REAL ESTATE
FARM AND RANCH LANDS FOR SALE

California.

CALIFORNIA RANCHES FOR SALE.

A $2,000-acre stock and grain ranch, midway between San Francisco and Los Angeles on the Coast R. R. where the sun never burns and the winters never blast. Mostly rolling land with several thousand acres on the Estralla river suitable for irrigation; pasture land is beautifully timbered with large live oaks. The average yield of grain is thirty bushels of wheat to the acre; besides the river there are many flowing springs; water piped to all 14 sets of good farm buildings. The land is all fenced and cross fenced; 2,000 head of cattle, 40 horses and 80 head of hogs. Buildings and fences alone cost $50,000. The income is now $21,000 a year and can be easily doubled by good management.
This is a good colonizing proposition and can be made to pay big returns.
To close an estate we offer this property at $8.00 per acre, including the stock. Good terms can be arranged. Commission to agents.
We have other good properties, city and country, to exchange.

AFFAIRS AT SOUTH OMAHA

Official Coercion Manifest in the Anti-Annexation Campaign.

TEACHERS "REQUESTED" TO SIGN

George Nichols Probably Fatally Hurt in Elevator—Four-Year-Old Girl Has Skull Fractured by a Snowball.

The futility of submitting the question of the annexation of the two cities to a vote of the people with the expectation of a fair expression of public sentiment and a free discussion of the question is illustrated plainly by several events which have transpired since the movement began. In the first place the mayor called an assembly, not for a free discussion, but a mass meeting avowedly against the question, so that all who favored annexation would stay away. A committee was appointed out of this number in accord with its views. Last night the mayor, after asserting that he held in his pocket a petition signed by 100 business men asking that a holiday be declared, issued the following proclamation, which is self-explanatory and illustrates the kind of a fight which would be made by the officeholding class in South Omaha in case the question were submitted:

Whereas, A petition has been signed by the business men of South Omaha requesting that business be suspended in this city on Wednesday, February 27, between the hours of 8:30 a. m. and 7 p. m., and

Whereas, The business men and property owners of South Omaha contemplate visiting our state legislature on that day for the purpose of protesting against proposed annexation to Omaha, now

Therefore, I, Thomas Hoctor, mayor of the city of South Omaha, do hereby proclaim said day a holiday and call upon our citizens to lend their assistance to the business men of the city in their efforts to preserve our identity.

Coercion of Teachers.

Another move was instituted by the committee of the anti-annexation forces and that was at the same time the South Omaha teachers were paid the committee presented a petition and asked each teacher to sign it, expressing a desire to go to Lincoln and make a formal protest against annexation. It is said that 100 of the teachers affixed their names to the petition. The board has not yet taken definite action and the president made the declaration that if the petition were duly presented to the board it would be given the same consideration as any other petition might receive; but he did not wish to take any responsibility for the action, declaring it was all the work of the anti-annexation committee. It is likely that many of the teachers will be glad to be awarded the holiday quite as much as on any other occasion. Their pay, which is continued, will at least equal the fare on the road.

The mayor and committees are expecting to visit the packing houses today to influence the men to go with the excursion. An effort may be made to have the big corporations close down also; but it is not likely that they will concede the request. In fact the mayor admitted that his efforts in that direction had met with a decided chill. The matter will be renewed today. Every effort is being made to secure a delegation of at least 500 and it is rumored that free tickets will be on hand at the close if that number is not reached.

City Council Proceedings.

The item of greatest importance before the city council last night was the final passage of the engineer's ordinance touching on street and sewer connections. This places all sewer connections, gas pipe and water pipe connections which are outside of the buildings in which the connections are desired under the supervision of the city engineer. It is asserted this will give the department the necessary information at all times necessary for the effective working of that department of the city.

The building inspector also introduced an ordinance which was given first reading which defined the duties of the building inspector with reference to plumbing operations. This ordinance will clearly define a matter which has not heretofore been touched upon.

The city attorney and engineer reported favorably on a petition to pave G street from Twenty-fourth to Twenty-fifth street. This will accommodate the new hospital.

The city attorney was instructed to draft an ordinance granting to the Burlington road the right to construct a viaduct over its tracks on West Q street.

The general allowances for salary were passed and several items of routine passed upon. Thomas J. Parker asked for a lease of ground at Thirtieth and L streets at the rate of $15 per year. Property owners petitioned for an arc light at Twenty-second and D streets. The city attorney recommended that the claim for damages by Mrs. John Lucid be settled. A warrant was ordered for $625 to meet the city's obligations in New York due March 1. Contracts for all the supplies for the ensuing year were approved. The finance committee was instructed to secure the signatures of the railway officials to contracts for the right-of-way for the Highland park sewer under the tracks.

The lists of judges and clerks of election for the primaries were read and confirmed. The section of the Ryan estate which was taxable for the paving of Thirtieth street was defined by resolution. The claims of Thomas Whalen and Francis Mullar for damages in the grading of Twenty-second street allowed by the appraiser was conceded by the council. The city attorney was asked to draft an ordinance repealing the one which gave the Standard Oil company the right to erect tanks at Twenty-fifth and U streets. Protests were filed against the erection of these tanks. The second partial estimate for the city hall was allowed, amounting to $5,440. Dr. W. J. McCrann's ordinance permitting him to lay pipes in the streets for the conduction of mineral water was recommended for passage. The council then adjourned for a week.

Man Crushed in Elevator.

A probably fatal accident occurred at 5:30 Monday afternoon at Armour's packing plant, when George Nichols, who runs an elevator in the pork department, was severely crushed between the elevator and one of the floors. He was working the elevator, but lost control of it, and taking fright attempted to jump out. He was caught by the moving elevator and his head was pinched between it and the floor, causing probable fracture of the skull and a severe concussion of the brain. He was attended by Dr. C. M. Schindel and removed to the hospital, where little hopes are held out for his recovery. He had been hurt once before in the packing house and was given the job of running the elevator that the work might be easier on him. He had been working the elevator for a year previous to the accident. He is said to be rather slow of thought, and when the small defect of the machinery caused him to lose control he took a sudden fright and jumped to his death. Nichols is not his proper name, but he is from Russia and was given the name on account of the impossibility of pronouncing his foreign title.

Skull Fractured by Snow Ball.

The 4-year-old daughter of Officer Herman Tangeman was seriously injured last evening by a snow ball in which was pressed a piece of rock. The ball was said to have been thrown by Arthur Powell, a neighbor. Several boys ranging from 11 to 15 years of age were throwing snow balls and the little girl was struck by one on the side of the head which fractured the skull and drove several fine splinters into the brain. She was taken to the South Omaha hospital in an unconscious condition and her recovery is doubtful.

Mortenson Too Demonstrative.

L. A. Mortenson was arrested yesterday evening for yielding to an inordinate desire to embrace things and perform other unusual stunts. He was found on the street between M and N on Twenty-fourth.
