Senator Goodrich of Fillmore, has in troduced a bill which it is declared would practically abolish the death penalty in

this state. The bill is modeled after the Kansas law and provides that after a person has been sentenced to death the governor shall fix the time for his execution to take place, not sooner than a year after conviction or not less than thirty days after the order is issued. The practical working of the law in Kansas has been to abolish the death penalty, as no governor since the law went into effect has seen fit to issue an order fixing the date of execution. The result is the penitentiary contains a large number of persons who

have been sentenced to death but who are awaiting an order fixing the date of the

Catarrh of the Stomach

A Pleasant, Simple, But Safe and Effectual Cure for It.

COSTS NOTHING TO TRY

Catarrh of the stomach has long been considered the next thing to incurable. The usual symptoms are full of bloatbearers. Interment was in Table Rock ing sensation after eating, accompanied sometimes with sour or watery risings, a father, Captain Charles W. Wolfe, a vetformation of gazes, causing pressure on the heart and lungs and difficult breathwho died some years since. His mother, ing, headaches, fickle appetite, nervous-Mrs. H. M. The cure for this common and obsti-

nate trouble is found in a treatment. which causes the food to be readily, thoroughly digested before it has time to ferment and irritate the delicate mucous surfaces of the stomach. To secure a prompt and healthy digestion is the one necessary thing to do and when normal digestion is secured the catharrhal condition will have disappeared.

According to Dr. Harlanson, the safest and best treatment is to use after each meal a tablet, composed of Diastage, Aseptic Pepsin, a little Nux, Golden Seal and fruit acids. These tablets can be found at all drug stores under the name of Stuart's Dyspepsia Tablets and not being a patent medicine, can be used with perfect safety and assurance that healthy

appetite and thorough digestion will follow their regular use after meals. Mr. R. S. Workman, Chicago, 111.

writes: "Catarrh is a local condition resulting from a neglected cold in the head. whereby the lining membrane of the nose becomes inflamed and the poisonous discharges therefrom passing backward into the throat seaches the stomach, thus producing catarrh of the stomach. Medical authorities prescribed for me for three years for catarrh of stomach without cure, but today I am the happiest of men after using only one box of Stuart's Dyspepsia Tablets. I cannot find appropriate words to express my good feeling. I have found flesh, appetite and sound rest from their use."

Stuart's Dyspepsia Tablets is the safest preparation as well as the simplest and most convenient remedy for any form of
