

GRAIN AND PRODUCE MARKET

What Takes Good Prices, Shows at Substantially Better Figure. CABLED UP: DOMESTIC NEWS BULLISH

Corn Receipts Large, but Demand in Seed and Clearances Heavy—Cash, Both Cash and Options—Continues Advance.

OMAHA, Feb. 23, 1907.

Although Argentina shipments were heavy, the Argentine market was not so strong as it appeared to be. The Argentine market was not so strong as it appeared to be.

Primary wheat receipts were 1,027,000 bushels and shipments 2,000,000 bushels. The Argentine market was not so strong as it appeared to be.

WATCH COBALT CENTRAL Rich Mines in Strong Hands Now on a Shipping Basis.

Concentrating plant now in process of construction. Plans call for its completion May 1st, 1907. First ore in Cobalt. Responsible engineers estimate the net earnings of this plant when completed.

At \$9,000.00 per Day

Systematic development work has disclosed ore bodies warranting much higher market prices for this stock.

We strongly recommend immediate purchases through any banker or broker with New York or Boston connections. Particulars on application.

THOS. NEVINS & SON, Bankers, 45 WALL STREET, NEW YORK CITY.

MINING STOCK

Now is the chance of your lifetime to purchase meritorious Cripple Creek listed mining stock, before the advance takes place.

It would not surprise us to see some of them advance 100 to 1,000 per cent as soon as the new projected drainage tunnel is completed.

Remember that our future prosperity in this line depends upon your success. Therefore rest assured that we will advise you to the very best of our ability. Furthermore, we can buy or sell your stock on the exchange daily.

For particulars address Gardner, Kirton & Co., 618 and 619 E. & C. Bldg., Denver, Colo.

CONDITION OF OMAHA'S TRADE

Business in All Lines but One Normal for Time of Year. STILL GREAT DEMAND FOR IMPLEMENTS

High Water and Snow Delay Shipments, but Fortunate Dealers in Country Have Ordered Ahead of Their Needs.

Trade in all lines, except farm implements, is normal for the time of year. In all implements, the farmers have never seen a livelier movement.

High water and snow have delayed shipments so much that retailers are much disappointed. The farmers are waiting for the snow to melt and the water to run off.

Many retailers of dry goods have been in the market for some time, and the business has been good. The farmers are waiting for the snow to melt and the water to run off.

The market for grain is steady, there being no change either in the price or in the quantity of grain. The farmers are waiting for the snow to melt and the water to run off.

The market for stock is steady, there being no change either in the price or in the quantity of stock. The farmers are waiting for the snow to melt and the water to run off.

The market for produce is steady, there being no change either in the price or in the quantity of produce. The farmers are waiting for the snow to melt and the water to run off.

The market for oil is steady, there being no change either in the price or in the quantity of oil. The farmers are waiting for the snow to melt and the water to run off.

The market for sugar is steady, there being no change either in the price or in the quantity of sugar. The farmers are waiting for the snow to melt and the water to run off.

The market for flour is steady, there being no change either in the price or in the quantity of flour. The farmers are waiting for the snow to melt and the water to run off.

The market for cotton is steady, there being no change either in the price or in the quantity of cotton. The farmers are waiting for the snow to melt and the water to run off.

The market for wool is steady, there being no change either in the price or in the quantity of wool. The farmers are waiting for the snow to melt and the water to run off.

The market for leather is steady, there being no change either in the price or in the quantity of leather. The farmers are waiting for the snow to melt and the water to run off.

The market for iron is steady, there being no change either in the price or in the quantity of iron. The farmers are waiting for the snow to melt and the water to run off.

The market for steel is steady, there being no change either in the price or in the quantity of steel. The farmers are waiting for the snow to melt and the water to run off.

The market for copper is steady, there being no change either in the price or in the quantity of copper. The farmers are waiting for the snow to melt and the water to run off.
