Speaking of the advance of raw ma- University of Nebraska is to go into terials, it cost the state of Texas \$50,-000 to whitewash Senator Balley.

"There is poetry in machinery," says it is true, taking up such graduate a mechanical expert. And there is ma- work. Without the incentive of graduchinery in poets, too, for that matter.

crease in population is slightly more only as the action of a monopolist, but but a public utility that must be THE UNIVERSITY OF NEBRASEA. tould keep apace with educational program surrounding states, it should frankly say so. This would be far more creditable than the banks have more money on deposit the formation of a genuine tenor trust. attempting to reach the same end by preju-Lincoln Journal.

Because The Bee feels free to criticise the management and policy of the State university whenever in its judgment it requires criticism, does not mean that The Bee objects to having Nebraska keep pace with educational progress in surrounding states. Quite the contrary. The Bee and its editor believe in a progressive policy on the part of the university that will keep Nebraska at the fore-front and provide facilities for higher education that our resources will permit.

lake commerce has advanced 17 per Having served for a short time as member of the Board of Regents, the editor of The Bee is fairly familiar with the methods of university management and likewise with the scope of the work which the institution is doing. The Bee, however has always objected to the juggling of university statistics in order to pad the attendance figures and mislead with a fictitious per capita expense. It has objected to the star-..... 31,980 chamber proceedings, although the editor is free to admit that during the in realities.
