RAILROADS BALK ON TAXES

Three Out Amount Assessed for Water and Lighting Purposes.

INSIST PART OF LINES ARE NOT BENEFITED

Council Looking Matter Up and Suit May Be Brought in Endeavor to Collect the Amount Held Out.

For some years past the Union Pacific, Illinois Central and Northwestern railroads have refused to pay the city taxes levied for water and light purposes. It is said that the city has on this account lost several thousand dollars, and in accordance with the suggestion of Mayor Macrae and instructions of the city council a special committee, consisting of Councilmen Maloney, Hendrix and Wallace, is endeavoring to get a view of ascertaining how much has been held back in the way of taxes by these railroads. It is likely suit will be brought to recover the amount from the railroads in question.

The position taken by the Union Pacific, Illinois Central and Northwestern railroads has been a matter of some discussion in this city, and the city council has been endeavoring to get a view of ascertaining how much has been held back in the way of taxes by these railroads. It is likely suit will be brought to recover the amount from the railroads in question.

TWO-CENT FARE BILL PASSED

Not a Vote Against the Measure When It Comes Up in Senate.

WOMAN'S SUFFRAGE BILL SMOTHERED

Rankin State Marshal Measure Reported Out in the Senate—Bill to Shut Out Advertising Doctors.

(From a Staff Correspondent.)

DES MOINES, Feb. 26.—(Special.)—In the senate today the maximum passenger fare bill passed unanimously, forty-eight voting for the bill and the other two senators being absent. The bill passed the house unanimously and without debate. There was practically no debate in the senate, but Turner of Adams in calling the bill up explained it in some detail and Smith of Mitchell made a more detailed statement of the bill's passage. There were no arguments against the bill and no attempt to amend it.

The bill provides that the larger and more important roads, those whose gross earnings annually per mile are over \$500, shall charge passengers not more than two cents per mile. Those roads known as class B roads and whose gross earnings are not over \$500 a mile, shall charge not more than three cents per mile. The bill also provides that the minimum fare charged for any trip can be no less than one cent.

The bill also provides that the minimum fare charged for any trip can be no less than one cent. The bill also provides that the minimum fare charged for any trip can be no less than one cent.

The bill also provides that the minimum fare charged for any trip can be no less than one cent. The bill also provides that the minimum fare charged for any trip can be no less than one cent.

Dr. Clarke of Jefferson county, has stirred up a large number of doctors. They are able to move en masse to the legislature in the spring, and they claim that they would prohibit them from advertising in the newspapers. Whether this is true or not the bill does specifically state that a physician's license can be revoked if he solicits patronage by letter or by agents. In the belief of regular physicians, however, the bill or one of its nature is necessary, before the medical profession will be placed on a high standard.

Perry Wants a Court.
The city of Perry wants a superior court. A few years ago the city of Osceola wanted a superior court and had the law changed so that it could get under the cover. Now Perry is asking that the law be changed again and that cities having 4,000 population be allowed a superior court. A delegation was here yesterday urging the bill, which has been before the senate some time.

PATT FIGHTS THEATER COMBINE.
Creation Opera House Manager Finally Succeeds in Booking a Play.
CRESTON, Ia., Feb. 26.—(Special.)—Manager Patt of the Creston opera house, who has been the victim of the so-called "Theater trust," has finally succeeded in booking one of the best plays on the road for the evening here. "The Chamberlain" plays at the Grand, managed by Patt, has succeeded in booking only one play this year so far. It is said this is due to the "Theater trust," of which the Temple Grand is a member, which has put him on the black list and refused to let him play at his house.

Manager Patt has been retreating through the skating rink which he controls, giving special attractions there whenever there is anything billed at the Grand. He has also been bucking the Grand through the Athletic exhibitions which he has been holding at his house.

Much comment is aroused by the statement that the bill has been passed. It is taken by many to mean that the war between the houses has been settled.

NEW YORK STOCKS AND BONDS.
Market Opens Weak and Threatening
Decline Is Promptly Arrested
Strength of Persistence Develops, but Movement Toward Recovery Is Halting Until Late in the Session.

NEW YORK, Feb. 26.—The rapid declining trend of stock prices since Monday was promptly arrested today, but the subsequent movement towards recovery was not set in until a threatening break in prices at the opening, which made a level of prices below the previous day's closing, leading to the list of low prices for the day.

The strength of the resistance developed at that particular point proved particularly formidable to the contestants for lower prices, owing to the unusual amount of professional operations from the technical side, leading to the demand for higher prices, and the demand for higher prices, and the demand for higher prices.

When prices opened lower, the stock exchange this morning there appeared a feeling of uncertainty, and the demand for higher prices, and the demand for higher prices, and the demand for higher prices.
