The program this week was in charge of Pauline Bourke. Since a proposal made by Mr. Woolley some time ago Mr. Waterhouse has been planning to place a life sized statue of Abraham Lincoln in bronze on the high school campus in the angle formed by the walks at the southeast corner. He had at first planned to have one of the senior class raise the money for this statue, but

FINALLY DECIDED THAT THE COST WAS TOO GREAT FOR THIS AND THAT FOR OBVIOUS REASONS THE SOCIETY OF OMAHA, AS REPRESENTED BY SOME ORGANIZATION LIKE THE WOMAN'S CLUB OR THE HIGH SCHOOL, SHOULD GIVE THIS STATUE.

The woman's club having heard of this plan offered either to co-operate with the high school in raising money for this statue or to raise all the money alone. The latter offer was accepted by Mr. Waterhouse, but in settling money for this statue members of the woman's club claim to have met with opposition in several instances from high school pupils who believed that it was their privilege to raise the money for this statue. Representatives of the woman's club then notified Mr. Waterhouse that they were willing either to let the high school pupils raise the money, or to raise it themselves. They expressed their willingness to add any amount necessary to that raised by the pupils, if they should elect to raise the necessary funds. Meetings were held on Monday and Tuesday afternoon of the high school taking up this work. If the freshmen think with the other classes Mr. Waterhouse intends to appoint a member from each class who, with himself, will constitute a committee which will have almost entire charge of this affair. The plan is that each pupil shall try to sell at least one certificate of interest for one dollar. Mr. Waterhouse intends that the names of those contributing should be placed on the permanent records of the high school and also that they shall be read at the unveiling of the statue. The Pricilla Alden society held the following program: Book recitation, Lola Pixley; current events, Olive Brain; violin solo, Sodie Hutton; story, Edna Jensen; recitation, Mary MacEthaney; "The Star," Adeline Gideon; and Anna Glinier; original poem, Marian Neff; violin duet, Edith Shram and Nettie Schooley.

SOCIALISTS DISCUSS MOYER Decision of Supreme Court in Habeas Corpus Case is Denounced.

A mass meeting of socialists was held yesterday afternoon at Patterson Hall, Seventeenth and Farnam streets, for a free and open discussion of the recent decision of the supreme court on the habeas corpus case affecting Moyer, Haywood and Pettibone, officials of the Western Federation of Miners, who have been held on the charge of being implicated in the murder of the late Governor Steiengenberg of Idaho. The meeting was largely attended and, although the debate became rather warm at intervals, no radical action was taken or recommended. The three men under arrest were alleged to have been kidnaped by Idaho authorities in the jurisdiction of the state of Colorado, and it was thought that the arrest was in direct contravention of the constitution.

The General Condemnation of So-Called Patent or Secret Medicines

of an injurious character, which indulge in extravagant and unfounded pretensions to cure all manner of ills, and the National Legislation Enacted to Restrict Their Sale, have established more clearly than could have been accomplished in any other way.

The Value and Importance of Ethical Remedies. Remedies which physicians sanction for family use, as they act most beneficially and are gentle yet prompt in effect, and called ethical, because they are of

Known Excellence and Quality and of Known Component Parts. To gain the full confidence of the Well-Informed of the world and the approval of the most eminent physicians, it is essential that the component parts be known to and approved by them, and, therefore, the California Fig Syrup Company has published for many years past in its advertisements and upon every package a full statement thereof. The perfect purity and uniformity of product which they demand in a laxative remedy of an ethical character are assured by the California Fig Syrup Company's original method of manufacture, known to the Company only.

There are other ethical remedies approved by physicians, but the product of the California Fig Syrup Company possesses the advantage over all other family laxatives that it cleanses, sweetens and relieves the internal organs on which it acts, without disturbing the natural functions or any debilitating after effects and without having to increase the quantity from time to time.

This valuable remedy has been long and favorably known under the name of Syrup of Figs, and has attained to world-wide acceptance as the most excellent of family laxatives, and as its pure laxative principles, obtained from Senna, are well known to physicians and the Well-Informed of the world to be the best of natural laxatives, we have adopted the more elaborate name of Syrup of Figs and Elixir of Senna, as more fully descriptive of the remedy, but doubtlessly it will always be called for by the shorter name of Syrup of Figs; and to get its beneficial effects, always note, when purchasing, the full name of the Company—California Fig Syrup Co.—plainly printed on the front of every package, whether you simply call for Syrup of Figs, or by the full name, Syrup of Figs and Elixir of Senna, as Syrup of Figs and Elixir of Senna is the one laxative remedy manufactured by the California Fig Syrup Company, and the same heretofore known by the name, Syrup of Figs, which has given satisfaction to millions. The genuine is for sale by all leading druggists throughout the United States in original packages of one size only, the regular price of which is fifty cents per bottle.

Every bottle is sold under the general guarantee of the Company, filed with the Secretary of Agriculture, at Washington, D. C., the remedy is not adulterated or misbranded within the meaning of the Food and Drugs Act, June 30th, 1906.
