Wheat Firms Up on Expected Argentina Estimates, Refusing to Weaken. Considerable covering by shorts. Much Wheat Sold at Minneapolis in for Future Delivery and Will Not Accept Immediate Receipts—Corn Strong.

Wheat opened lower than yesterday, but closed up on prospects of lighter Argentina shipments. When the market opened, there was some selling, but shorts had the situation in mind and with the strong foreign demand, the market was held up. The situation may be as above yesterday's final figure.

Nicholson of this city, the attorney for the Connecticut Baptist convention, of which William F. Walker, the missing treasurer of the savings bank of New Britain, is treasurer, returned to his home in this city last night after having been engaged with Charles E. Prior of Hartford, vice president of the convention, in examining Walker's accounts in Hartford. He said: "We were unable to find the effects of Mr. Walker and found considerable church and carliques entrusted to his care, but none of the railroad bonds, the easiest to be converted without arousing suspicion. As a result of our examination we are certain that there is a very material shortage in the funds. \$7,000 is entrusted to the care of Mr. Walker. How much I would not like to say until we have completed the full examination, which will probably be by tonight."

At the same time the feeling is that the improvement has been the result of a better feeling of receipts and not due to any improvement in the demand.
