GRAIN AND PRODUCE MARKET

Reaction Culminates and Prices Are Moving Upward Again.

SMALL BUYING ORDERS INDEX OF TRADE

Corn Somewhat Easy at Opening, but Becomes Firmer and More Than Regains Early Loss—Weather a Factor.

OMAHA, Feb. 9, 1907.

The reaction culminated the first half hour today, the market later advancing ¼c and closing at the top. The wheat sold by profit-takers and short sellers alike has been absorbed by the heavy volume of small buying orders, which of themselves are the best index to the broadening trade. The news was stronger than ever, particularly on the cash situation, and the activity of the seaboard exporters and brokers and interior sellers of macaroni is ample evidence that the demand is real and not mythical. A prominent handler of durum says the supply is not sufficient for the needs of the Mediterranean, the continent and Russia, and he anticipates the inquiry will switch to No. 2 red. Durum was ½c higher in Duluth today and macaroni sold over No. 2 red in New York. As the supply of No. 2 red is the bears' mainstay a demand for it from abroad would shake the very foundation of their position. Snow has disappeared in southwestern Russia and temperatures are low. The snow covering is slight through our winter wheat belt and temperatures mild and the crop is in position to suffer from a freeze.

Corn was somewhat easier at the start on the overrun in receipts. The tone became firmer and as the session advanced prices more than regained the early loss. Liverpool was unexpectedly strong, closing ½@¾d higher in the expectation of smaller supplies. Mild weather prevails throughout the belt, which means an early breakup of the country roads and no further deliveries to country stations. The present run of receipts is entirely from elevator stocks, and owing to the transportation conditions will come to market slowly and will not be burdensome. The demand today was excellent for domestic shipment and for export.

Primary wheat receipts were 285,000 bu. and shipments 127,000 bu., against receipts last year of 228,000 bu. and shipments of 162,000 bu. Corn receipts were 846,000 bu. and shipments, 420,000 bu., against receipts last year of 661,000 bu. and shipments of 462,000 bu. Clearances were 126,000 bu. wheat, 21,000 bbls. flour, 615,000 bu. corn and 12,000 bu. oats.

Liverpool closed unchanged to ¼d lower on wheat and ¼d higher on corn.

Broomhall estimates world's wheat shipments of the week at 10,000,000 bushels.

Falkner, London, cabled: "Our information correct in regard to Russia buying wheat in America. Will cable full particulars Monday."

CHICAGO GRAIN AND PROVISIONS

Features of the Trading and Closing Prices on Board of Trade.

CHICAGO, Feb. 9. — Fresh reports of famine in Russia caused a strong tone at the close of today's wheat market, the final quotations on May delivery being up ¾@⅞c. Corn was 4½c higher. Oats were up ⅝c. Provisions gained 25@30c.

Early in the day the market was weakened by free selling, the part of pit traders who were moved by a weak market at Liverpool and an estimate of 10,000,000 bu. for the world's total movement for the week. About the middle of the day the demand became much more active and sentiment in the wheat pit became bullish. The increased buying was due to foreign advices confirming previous reports of the famine in Russia. A report from St. Petersburg said that a large issue of government bonds had been authorized in order to meet famine relief requirements, while cablegrams from several European grain centers announced purchases of wheat for shipment to Russia. Shorts covered effectively during the last half hour and caused an exceedingly strong market at the close. May opened ⅝@⅞c lower at 73¾@73⅞c, sold off to 72½@72¾c and then advanced to 74@74⅜c. Final quotations were at 74@74⅛c. Clearances of wheat and flour were equal to 321,000 bu. Primary receipts were 285,000 bu., against 228,000 bu. for the corresponding day last year. Minneapolis, Duluth and Chicago reported receipts of 224 cars, against 247 last week and 281 a year ago.

The corn market was calmer earlier in the day because of the wheat and local receipts being larger than had been estimated. The late advance in wheat caused an improved demand for corn and made a much firmer market. The close was firm. May opened ¼c to ⅜@⅝c lower at 60¾@60⅞c to 60⅝c, sold between 60⅝c and 61c and closed at 61⅜@61c. Local receipts were 414 cars, with 2 of contract grade.

Oats were dull at opening in sympathy with wheat and corn, but later gained strength on an active demand by commission houses and cash interests. May opened ⅛@¼c lower at 35¾@35¾c, advanced to 61¾c and closed at 61c. Local receipts were 386 cars.

Provisions were strong all day on free buying by shorts and outside investors. The principal reason for the strength was a strong market for live hogs. At the close May pork was up 7½@10c at $17.55. Lard was up 10c at $10.17½. Ribs were 2½c higher at $8.77½.

Estimated receipts for Monday: Wheat, 22 cars; corn, 350 cars; oats, 215 cars; hogs, 47,000 head.
