omaha for the sake of their assistance in matters affecting both sections. The councilmen from the outlying wards would likewise seek South Omaha's four representatives to the representation of the business districts to deal fairly with the outskirts. Few people seem to realize that annexation means annexation. It is a mutual union, and when accomplished the cities are one

and the same and there is no South Omaha. The lines are down and vanished. This will be a section of which the whole city is proud. Back of the influence of the councilmen themselves will be the powerful influence of the stock yards and the packers, whose requests in the matter of improvements to accommodate their interests will never be ignored. Their interests are for their existence here is the only reason for the presence of the surrounding city No section of the city is going to neglect its greatest industries."

Cost of Running City. The following table, prepared by the city ince 1899 the city appropriations of \$15,518.86 each year. The legislature will be asked for an increase amounting to \$12,000, which will certainly be swelled by about \$6,000 before the end of the year from the general collections in the way of fines,

į.	lices	oses	an	d oth	ner sources.	Followin	g a

1	1900.	dere.		1555.55	************	91	325.
30	1899.					88.	.118.

The estimates for 1907 and 1908 are, in the judgment of the city clerk, very conservative. In fact, they will be much under the actual figures. The resources for revenues outside of the levy are at the present time yielding about \$70,000 annually. This money is added to the levy. The balance at the end of last year was \$25,000 or a little more. This year it will be practically the same.

Laporer Breaks His Leg. Frank Severin, 173 South Twenty-second street, broke his leg inst night at the Omaha Packing plant. He was walking down the platform leading from the machine shops and in the obscure light fell heavily. Though the fall was not great, he broke his right leg near the hip. He is a man of nearly 60 years and it is possible that his bones are brittle. He was taken to the timekeeper's office and the Brewer ambulance took him to the South Omaha hospital. The man has been in the service for several years and has a family dependent on him. The break is likely to be serious for it is so near the hip.

Greek Rests from His Tramp. Nicholas Geirige, a Greek, was fined for vagrancy yesterday morning by Judge King. After this was imposed a complaint was filed charging him with securing money under false pretenses. He came to South Omaha the first of the month and made the claim that he was walking around the world on a wager. He was of good appearance and easily deceived the Greek population with his story. The athletic societies assisted him and took up collections to assist him in his record-breaking tramp. He secured about \$150 and proceeded to live high in Omaha until the Greeks here awoke to the hoax he was playing. They caused his arrest on the vagrancy charge. He will not be tried on a state complaint for swindling the Greeks out of their money because he did not secure enough from any one person to make a major offense.

Burglar Ransacks House. Joseph Pankowski, 1909 North Twentyninth street, reported to the police last night that a burgiar entered his house about 2 a. m. yesterday morning and stole a silver watch. The man got in by cutting a panel out of the kitchen door and opening it from the inside. He then opened all the other doors as avenues of escape and entered every room and turned everything inside out. Mrs. Pankowski was awakened while he was in her bedroom but was afraid to cry out until he had gone. The burglar secured no cash. The burglary was not reported until late last

Word Received by B'nai B'rith from Congressman Kennedy, Who Took Action

William McKinley lodge No. 521, Inde pendent Order of B'nai B'rith, sent a telegram to Congressman Kennedy recently asking him to use his influence and vote against the immigration bill now pending before congress. A reply has been received from Mr. Kennedy stating that he believes the bill will be defeated.

A CONSTANT ANNOYANCE.

Half the nervousness, half the irritability that is so common in everyday life, is really sickness, and in most cases a condition that accompanies kidney trouble. It is the work of the kidneys to

keep the blood free from urle acid and other poisons, but when the kidneys are sick, and not doing their duty, the urle acid poison permeates the body, and attacks body, brain and nerves. The irritation causes nervousness, irritability, headache, dizzy spells; makes you languid, unfit for work, and inclined to worry over trifles. Besides, there is nothing more annoying than a bad back, and backache is the most common sign of kidney trouble. You feel lame and tired in the morning, suffer day and night with a dull aching in the back, and it hurts to stoop or bend or lift.

Keep your temper cool, and get the kidneys well. No person can feel cheerful and healthy if the kidneys are the least bit affected. A few doses of Doan's Kidney Pills, taken in the beginning, will set the kidneys right. Continued treatment cures cases of long standing.

Doan's Kidney Pills are for the kidneys only, and contain no poisonous

nor habit-forming drugs. They relieve congestion and inflammation of the kidneys or bladder, heal and cure the kidney tissues, drive off dangerous uric poisons, dissolve and remove gravel, and rid the body of all watery

Thousands of cures prove the merit of Doan's Kidney Pills. Here is a case AN OMAHA CASE.

Mrs. C. H. Hennings, 3027 Burdette St., Omaha, Neb., says: "It was nothing short of marvelous, the cure Doan's

Kidney Pills effected in Mr. Henning's case in 1899, and the fact that that cure has remained permanent, has only increased his faith and confidence in this most remarkable remedy. Several years prior to using Doan's Kidney Pills, Mr. Hennings was hurt while employed in the Union Pacific Locomotive Shops and ever afterwards was subject to severe attacks of pain in the small of his back and spells of dizziness. Doan's Kidney Pills proved to be the best investment he ever made. They removed the pain and all distress caused from kidney trouble. We have reason to believe that Doan's Kidney Pills do all that is claimed for them.

N'S'KIDNEY. PI
