COUNCIL BACK JUST WHERE IT STARTED

Ordinance is Passed Which in Expected to Regulate the leeman and Protect the Interests of the Consumers.

The city council last evening took what was believed to have been the last whirl at gas tank legislation, the action of last evening being the defeat of Mr. Bridges' second ordinance to prohibit the gas company from erecting any more tanks within the city, except on the outskirts. The vote was 4 for the ordinance and 7 against. which vote, considering the absence of Councilman Elsasser, was the same that has been receided on this question for some time. After a long struggle the counof has brought up to the starting place. the ordinance it did pass, allowing the tank to be placed at Twentleth and Center streets, having been vetted by the mayor and the veto sustained in the council. A resolution from the Real Estate exchange. urging that the gas tank be placed at Twentleth and Center streets, was read by the clerk.

A mandate is expected today or tomorrow from the supreme court in relation to a sult recently disposed of and in which the Omaha Gas company asked for relief in its efforts to locate the proposed tank at Twentleth and Center. In an opinion recelved from the supreme court forty days ago Commissioner Ames said the old ornance requiring signatures of property owners within 1,000 fact was not valid and further stated that the city council had power to regulate the location of these timks. Insemuch as the council has not up to date passed any measure regulating the locations of these tanks. It leaves the way clear for the erection of the third tank at Twentleth and Center streets, if the mandate about to he received should be what it is generally belived it will be.

Regulating Ice Dealers.

There was no opposition to an ordinance introduced at Mayor Dublman's suggestion final reading. It holds all employes, servthe sale of ice in Omaha responsible for correct weights and impartial service. Every wagon is to be licensed and the violation of the provisions of the ordinance subjects the offenders to revocation of licenses. The present ordinance regulating express wagons was amended so as to include corporntions doing an express or transfer business, it being cited that one Omaha ter, New York. company had been shirking the license because it could with impunity.

Mr. McGovern's ordinance to abolish the street lunch wagons was lost by a vote of Jetter's Gold Top Beer delivered to all parts of the city. Telephone No. 5. Mrs. Depew has a good appetite, sleeps well and enjoys perfect health, notwithstanding that the doctors gave her up to die 14 years ago, and she says she believes that she would have died if it were not for the prompt use of the great family medicine-Duffy's Pure Malt Whiskey.

The following are Mrs. Depew's own words, written Aug. 17th, 1906, after she had celebrated her 101st birthday.

"I wish to tell you what DUFFY'S MALT WHISKEY has done for me. Fourteen years ago the doctors gave up to die. We had some DUFFY MALT WHISKEY in the house which I commented to use right off, as a last resort, and I grew better, and finally became well, taking it according to directions. I have used it for fifty years, and have had it in my family for general use for that length of time. I eat heartily and sleep well. I was born in Vermont, east of the Green Mountains, in 1805, and I would now be under the sod if it were not for DUFFY'S MALT WHISKEY "-Mrs. Anna B. Depew. Wharton, Ohio, Aug. 17th, 1906.
