State House Dangerous. John McDonald, the Omaha architect employed by the legislature to inspect the state house and report as to the condition of the east wing, reported today that it is a very dangerous place and that it will cost \$20,000 to fix up that particular wing. His

report is practically the same as made by

George Berlinghof. Reciprocal Demurrage Bill. A new reciprocal demurrage bill made its appearance in the senate this morning. It was introduced by Sackett of Gage county and goes into details regarding the furnishing of cars by railroads. It is aimed to prevent congestion of traffic because of failure of the railroads to provide cars. It requires railroads to furnish cars within a reasonable time after demand is made for them and not more than six days thereafter. They must be furnished in order of application. The bill also requires rallroads to move freight at least sixty miles per day except live stock and pertubable fruit, which are governed by special laws. The rallroad companies are required to forty-eight hours after its arrival at its destination and the consignee is required to remove the goods within the same

length of time afterward. Penalties are mposed for violations of the act. Maximum Rate Measure. troduced a bill fixing maximum freight rates on grain and providing penalties for the giving of rebates or for discrimination The rates provided for run from 14 to 20

per cent below the rates fixed by the present maximum freight rate law. The bill s as follows:

Comrade Blystone, representative of Lancaster county, introduced in the house this morning a bill appropriating \$10,000 for the rection of a monument of Abraham Lincolp. A bill of similar character was introduced four years ago, but there was a condition attached to that measure that condition was that the city of Lincoln should raise a similar amount and assist in paving the streets around the capital grounds. But Lincoln didn't do it. Inclientally the stones presented to the state by the state of Tennessee some years ago have been officially located. A resolution was introduced yesterday for a committee to locate these stones and report. The Commissioner Eaton had the stones removed to twelve paces west of the boiler

A bill has been introduced to appropriate \$25,000 in order to get back from the city block 29, known as State Historical society block. The plan is to erect a state historical society building on a portion of this lot. The bill was introduced in the house this morning by the finance ways and following them out to the letter and lot means committee. It recites in lengthy the rich brown liquid of the advertisewhereases that the commissioners appointed to relocate the capital of the state were "granted power to survey and stake out public squares or reservations for pub- warm beverage, unfailingly refreshing This was done, the plat and helpful; both body and nerves testishowing that block Is in the city of Lin- fying to its helpfulness by new strength coln was set apart as a site for a building for the state historical society, and Battle Creek, Mich. GOSSIP OF THE LEGISLATORS Railroad Lobbyists Appear to Have Lost Power to Charm.

(From a Staff Correspondent.) LINCOLN, Feb. 22 .- (Special.) -- North western Lobbyist Bob McGinniss has moved his day headquarters from his "legitimate" office on O street to the corridors of the state house, where he is the first on hand and the last to depart when the house or senate is in session. The effectiveness of his work was shown in the manner the senate and house acted on the 2-cent passenger rate bills.

"He who laughs last laughs loudest," remarked a member as he saw former Secretary of State Galusha pass down the corridors of the state house. "The same sentiment which put Galusha out of the state house because of his action as a member of the State Board of Assessment is the force which is now trying to put Searle and Eaton off of that board. The three were in the same boat, but it was a case of the two getting under the wires in the convention."

Cone wants to know how the state can spend \$8,000 to build the dome, when the revenues to be derived for state purposes ander the 5-mill levy will be only \$2,-\$90,000, and there is already appropriations asked for amounting to \$4,700,000. Besides that, he said if the pops have a majority in the next legislature they may want to make a silver dome.

Frank Barber, the old-time Burlington lobbyist and fixer for certain railroad officials, bobbed up at the state house this afternoon and asked for an interview with Governor Sheldon. This is his first public appearance during this session. He Even a proof-reader may make mistakes was very prominent in the third nouse unless a careful reading is maintained all two years ago and for years previous, but hustled huriedly out of town during the last session, when there was strong talk of looking into the work of the third 'No tea and not one drop of coffee.' ordered the doctor-and I rebelled. But

> The deans of the medical department of the University of Nebraska and of Creighton Medical college have addressed the following letter to the members of the legislature:

following letter to the members of the legislature:

As representatives of the two largest medical schools in the state, with students numbering \$75, many of whom will have the care of our children in the near future, and who need all of the clinical resources at the command of the people, that they may have a finished and practical training; respectfully solicit your consideration of the advisability of relocating the State Hospital for the Crippled, Ruptured and Deformed, in Omaha. Its being placed in the Home for the Friendless was one of expediency. The \$10,000 appropriated in \$1905 was an experiment. The 2x-periment was a success. It has shown a large and growing demand for the relief of indigent, crippled children. This institution, therefore, is destined to accome a large and beneficient one. To be mort useful for the purposes intended, it should be in the largest city in the state, the greatest center for medical and surgical work, where the best skill for their relief is to be obtained. Thus the orippied, ruptured and deformed are better served.

To do this does not involve any extra expenditure. It is only necessary to 12-cate it where its valuable clinical material is at the disposal of our third and fourth year students. That this valuable material should go to educational waste, as it now does, is certainly a crime of omission. Our students and younger physicians need the practical object leasons which these cases afford, and we as medimilk, milk-until the very step-of the fast without some warm beverage grew wearisome, and bid fair to be entirely slighted. And with a brain that for nine manding nourishment, the falling appetite "Then in despair, Postum was tried. I had tasted it once and heartily disliked the pale, watery compound, but now, literally starving for a hot drink, I read and re-read the directions on the package with the critical eye of the proof-reader, "Not one but three cups disappeared and since then Postum has been my sole and vigor." Name given by Postum Co.,

HABEAS CORPUS FOR PRICE United States Circuit Court of Appeals Will Review Case from

China. SAN FRANCISCO, Feb. 22.-The United States circuit court of appeals has issued writ of habeas corpus in the case of S. R. Price, in prison at Shanghal. Price was convicted on January 15 by Judge Wilfley of the United States court for China at Shanghai of assault with a deadly weapon and sentenced to six months in jail.

An appeal to the United States court of appeals was granted, but Judge Wilfley refused to admit Price to bail, pending the appeal. The clerk of the court also refused to send to the court of appeals transcript of the papers in the case. Price's ounsel in China put the matter into the hands of local attorneys. Yesterday the circuit court of appeals issued an order that the Shanghai court admit Price to bail on the proper securities being furnished, the ball being fixed at \$4,000. The clerk of the court was ordered to forward a transcript of the papers in the case.

Only One "Bromo Quinine." That is Laxative Bromo Quinine. Simiarly named remedies sometimes deceive. The first and original Cold Tablet is a white package with black and red lettering and bears the signature of E. W. GROVE. 25c DIAMONDS-Frenzer, 15th and Dodge
