

ANGER IN EATING PORK

Dr. R. K. Spaulding, Health Inspector, Warns Against Hot Meat.

AID OF PRESS AND SCHOOLS ASKED

Examination of Every Carcass for Trichina an Impossibility—Consentation Supported by Recent Cases of Trichinosis.

LINCOLN, Feb. 19.—(Special).—Pork eaten raw or not thoroughly cooked, in the opinion of Dr. R. K. Spaulding, state health inspector, is a danger to human life.

The recent cases of trichinosis occurring in this state at Hastings and Fremont emphasize the fact that pork which is not thoroughly cooked, is dangerous to life.

No law could be passed by the legislature that would compel a bacteriological examination of every carcass that was killed for home consumption, and it is only in this way the trichina can be discovered and the meat products condemned.

For this reason we must depend upon the press of the state to make known to the people in the most public way the danger there is in eating raw pork. This knowledge should also be taught in all schools, and a full discussion of the subject then be had in our homes.

R. K. SPAULDING, State Health Inspector.

McDonald and His Feeding Contract.

John McDonald, sheriff of Douglas county, has an idea, so it is told on good authority, that some one intends to introduce a bill which will affect his present contract for feeding prisoners in the county jail. It is said the idea is repugnant to Mr. McDonald, for this reason he came to Lincoln today and began the construction of plans and ways to defeat such a measure, if introduced, in the event that he cannot keep it out of the hands of the lawmakers.

Teachers Want a Holiday.

Teachers of the public school are about ready to go to war with Superintendent Stephens because he has refused them a holiday on Washington's birthday. Inasmuch as the superintendent was hanging over the railroads in the house this afternoon watching proceedings, the teachers are more than wrathful and they believe his orders are unjust and deprive them of their right to visit the legislature, to say nothing of preventing them from honoring the memory of the "father of their country." They are thinking of "striking" some of the high school boys into him.

FAMILIES RETURN TO THEIR HOMES ON SOUTH SIDE.

FREMONT, Neb., Feb. 19.—(Special).—The ice is now out of the Platte river and the water has gone out of the south part of the city leaving only a few pools in low places. Families have gone back to their homes a second time and are again busy cleaning up. The flood last week, according to old timers, almost equaled that of 1881. Measures will undoubtedly be taken the coming summer toward preventing any further flooding of the south side, either by erecting a strong dike along the south bank of the river or by diverting the channel to the south of Murphy and Hawthorne islands.

PAPILLION, Neb., Feb. 19.—(Special).

The floods caused by the ice gorge were destructive to the farms on the Platte bottom in Sarpy county. Charles Lasing lost all his potatoes and other vegetables and several hogs. Mr. Nielson lost all his hay and a great many of his hogs were drowned. The ice gorge threw the water of the river over into Buffalo creek, which caused high water on grounds which was never overflowed before.

HORSE'S LEG IN PLASTER CAST

Ematis Surgeon Attempts to Save Animal Maimed in Runaway.

BURTON, Neb., Feb. 18.—(Special).—A team driven by Harry Schroeder became unmanageable Sunday night and after a run of a quarter of a mile crashed into the rear end of a spring wagon in which there were four children and a barrel of salt. Nobody was injured beyond a shaking up.

One of the horses sustained a broken leg.

The owner of the team, Clyde Klingman, secured the services of Dr. Wederanders, physician and surgeon, who reduced the fracture and encased the leg in a plaster of paris cast. The injured leg is protected by an iron brace. The outcome of the operation is being watched with interest, as

Crags Want Factories.

CRAIG, Neb., Feb. 19.—(Special).—Craig is almost midway between Omaha and Sioux City, almost in the center of Burt county, one of the best counties in the state. There was a fire recently and several business houses went up in smoke. The town needs one general store, one butcher shop, one restaurant, one hardware store and implements, one cement block factory, one brick and tile factory and one hotel. Any one desiring any of the above will do well to call and look over the situation before locating elsewhere.

No Conversion in Three Weeks.

BLUE HILL, Neb., Feb. 19.—(Special).—Three weeks' revival meetings at the First Christian church closed Sunday evening without a single conversion having been made. There were good attendances throughout the series, and on Sunday night the church was especially well filled. Evangelist Farnam returned Monday to his home in Indiana, much disappointed at the apparent lack of appreciation of his efforts by the people who listened to him night after night.

Big Prices for Fancy Hogs.

HARVARD, Neb., Feb. 19.—(Special).—Several hog sales were held in different parts of Clay county last week and large prices were paid. At one sale, a sow brought \$104. At another sale, the price averaged a little over \$80. At another, \$73. These were Duroc-Jersey sales.

News of Nebraska.

PAWNEE COUNTY.—Coroner J. W. No. 44, K. J. O'Brien, gave his annual banquet at their hall last evening.

TABLE ROCK.—J. R. Sutton has been elected general manager of the Table Rock and Clay company.

BEATRICE.—The ice went out of the river yesterday, and all danger of a flood from the north is now past.

OAKLAND.—The corps of teachers in the Pender public schools spent Monday and Tuesday visiting the Oakland public schools.

OAKLAND.—At the sale of Peter J. Smith's horse, a team of horses, a pair of 4 years old, that have never had harness on, sold for \$111.

SIDNEY.—Land buyers are thicker than honey and every day brings from ten to twenty to the country from all sections of the United States.

LYONS.—C. W. Babcock sold nine registered bulls out of his herd of Shorthorns to W. W. Linn, who will ship them to his ranch at Kearney.

PLATTSMOUTH.—The Missouri Pacific did not run any trains between Omaha and

Scrofula

Few are entirely free from it.

It may develop so slowly as to cause little if any disturbance during the whole period of childhood.

It may then produce dyspepsia, catarrh, and marked tendency to consumption, before causing eruptions, sores or swellings.

To get entirely rid of it take the great blood-purifier,

Hood's Sarsaparilla

In usual liquid form or in chocolate tablets known as Sarsatabs. 100 doses \$1.

Mr. Klingman is the first person in this section to try to save a horse in this manner.

BURGLAR ALARM SAVES BANK

Gongs Ring When Robbers Knock Dial from Safe and They Run.

CENTRAL CITY, Neb., Feb. 19.—(Special).—An unsuccessful attempt was made to rob the Farmers State bank at an early hour this morning.

About 1:15 the night watchman was held up by two masked men a block distant from the bank. He was told to come with them and make no disturbance and they would not harm him. Arriving at the bank, the door of which had been previously opened by other members of the gang, the watchman was taken to the bank parlor, blindfolded and securely bound, hands and feet, to a chair. The robbers then proceeded to gain entrance to the vault with a sledge hammer and they knocked the door in.

The bank is protected by an American bank protection burglar alarm. When the dial was broken connection was made and the alarms turned loose. The burglars lost no time in getting away.

There were four in the party. They stole the money and headed for Grand Island. Near Chapman the car was ditched.

The alarm aroused parties sleeping near the bank, who got busy with the telephone. When the bank officials arrived they found the night watchman securely bound. The burglars' departure was so sudden that they left their tools.

Evidently the burglars were not aware of the fact that the bank was provided with a burglar alarm or they expected to cut the connections.

The Knights of Pythias were celebrating their anniversary but three doors away and had left their hall less than thirty minutes before the attempted burglary. In fact, the cashier of the bank, who was on his way home from the lodge rooms, met the two men who held up the night watchman at the corner but a few minutes before the holdup.

There is no question but what the alarm saved the bank.

THREE YOUNG MEN AND A GIRL.

Small Theatrical Company Taken into Custody at Virginia.

BEATRICE, Neb., Feb. 19.—(Special).—The Hall-Brook-Bankin Theatrical company played a brief engagement at Virginia, this county, because of the intervention of Sheriff Truett, who went there after Miss Pethoud, a girl who left Beatrice with the company without her parents' consent. All the members of the company, comprising three young men and Miss Pethoud, were brought here today by the sheriff. The girl was sent to her home at Ohiova, and the others were released after paying the costs in the case.

JESSEN FOR FEDERAL JUDGE

Friends Urge Nebraska City Just for Friends' Organization on Bench.

PLATTSMOUTH, Neb., Feb. 19.—(Special).—In district court this afternoon the members of the Cass County Bar association unanimously endorsed Judge Paul Jessen of Nebraska City for judge of the United States district court at Plattsmouth. He will endeavor to secure his appointment.

Cement Factory for Peru.

PERU, Neb., Feb. 19.—(Special).—At his recent visit, Prof. E. H. Barbour of the Iowa university suggested that the shale underlying the coal vein at the Peru mine could be used together with the limestone bed to the westward for the purpose of making a fine quality of cement. He said that the coal would furnish all the fuel needed. Following his suggestion a company of local capitalists has been temporarily organized to look into the advisability of establishing such a factory, and steps are being taken which will insure the establishment of the factory in case the materials at hand prove all that is reported by the state geologist. Prof. Duncanson, who has visited Prof. Barbour, thinks Prof. Barbour has been very conservative in his estimates of the local resources in the vicinity of the mine.

SCHOOL TEACHER and Coffee Drinking.

Many good people are loath to give up coffee, even though they admit that it is doing them harm because they fear that nothing else in the way of a hot beverage will satisfy them. A school teacher says: "I always enjoyed coffee for breakfast. The day seemed lost without it. But in time I began to experience bad results from its use. My head became very sore, and I lost sleep and finally was prostrated by complete nervous breakdown. Then I was compelled to abandon the use of coffee."

"I adopted Postum Food Coffee as my hot beverage at breakfast. Have been using it for more than two years. My health is restored and I am able to take an interest in life once more."

"My whole family, children and all, drink Postum Food Coffee, and we all thrive and keep healthy on it. It is as delicious as a drink, delicious, and tempting and with none of the harmful effects that usually followed the use of coffee. The choicest brands of Java and Mocha, offered free, would not tempt us to quit the use of Postum Food Coffee." Name given by Postum Co., Battle Creek, Mich. "There's reason." Read the little book, "The Road to Wellville," in plain

this city today on account of the track still being impassable near the Platte river. The Burlington running its trains between the two cities about on time.

LYONS.—Grand Masonic Custodian of the State of Nebraska Robert E. French of Kearney is holding a school of instruction in the Masonic lodge here.

SIDNEY.—Rev. J. S. Leamer will leave here shortly for St. Mary's, to give a call to the parastore of one of the largest Lutheran churches of that city.

BEATRICE.—Work was started yesterday on the foundation of the new Catholic school at this place. The building is to be 3000 feet high, and will cost \$32,000.

NEBRASKA CITY.—Edward H. Ranau and Miss Martha, seven days married, were united at the parastore of one of the largest Lutheran churches of that city.

BEATRICE.—Work was started yesterday on the foundation of the new Catholic school at this place. The building is to be 3000 feet high, and will cost \$32,000.

SIDNEY.—County commissioners are in session this week and are busy selecting the jury for the March term of district court and cleaning up a number of road petitions.

BEATRICE.—C. B. Cline left yesterday for Hoxie, Kan., with a pair of the Fulton bloodhounds. The call was an urgent one, and it is supposed it is a case of murder or a big robbery.

BLUE HILL.—William Kruger, Louis Ed. Hin and George McLaughlin, all of Kan., to look at the coal with a purpose of purchasing land. Many here have the idea that coal is to be discovered in this section.

BEATRICE.—The funeral services for the late John Hager were held Sunday afternoon from 10 to 11 o'clock at St. Mary's church, and were largely attended. Interment was in Blue Springs cemetery.

SIDNEY.—Thirty pounds of cream or butter fat was shipped from this point last year, and it is confidently expected that it will reach 100,000 pounds this year. Most of the cows are principally fed on the wild upland grasses of western Nebraska.

BEATRICE.—According to orders received here by Adjutant General Cutler, company C will be mustered on Feb. 25, and battery A at Wymore Tuesday, February 26. Captain C. E. Franer of the First Infantry and Captain W. H. H. of the Second Infantry have been selected to make the inspection.

NEBRASKA CITY.—Mrs. George E. Bone, who came to this city with her husband many years ago, died Monday morning at her home on North 44th street. She had been an invalid for years, suffering from rheumatism and from that disease six years ago lost her sight. She leaves one son, eight grand children and a husband.

PLATTSMOUTH.—Mrs. William Sage, aged 82, died last evening at her home in this city Sunday. Rev. J. E. Houliager, pastor of the Methodist Episcopal church, conducted the funeral service at 10 o'clock Monday and the body was interred in Oak Hill cemetery. A husband and five children preceded her to the grave.

CULBERTSON.—Mrs. Margaret Wacker, wife of George Wacker, died at her home in Culbertson Saturday evening. She was 72 years of age. She was born in Russia and had been a resident of this country for twenty-eight years. She leaves a husband and six children, who are all prominent business men and farmers in this locality.

NEBRASKA CITY.—The Woman's Auxiliary of the Episcopal church will begin its quarterly meetings on Monday evening, Feb. 19, at 8 o'clock at the Episcopalian church in this city. The missionary address will be delivered by Rev. Mr. Bean of Falls City this evening. The collection there will be a strong program. A large attendance from the eastern part of the state is expected.

EUSTIS.—The 2-year-old son of Mr. and Mrs. R. E. Nichols drank a half teaspoonful of carbolic acid, given him by the mother in mistake for a dose of medicine. Mrs. Nichols promptly telephoned Dr. Weidner, who arrived in a few moments and by quick work the child's life was saved. Mrs. Nichols is now recovering.

HARVARD.—The body of Blanchard Bone was brought to Harvard and buried in the Harvard cemetery. He came to Harvard close to thirty years ago. After several years of study he returned to his home in Iowa, aged 27. He leaves an aged widow and nine children, all of whom are living.

CULBERTSON.—George Krutz, an old resident of this place died at the home of his son, Henry, one mile east of this place, Saturday evening. He was 95 years of age. He leaves a wife and five children, three sons who live here, a married daughter in Oklahoma, and a son who lives in Kansas.

BEATRICE.—Company C held a meeting last night and elected Sanford Gary first lieutenant to succeed Walter Sandell, second lieutenant and Fred J. B. B. as sergeant. Orders were read from adjutant General Cutler authorizing the company to receive their new uniforms.

LYONS.—N. P. Sorenson arrived Tuesday from Mexico, where he has been for four months assisting in the construction of a dam which is interested with other Lyons parties in erecting a large sawmill. They intend to cut and saw in lumber in the forests which are on their large ranches. This lumber they will ship to the United States over their railroad line. The dam is completed about two years ago.

OSCEOLA.—There is a case on the federal court docket in this county, to wit: against James Clifton. Mr. Clifton lives in Fawcett precinct in Polk county and it is alleged that he has ordered some 2000 feet of lumber to be cut and delivered to him at the rate of \$1000 per carload. He is alleged to have written onto it the name of the contractor, who is believed to have been told that it is in the hands of a certain party in this county.

CULBERTSON.—The Culbertson Farmers' Institute was held today in the Shumaker opera house with a good attendance. Prof. H. H. Hunt, who is here on a speaking tour, was the principal speaker in attendance. Mr. O. H. Smith was also present and gave a lecture on "The National Milk and Dairy Industry."

NEBRASKA CITY.—Myron E. Evans, who was killed in the electric car wreck in York, Neb., on Monday last, was born in Iowa. He was about thirty-five years of age and lived here until some fifteen years ago, when he went to New York. He graduated with the highest class in 1885 when he was 19 years old; worked under City Engineer Nims, graduated as civil engineer in New York, and was 23 years of age and leaves a widow and two children.

SIDNEY.—Regular summer weather prevailed here this week, the last of last week was almost too warm to work outdoors, the thermometer registering 85 degrees. The snow is melting rapidly and is already planting their spring seed and there will be nearly double the amount of plowing done over the winter season. The country is undergoing a vast change.

PLATTSMOUTH.—Judge Paul Jessen arrived from Nebraska and returned on Monday the 18th. He will be in the city until the 20th. The greater part of the afternoon was occupied in taking down the list of names of motions and assignments cases. The jury will not be called until next Monday. The first case on the docket is one against Green, in which the plaintiff seeks to recover an amount of \$10,000.

COLUMBUS.—The large bridge between here and Polk county has not gone out, but one span on it, on Sunday, turned over. The train on that span was derailed and several people who had come over here to church in the morning were killed. The train is running on "schedule" back.

BEATRICE.—A meeting of the business men and farmers at Ellia yesterday resulted in the organization of a banking institution here. It will be capitalized for \$50,000, and the corporation has within its membership some 200 members.

NEBRASKA CITY.—The directors of the city of Omaha, who live three miles southwest of town, had a most miraculous escape from death Sunday night. A little tot was playing about a cistern and in some manner tripped and fell in. The cistern is over 30 feet deep and contains about a foot of water. The little fellow was seen to fall and his father ran and looked for him, but he did not see him. The boy was standing up, his cap under his arm, and greeted his father with, "Father, you see me, don't you?"

NEBRASKA CITY.—The horse which was loaded around Auburn and had been a constant visitor at the saloons. He has since disappeared.

TABLE ROCK.—The St. Joseph County Sunday school association held a district convention at the Methodist Episcopal church here on Monday, which was one of a series of meetings held in the county. M. A. Bull of Violet, county Sunday school superintendent, presided. Mr. J. H. Miller of Table Rock was the only speaker. A very interesting and instructive address, which was greatly appreciated by the convention, was given by Rev. J. H. Miller.

STROMSBURG.—At a meeting of the Commercial club in this city last night Ira Banta was elected president; V. E. Wilson, vice president; A. B. Hedden, secretary; G. H. Frosser, treasurer. The club also selected a representative to the state meeting at Lincoln this week. An outline of the work to be done for this city for the coming year was given. It was generally conceded that when the Stromsburg-Lincoln line of the Union Pacific is built the division will be far from a generally conceded that when the Stromsburg-Lincoln line of the Union Pacific is built the division will be far from a

URGING FRUIT MEN'S CAUSE

Congressman Kennedy Seeks to Have Express Companies Investigated.

ALSO PUTS IN GOOD WORD FOR LABORERS

Postoffice Clerks Entitled to More Pay But Those Who Draw Less Salary Should Not Be Overlooked in the Distribution.

(From a Staff Correspondent.)

WASHINGTON, Feb. 19.—(Special Telegram).—Representative Kennedy appeared before the Interstate and foreign commerce committee of the house this morning and urged the committee to make a favorable report on his resolution directing the Interstate Commerce commission to investigate certain express companies. The Western Fruit Jobbers' association, in convention assembled at Kansas City last month, adopted a resolution charging that the Adams, American, United States, Pacific and Wells-Fargo Express companies were unlawfully engaged in buying, selling and handling fruits, produce and oysters, thus coming into direct competition with legitimate dealers, to their detriment and disadvantage. The association demanded an investigation by the federal authorities. Mr. Kennedy introduced his resolution at the request of Mr. E. B. Branch of Omaha, secretary of the association.

In presenting the matter to the committee Mr. Kennedy said, in answer to one of the members who suggested that the investigation be made by the Department of Commerce and Labor, that the act creating that department reserved to the Interstate Commerce commission jurisdiction of common carriers and therefore the Department of Commerce and Labor has no control over express companies, which by the terms of the act to regulate commerce were lawfully engaged in buying, selling and handling fruits, produce and oysters, thus coming into direct competition with legitimate dealers, to their detriment and disadvantage. The association demanded an investigation by the federal authorities. Mr. Kennedy introduced his resolution at the request of Mr. E. B. Branch of Omaha, secretary of the association.

PLATTSMOUTH.—Hugh Murphy of Omaha, who will open up the big Stout stone quarry near Louisville early this morning, which was the act of creating, as many engines and a steam shovel. County Surveyor Hilton, this morning, directed the survey, which was purchased from Charles C. and Thomas E. Farnham of Plattsmouth. The survey, which was shipped from the quarry on the north side of the river to Cedar creek, will be used for the purpose of opening up a large number of men during the summer.

BEATRICE.—A meeting of the business men and farmers at Ellia yesterday resulted in the organization of a banking institution here. It will be capitalized for \$50,000, and the corporation has within its membership some 200 members.

NEBRASKA CITY.—The directors of the city of Omaha, who live three miles southwest of town, had a most miraculous escape from death Sunday night. A little tot was playing about a cistern and in some manner tripped and fell in. The cistern is over 30 feet deep and contains about a foot of water. The little fellow was seen to fall and his father ran and looked for him, but he did not see him. The boy was standing up, his cap under his arm, and greeted his father with, "Father, you see me, don't you?"

NEBRASKA CITY.—The horse which was loaded around Auburn and had been a constant visitor at the saloons. He has since disappeared.

TABLE ROCK.—The St. Joseph County Sunday school association held a district convention at the Methodist Episcopal church here on Monday, which was one of a series of meetings held in the county. M. DIAMONDS.—Frenzer, 13th and Dodge. Managon & Co. LETTER SPECIALISTS.

EMPLOYEES SENT TO LIQUOR CURE INSTITUTE

Wm. Coleman, in The Chicago Sunday Tribune, says:

UNTIL a few years ago when a man drinks too much and too steadily his employer let him do it or fired him altogether. Now these men are being sent to a liquor cure institute to take it upon themselves to see that they are getting better. One man who holds a high position in a large business corporation that has "retained" eight of its employees in this fashion, says that he and his associates look back upon the old time system as barbarous and unfair, not only to the employer, but to the employees. They figure now that they get so much better work of the men they have sent to the liquor cure institute than they get from the same men when they are in the office. "There are working in Chicago many men who do not touch a drop of liquor and who for that, among many other reasons, are as invaluable to their employers as employees can be, who know all about the inside workings of these 'cures.' They are filled with gratitude to their superiors, who made it possible for them to 'blow out' and they are giving much better service than they ever gave before. It is the high grade man that usually is sent to the liquor cure institute. In this connection, some qualifications are sometimes a question how to keep the men and girls from running to town and getting drunk, and just after coming back to the office, to find a full bottle of liquor waiting for them." P. D. Armour, late head of the Armour Packing Co., says of the Keeley Cure: "I have sent about two hundred of my employees, from butchers to foremen, and all have been permanently cured. (From a personal letter to Dr. Keeley.) I do not think there is any other man or any one man who ever did the good to humanity that you are doing with your cure." I interested, write for booklet, "Facts About the Keeley Cure," to The Keeley Institute, corner 25th and Cass Sts., Omaha, Neb. Correspondence is confidential. The Keeley Institute treats Drunkenness, Opium, Morphine and Tobacco Diseases successfully.
