WHEAT PRICES GO SOARING UPWARD

Main Pactor is Strength in Foreign Pits on Bussian Struction-. Corn Higher on Good Demand and Sympathy.

OMAHA, Feb. 6, 1907.

The market was en the boom today, all lines advancing sharply. Wheat was up at the close 1%0 above yelsterdays final figures. The opening was moderately strong, but the unexpected snap to the Liverpool market, due to the Russian situation, sent prices souring.

Corn advanced to a point %c above yesterday, which was due not alone to sympathy with wheat, but to good demand. There was a good trade right from the opening, and the big houses short on cash purchases snapped up the offerings made by the same men who soid yesterday.

Primary wheat receipts were 129,000 bu. and shipments 215,000 bu. and shipments 215,000 bu. and shipments of 205,000 bu. Corn receipts were 83,000 bu. and shipments 674,000 bu., against receipts a year ago of 715,000 bu. and shipments of 205,000 bu. Corn receipts were 83,000 bu. Idverpool closed %6%d higher on wheat and %6%d higher on corn.

Lender's London letter says: "So far as Russia is concerned, the stocks, both at Odessa and Nicolalef, which looked so heavy a short time since, have been decreasing quite rapidly and as shipments abroad have not apparently been on a large scale, it is thought that large quantities must have been taken by the government for distribution in famine districts."

Broomhall cabled that wires from Odessa state that all grain in the interior has been diverted to supply the famine districts. There are no arrivals here and prices have risen sharply, causing practically prohibition of exports.

Oats—Higher; track, No. 2 cash, 40/46c; No. 2 white, 45/46/46c; May, 25/46c; May, 25/46c purchasing by commission houses as well. The volume of trading was large. The market closed decidedly strong with prices close to the highest point. May opened 142% chigher at 78% to 78% c. advanced to 72% c and closed at 73% 77% c. Clearances of wheat and flour were equal to 23,000 bu. Primary receipts were 23,000 bu. against 85,000 bu. for the same day last year. Minneapolls, Duluth and Chicaso reported receipts of 124 cars against 169 cars last week and 356 cars one year ago.

Shorts and cash houses bought freely all day in the corn market while the principal selling was by local holders. The market was strong because of reports of damage by drouth to the Argentina crop. firm cables and smail local receipts. The market closed strong. May opened 162% c to 162% higher at 45% to 16, sold at 46% 163% 165% and then advanced to 47% 6. Final quotations were at 47% 47% 6. Local receipts were 297 cars, no contract grade.

Outs for Mey delivery sold at 40% c, a gain of 16 cover yesterday's high record mark. The demand was good all day. Shorts and commission houses led in the buying. Fresh purchases by a prominent built who has already taken on considerable oats also strengthened the market. The close was strong with prices at the highest point. Local receipts were 79 cars.

Provisions were firm partly because of the strength of corn and oats and also because of a 16 advance in the price of live hogs. Trading was fairly active with ahoets the best buyers. At the close May pork was up 17% at 117.90. Lard was up 7% at 130.07%. Ribs were 50 higher at 25.77%.

Estimated receipts for tomorrow: wheat, 10 cars; corn, 25 cars; oats, 57 cars; hogs, 80,000 head.

WASHINGTON, Feb. 6.-Today's statement of the treasury balances in the gen-

Foreign Financial.

LONDON, Feb. 6.—Rates for money were easy in the market today in spite of large repayments to the Bank of England. Discounts were quiet. On the Stock exchange yesterday's cheerfulness developed into a general hardening tendency. During the greater part of the day business slightly increased, principally on bear covering, but the market closed irregular in places. Copper shares were active under the lead of Rio Tinus and reports of an increased output being contemplated. Mexican rails were strong on the revival of rearrangement rumors. Americans developed strength during the forenoon and hardened to well over parity and Wall street news caused the bears to cover. The shares of coal carrying railroads and United States Steel received the most attention. Later New York advices caused the market to ease slightly, but a recovery set in and at the close prices were firm. Missouri Pacific was the feature. Mines, especially Siberians, were weak. Japanese imperial 8s of 1904 closed at 102 %.

BERLIN, Feb. 6.—Trading on the Bourse was limited, but prices were firm. PARIS, Feb. 6.—Prices on the Bourse today were firm. Russian imperial 4s closed at 78 and Russian imperial 4s closed at 7s and Russian imper

Bank Clearings.

OMAHA, Feb. 6.—Bank clearings for today were \$1,494,710.91 and for the corresponding date last year \$1,463,929.03.

Wool Market.

BOSTON, Feb. 6.—WOOL—Market continues strong, with trading duli, chiefly because of the high values. Considerable territorial wool is moving on account of old contracts. Worsfed wools are practically out of stock. Of clothing wool, there is a good supply left unsold. In pulled wools there is a fair trade and a steady market. There is a fair market for scoured grades. Texas wools are quiet. Foreign wools are firm. markably well in spite of the storms and severe weather. It would appear that the prevailing high prices are a big inducement for feeders to market their cattle so that they are keeping them coming in spite of drawbacks.

The feeling among sellers this morning was that beef steers, at least the better grades, ought to sell a little stronger, and they were generally pricing their cattle higher than yesterday. On the other hand, buyers did not appear to be any too eager for supplies and the general market could hardly be called better than steady. In spots there were to be found sales that looked better, but, on the other hand, it was possible to find sales that looked

weak.

Good cows were not over plentiful and they sold in the same notches as yesterday. On the other hand, there were a good many common to medium grades which were slow sale throughout the day and on which sale throughout the day and on which

sale throughout the day and on which prices were, if anything, a little easier than yesterday.

There was a very good speculative buying of feeders this morning, and desirable grades commanded good strong prices. Cattle of this description have regained all the decline of last week, and they sold today as high as any time this season. Light cattle of good quality also sold to good advantage. The only kind that was discriminated against was the inferior and common kinds.

NEW LINE BEFORE CUT FARES

Such is the Vote of Fontanelle Park Improvement Club on Street Car Question.

Members of the Fontanelle Park Imthe extension of the street car line to the Institute for the Deaf and Dumb gave some promise of successful fruition. It prefers club, which is one of the new ones, holds its meetings at the institute. Its members feel encouraged over their success in securing sidewalk and grade improvements. At the last meeting these resolutions were

adopted:

Whereas, It is very important to the city as a whole that men of small means shall be given encouragement to build homes on the low-priced lands in the outlying additions; and.

Whereas, In all large cities the extension of street car lines has proven a blessing to the wage earner; and.

Whereas, Added homes and improved property will substantially increase the annual tax roll; and.

Whereas, Extension of lines will be especially acceptable to women and children living in the outskirts of the city; and.

Whereas, The Omaha & Council Bluffs Street Railway company has agreed to expend \$1,500,000 this year in extending its lines and bettering its service in the city of Omaha; adopted: of Omaha; For these and other good reasons that will occur to all thinking men, therefore be it

Resolved. That it is the sense of this
club that at the present stage of our city's
growth Omaha is more vitally interested
in the extension of street oar lines than it
is in agitating the question of reduced
street car fares.

Missouri Passenger Fare Bill. JEFFERSON CITY, Feb. 6.—The senate today amended the 2-cent railroad passenger rate bill to apply to all trunk lines and lines leased or owned by trunk lines, and to independent lines over forty-five miles long, permitting a rate of 4 cents per mile on independent lines under forty-five miles in length. The bill was ordered engrossed and will probably come up for passage on Friday.
