Desire to Be Good.

THREE YEARS' FUTILE FIGHTING ENDS

Thirty-Five Thousand Dollars Withheld from Gage County During Three Years is Paid in One Big Chunk.

BEATRICE, Neb., March 6 .- (Special Telegram.)-County Treasurer Barnard today received a check for \$35,880 from R. P. Francis, assistant cashler of the Burlington road, payment in full for taxes due Gage county for the years 1904, 1905 and 1905.

PRISONERS ASSAULT JAILER

Unsuccessful Attempt Made to Break

Prison at Grand Island. GRAND ISLAND, Neb., March 6.—(Special.)-Prisoners Crawford, a negro being held on the charge of burglary committed here, and Defreeze, a horsethief jailed here on the account of Deuel county, from the authorities of which he has broken jail several times, made an attack on Jailor Mehlert and attempted to escape, but the jailor had become suspicious from the actions of the pair for some days and had exercised precaution.

As he was about to put the prisoners. into the cages for the night and was in an open corridor with them Crawford made a lunge for Mehlert's key chain and keys and made the attack with such force as to tear the chain and a portion of the trousers away, securing the key. Mehlert had a 38-caliber gun drop on Crawford in a moment and Crawford surrendered. After careful maneuvering he had both in the steel cells and found a heavy club in the vicinity of where Defreeze had stood, some feet away from Crawford, awaiting the approach of the jailor. The two will have some closer confinement and watching henceforth. Hamlin, awaiting trial for murder in the first degree, to which he has once pleaded guilty, made no attempt to join the others and is not believed to have been in the conspiracy.

ACCIDENTS AT GRAND ISLAND

Conductor Hadlock Hurt and Conductor Quinn May Die.

GRAND ISLAND, March 6.-(Special.)-Conductor Hadlock of the second division was quite severely cut about the head while trying to mount his outgoing train. The injury is not serious.

Conductor Quinn of the first district, Om.ahs, was severely and perhaps fatally injured yesterday afternoon just after having reached this city. He left his train in the east yards and was walking along the tracks of the city when another freight came along and he decided to try to ride to the city. The train was moving quite swiftly, however, and he was thrown to the ground. His head fell close to the rall and was lying on the end of a tie. A part of the trucks, as they passed. struck his head and he was severely an injury to the skull,

TEKAMAH—At a regular meeting of the city council held last night a resolution was passed granting an extension of ten days to the mortgagees of the electric light plant to remove the poles and wires from the streets and alleys. The bond election has been called for darch 26, at which time bonds for \$12,00 will be voted on for the purpose of installing be voted on for the purpose of installing a new light plant and for the repairing of the water plant.

the water plant.

BLUE HILL—The Independent Order of Odd Fellows lodge has completed its plans for a new lodge hall and expects to commence construction next week. Rese Bros. of Rosemont will have charge of the carpenter work, The building, which will be a two story affair of corrugated from will be 32x64 feet, the top floor to be used for a lodge room and the ground floor for an opera house. It will cost between five and six thousand dollars.

SCHIVILER—The Tribe of Ben Hur lodge. between five and six thousand dollars.

SCHUYLER—The Tribe of Ben Hur lodge
of Schuyler Wednesday evening took in
seventy new members, this being the
largest class ever initiated at one time in
Schuyler, making the total membership
195. Many visitors were here from neighboring towns. The state court team from
Lincoln put on the work. C. E. Wilkenson, supreme guide and assistant state
manager of the Tribe of Ben Hur, of Omaha
was also here. A banquet followed the
meeting.

was also here. A banquet followed the meeting.

HASTINGS-Preliminary preparations for next summer chautauqua have been completed and the officers of the association expect the session to be even more successful than last year's. Plans are being drawn for a permanent auditorium building which will cost about \$5,000, and bids for its construction will be advertised for this week. This building will have a seating capacity of about 5,000 and will be so arranged that it can be enlarged with but little extra expense.

ANSELMO-W. M. Scott, north of town, is circulating a well supported petition asking for a mail route to be established between Anselmo and Brewster, via Milburn and Cooper. The route will pass through Edith valley, and the petitioners ask for the establishment of a postoffice at the residence of H. L. Hullett, to be called Edith, and another at the home of Frank Thompson, to be called Oma. This will give a direct mail route to south Bialne county, which has been settled by Kinkaid homesteadors.

steadors.

NEBRASKA CITY—The Board of Education last evening had a little experience they did not appreciate. At the meeting a month ago they decided that the graduates should fill the program on graduation night, as the parents wanted to hear and see what their children had been doing. At the regular meeting the graduating class, consisting of twenty-one, signed a petition asking that an orator be secured to make the address and that they be relieved of the trouble of writing essays, orations, etc. The board granted the request.

NEBRASKA CITY—The Board of Educa-

the address and that they be relieved of the trouble of writing essays, orations, etc. The board granted the request.

NEBRASKA CITY—The Board of Education rather took the people by surprise last evening when the secretary was instructed to consult with Omaha architects as to the plans and specifications of a high school building to cost in the neighborhood of \$75,000. The board has long realized that there was not sufficient school room and that some provision had to be made soon, or turn away pupils. It is proposed to dispose of the present high school building at the best terms possible and erect a building that will meet all demands. It is proposed to vote bonds to the amount of \$75,000 to put up the building.

NEBRASKA CITY—The question of municipal ownership of the water and light plant in this city has been one of lively interest for some time. The democrats last year adopted a resolution favoring the city purchasing the water plant and the republicans were not far behind. Mayor Steinhart has just returned from the east, where he made an exhaustive study of water plants, and gave his figures to the council last night. The total of his report was that the plant had never been a paying institution and that there was a floating debt of some \$13,000 and outstanding bonds to the amount of over \$200,000. His report put a quietus on those who were so anxious to purchase the plant.

GRAND ISLAND—A "take-hold" spirit has taken hold of the Commercial ciud of this city. For the past two weeks it has held well attended and enthusiastic meetings weekly. At the meeting last night, an informal smoker, a Mr. Holliday of indianola presented a proposition to put in a chausauqua assembly here. He thoroughly showed his plan and stated his terms, giving his credentials. Before the meeting was over twenty-two menibers had pledged the sale of \$150 season tickets and the proposition was cilinched, a committee being appointed to recure additional guarantors and decide with Mr. Holliday which form of contract to enter the latter

Woman Dies on Train. CHICAGO, March 6.—Mrs. Mary Byrnes of St. Louis, who, with her husband, was on the way here from Milwaukee, died suddenly an a Chicago, Milwaukee & St. Paul trai today.

CONNELL WANTS MORE MONEY

Asks Larger Appropriation Properly to Protect Health of City.

SANITATION IMPOSSIBLE ON PRESENT FUND

Lays Stress in Report to Mayo and Connell on Pure Milk as Factor in Good

Health Commissioner Connell yesterday sent to the mayor and council a report of vital statisties for 1906, with a communication setting forth present conditions and needs of the hea'th department. Dr. Connell contends his department should have a larger appropriation that the city of Omaha may be properly protected. The health commissioner's report contains the following figures:

following figures:

Total deaths during 1908 were 1,239, of which 1,132 were white and 47 colored; 704 males and 535 females; 478 married, 694 single and 157 widowed. Ninetteen nationalities were represented in the deaths. August was the high month, with 151 deaths, and May low, with 61. Of 396 deaths from communicable diseases 86 died of tuberculosis. Classified by ages the report shows 294 deaths of persons under 5 years of age, 104 deaths between 70 and 80, 41 deaths between 80 and 90 and 11 deaths between 90 and 106.

10 and 100.

During 1906 there were 2,165 births in Omaha. Out of that total 1,666 were males. 1,000 females and 115 still births. Of the births 47 were colored. The births and deaths of colored persons were exactly the same during 1906.

Deaths from violent causes were as follows: Ptomaine poisoning, 4; railway accidents, 8; gunsbots, 6; knife wound, 1; fractured skull, 1; throat cut, 1; strychnine poisoning, 6; surgical operation, 1; falls, 5; automobile accident, 1; killed by horse, 1; burns, 1; general accidents, 25; suicide, 15; heat prostrations, 2; drowned, 6; street car, 2; opium, 2.

Wants More Money.

Wants More Money. Dr. Connell's communication states:

I desire to call your attention to the in I desire to call your attention to the inadequate appropriation made for running
the health department. It is utterly impossible to maintain anything of a sanitary
condition in the city with the amount of
money appropriated. To show how ridiculously small the appropriation that has been
given this department is, compared with
even thirteen years ago, for instance, in
ISG there was expended for sanitary inspection alone \$4.68. The total expended
for sanitary inspection in 1906 was less than
\$1,300. So the city spent in 1906 for maintaining the sanitary condition over \$3,700
less than it did thirteen years ago, when
the city was nowhere near the size it
now is.

It is absolutely necessary that you investigate the needs of the health office and see that there is a proper appropriation made for it the coming year. If I attempt to bring the city up to anything like a sanitary condition the funds allotted to me for the year 1907 will be exhausted by September.

tember.

The total amount appropriated for the health department for 1906 was \$9,000, with \$375 added from miscellaneous sources in the shape of bakers' license money and money received for disinfecting, etc. The total amount expended in 1906 was \$3,372.87, which I give in an itemized statement elsewhere is my experience. which I give in an itemized statement elsewhere in my report, leaving a balance of
\$2.13 in the health department.

The total amount appropriated in the
Emergency hospital fund for 1908 was \$2,500.
The amount expended was \$2,544.5, which,
in an itemized statement, is given elsewhere
in my report. This was an overlapse of
\$44.75. You have appropriated \$2,000 to run
this department this year. What the expense will be only time can tell, but there
can be no curtaliment of expense necessary
to maintain the Emergency hospital or
pesthouse, even if it should run far beyond
the amount appropriated for its maintenance.

Under a symmetric residual contents.

the amount appropriated for its maintenance.

Under a separate section I submit a report of the sanitary work done by this affice. In looking over the work done in this one department, when you consider that there has been only one regularly paid sanitary inspector and one police officer, who is under the chief of police and has given his time when not required to be on duty elsewhere by the chief, you will see that there has been an immense amount of work accomplished.

I also submit a tabulated statement in an exhaustive form of the mortuary and birth record of the health office, compiled by my assistant, Dr. Robert P. Jensen. I also submit tabulated statement of the city veterinarian and meat inspector.

Milk and Dairies.

Milk and Dairles.

veterinarian and meat inspector.

Milk and Dairies.

To bring about a pure milk supply to this or any other city. I consider one of the most important duties of the health commissioner in June, upon investigation I found that there was very little milk being sold in the city which was not more or less adulterated. I am glad to be able to report there has been a wonderful information of the milk is concerned, but there is still a great lack of sanitary condition in the dairies, cows, and the way the milk is handled. I have not been able to get this handled. I have not been able to get this handled. I have not been able to get this handled. I have not been able to get this handled. I have not been able to get this handled. I have not been able to get this handled. I have not been able to get this handled. I have not been able to get this handled. I have not been able to get this handled. I have not been able to get this handled. I have not been able to get this handled. I have not been able to get this handled. I have not been able to get this handled. I have not been able to get this handled. I have not been able to get this handled. I have not been able to get this handled. I have not been able to get this handled. I have not been able to get this handled. I have not been able to get the lack of help to make inspections and correct the cwils which are now existing. Until this is done it will be impossible for the health department to bring about the reforms that are absolutely necessary. If you would take my suggestions and rearrange the inspection now existing and appoint a veterinarian as a dairy inspector, which would necessitate only an expenditure of \$1,500 more than is now being spent, some of which is being virtually thrown away, I could accomplished during the whole work dose by the milk inspector as I would like, owing to the way the research of the work done by the milk inspector as I would like, owing to the way the records have been kept in this department.

Weed Nuisance.

The weed nuisance is unde

Weed Nulsance.

Weed Nulsance.

The weed nulsance is under the health department and is very important in many ways; they are not only detrimental to health, but an eye-sore to the inhabitants, and show a dilapidated condition of the town and often are the means of keeping outside capital from investing in the city. Four years previous to 1906 the city spent \$2,000 each year in cutting weeds. In 1906, with an expenditure of only \$490 by the city, there were more weeds cut in the city of Omaha than there had been in the last five preceding years combined. The citizens, as a whole, are enthusiastic overhaving this nulsance removed and some arrangements must be made very soon by your honorable body to abate this nulsance the coming summer.

your honorable body to abate this nuisance the coming summer.

I would suggest that you make a newspaper publication a legal notice, instead of having to serve individual notices, as this would make a legal notice on owners of property who live out of town to have the nuisance abated, as well as those residing in the city. If there is a fund set aside known as the weed fund, then all weeds that were not cut by the time specified, the city could cut and pay the expense out of the weed fund and tax it up to the property; as those taxes were paid they could be put into the weed fund and it would therefore not be necessary to make an appropriation for this fund more than once.

EYE SPECIALISTS, Hureson Optical Co.

No Brigade Camps This Year. WASHINGTON, March 6 .- Assistant Secretary Oliver has notified the governors of various states and territories which have an organised military force that it has been found necessary to omit for this year

the contemplated annual brigade and division encampments for the instruction the infantry, cavalry and field artillery of the regular army, as many posts will be depleted by reason of the absence of about 6,000 troops in Cuba, a considerable number at the Jamestown exposition and the movement of a large portion of the army

NEBRASKA FROM DAY TO DAY

Quaint and Curious Features of Life in a Rapidly Growing

State.

Residents of Wayne assert that Norfolk's laudable desire to be known as "the convention city of northern Nebraska" would be advanced by more hotels.

As first March reports from winter wheat fields do not tell of damage, it may be well for farmers to prepare for a small crop, since "bumper" crops usually follow calamity cries.

Hastings' announced intention of striving for 20,000 population in 1910 met with such unanimous encouragement from all parts of the state that the "boomers" have apparently lost interest.

Give Notice to Hickman-Several of u from these hills will paint Hickman re next Thursday, and don't you forget it Better muzzle the "cop" and beam up the jail.-Sprague Correspondent, Hickman Enterprise.

The gorge in the Missouri river on the Dixon county line has kindly consented to melt rather than face dynamite and val ley farmers are polishing their cornplanters in readiness for the coming spring

Now that the season of athletic field morts approaches the relative merits of Nebraska high schools can really be determined by the boys who give promise of qualifying for the foot ball squad in the State university.

As nothing has been heard from the Boyd county "witch" for several weeks it is probable that she has "thrown the glamour on" the entire family who feared her power; but the matter has not yet reached the marriage license clerk.

Struggling lawyers can not be expected to find encouragement in the action of the Butier county farmer who gave each of five daughters \$12,000 in cash and farms of equal value to three sons; but as he kept as much more for himself they may

Socialism in Drama-Our socialist friends intend to present to the public a play from life, entitled "Justice, or Son of a Millionaire and a Farmer's Daughter." The vice and virtue, love and hate are mingled through the whole farce-phillipical play, about on the last of March. Success is our wish to their ideal attempt .- Sparta Correspondent, Verdigre Citizen,

Blackman Still Busy-The Madison Chronicle runs a "twenty years ago" column. In the items reprinted from 1886 was a farewell notice and announcement of change in the paper's management. Some of the modern newspapers mistook the announce ment for the real thing and are telling how the Chronicle has changed hands. But Mr. Blackman is still on deck .- Norfolk

Prosperity in Platte-Yesterday George W. Heun sold an unimproved forty acres of land adjoining the town of Clarkson to Joseph Suchy of that place for \$125 per acre. George had owned the land a little more than four years, having purchased it for \$50 per acre. This is only another example of the advance in the price of Nebraska lands. There will be still higher prices within the next few years.-Howell's

I very much fear it's all up with us now Since Harriman canceled the contract. There isn't much chance for Nebraska, 1 vow?

Since Harriman canceled the contract. For Omaha soon will to ruin be sent; Its merchants unable to hustle the rent; Your friend Mr. Wattles won't be worth Since Harriman canceled the contract.

FREE TO LADIES

Curlene curis to stay.

We will give a shampoo and hair wave free to every purchaser of one bottle of Curlene. Curlene.

Our parlors are thoroughly equipped with everything necessary to first class shampooing, massaging and manicure work.

Our method of waving the hair leaves it rich and glossy and with that natural wave that is so attractive. Avoid waiting. Make an appointment by telephone. Tek Douglas 7279.

Mrs. M. S. Pierce, 426 Bee Bldg.

The Twentieth Century Farmer

Reaches the Poultry Raisers.

Remington **Typewriter** is the man who has tried to get the same service out of some other machine. A man may know the Remington or he may know some other typewriter, but the man who really knows typewriters is the man who knows the diff ence between the Remington and others. Remington Typewriter Company New York and Everywhere Remington Typewriter Co., 1619 Farnam St., Omaha, Neb.

This is a cigar made to order, which cost \$38.00 per thousand—n some so-called 10c cigars cost.

SCHAEFER'S CUT PRICE DRUG STORES

We don't take any stock in these "SO-CALLED" Clearing Sales—BUT we are certainly having a SALE to close out everything connected with the old KUHN DBUG STORE. We have no dead stock there—cause all that was taken out when Doctor Whittaker bought the store from Mr. Kuhn, but we are selling rubber goods, non-patent remedies, trusses, sundries, tollst goods, performes and candies at a "fisrce" discount—DOLLAR BUBBER GLOVES (new) for 476 for instance! See these bargains. Don't take our word for it. One-third off on all Woodward's Candies to close out! 50 per cent off on a lot of new tooth brushes.
