CATTLE. The yards were practically bare of cattle today as usual on a faturday. For the week the receipts foot up only about haif as large as a year ago and less than haif as large as last week. The heavy decrease in arrivals, as a matter of course, has been due to the severe break in prices last week and to the fact that market reports generally have discouraged free shipments until the glut which brought about the break should be relieved. The country in holding back the cattle has acted most wheely for the demand not only at this point, but at every other market point of any importance has been extremely light all the week, owing to the fact that the meat chafmels all over the shortage of refrigerator cars to move here of beef steers has gradually strengthened up so that at the close of the week prices are not over logific lower that the best time last week before the break. The feeling is that if receipts at all market points can be kept dawn for a few days longer until the surplus beef in hands of packers is used up prices ought to continue on the up grade until the loss is entirely made up. On the other hand it is feared that should there be heavy receipts the first of the week prices will drop back again to last weeks low level. The gluthas been the worst at Chicago, and until the situation is very much improved at that point western markets can hardly be expected to assume a very strong position. Cows and heiters in fact butcher stock of all kinds, under the same influence that

COLUMBIA TRUST COMPANY, New York, Trustee.

Authorized and outstanding

The Company agrees to retire Debentures as follows: June 1, 1907 June 1, 1912 \$275,000 \$125,000 1, 1908 " 1, 1913 " 1, 1914 125,000 275,000 1, 1909 300,000 150,000 1, 1910 1, 1915 300,000 200,000 1, 1911

PRICE 100 AND ACCRUED INTEREST

These Debentures were issued to retire \$3,000,000 Three-Year Coupon Notes, sold by the Company in April, 1905, and redeemed by the Company on October 1, 1906, and to reduce further its outstanding obligations in the form

From the statements made to us by the officers of the Company we have obtained the following information: The Schwarzschild & Sulzberger Co. has been in continuous operation since 1853. The Company owns (free and clear) and operates extensive packing plants in New York, Chicago and Kansas City, which, as appraised by Messrs. R. V. Hartnett & Co. of New York and by Mr. James Miles of Chicago, are valued at \$8,697,886.

The Schwarzschild & Sulzberger Co. is one of the four largest packing concerns in the country, doing a business of upwards of \$75.000.000 a year. It has facilities for killing over 100,000 cattle, sheep and hogs per week. The Company makes a specialty of hotel and club trade, and buys the heaviest and best grade cattle sold at the stock yards. Its business is almost entirely in fresh meats; in fact, its sales of canned goods amount to less than 1% of the total business done by the Company.

Appraised value of real estate and plants, 1906...... \$8,697,886 Paid in Capital 4,373,400 Surplus (entirely accrued from earning of the business) Dec., 1906. 5,714,798 Excess of quick assets over current liabilities at close of business Dec., 1906..... Average earnings (subject to interest charges) on a constantly increasing volume of business for eight years ending Dec., 1905..... Interest requirements of debentures, 1907. 360,000 Net earnings for 1906, as obtained from preliminary statements (after providing for all expenses and interest charges, including interest on these debentures) 922,758

being over 20% on the outstanding capital stock of the company. The quick assets of a packing concern are exceptional in the rapidity with which they can be converted into cash. The trust indenture under which the Debentures were issued so protects the quick assets of the Schwarzchild & Suizberger Co. that they cannot be utilized for dividends or for extension or improvement work to an extent which, in any contingency, could, in our opinion, endanger the security of the Debenture. The trust Indenture further provides that the company shall not create any mortgage on any of its packing plants above mentioned during the life of any of the Debentures.

The legality of this Debenture issue has been approved by our attorneys, Messra. Hornblower, Byrne, Miller Potter, and by Messrs. Steinhardt & Goldman.

Application will be made in due course to list these Debentures on the New York Stock Exchange.

balance for public subscription at 100% and secured interest, deliverable and payable on or February 25, 1907, at either of the New York offices of the undersigned, in New York Funds. market generally are looking for a continuation of the prevailing good prices.

As a matter of course, excessive receipts on some days are always liable to bring on sharp breaks which are unavoidable, but the general outlook is certainly very promising.
