

ROYAL BAKING POWDER
Made from Pure Grape Cream of Tartar

The only excuse for buying anything but a Pure Grape Cream of Tartar Baking Powder is to save a few cents in price.

ROYAL costs you a few cents more per can than Alum or Phosphate of Lime powders, but it is worth far more than the difference to keep your biscuits, cakes and pastry free from the injurious effects of these cheapening substitutes.

Continued use of Alum means permanent injury to health.

Avoid Alum Ailments—Say plainly ROYAL BAKING POWDER

Y. W. C. A. PLANS ABOUT DONE

Specifications Nearly Completed by Kimball for New Building.

BIDS WILL BE ASKED WITHIN FEW DAYS
Ringwalt Bros. Have Begun Raising Structures that Now Stand on Site of Association's Future Home.

The plans and specifications for the Young Women's Christian association building are nearly completed by the architect, Thomas R. Kimball, and bids will be received for its construction within a few days. The plans have been practically approved by the building and finance committees of the association and more tangible results from the recent strenuous canvass for funds will soon be seen.

Ringwalt Bros., who were given the contract for erecting the old building on the site on St. Mary's avenue between Seventeenth and Eighteenth streets, have partially begun raising the buildings. A small building on the site has been nearly torn down and a large force of men will be placed on the work before March 15. Many additional improvements are to be made at Krug park this spring before the opening of the amusement season, chief among which is the erection of a mammoth bandstand and music pavilion, for which plans have been made by Fisher & Lawrie, architects. The bandstand is of the very latest design and acoustic properties, being in the form of a semi-circle, which will be forty-eight in diameter and sixty feet across and similar to the bandstand at the Transmississippi exposition. The platform will accommodate a large number of musicians and no doubt prove a star attraction at the park.

Bids have been received for the construction of the building, but have not been opened as yet. Work will be begun on the structure within a very few weeks.

Office Fixture Factory.

T. H. Weirich of the Weirich Fixture company has bought what is known as the Goodrich hall at 1300-17 North Twenty-fourth and will make improvements costing about \$2,500 to the property for the purpose of establishing a factory for the manufacture of office, bank and store fixtures. The entire interior of the building will be completely remodeled and a full set of wood working machinery installed. Mr. Weirich is the only one who has bought the hall and it will be installed as soon as the building is rehabilitated for factory purposes, which will be in about one week, as a large force of men has been set at work tearing out the old superstructure.

Several five-room frame cottages will be erected this spring by C. D. Armstrong of the D. V. Sholex company in the vicinity of Thirtieth street and Ames avenue for investment purposes. The houses will be let for two of the cottages and others are in course of negotiation, but work will be begun on the houses within a few weeks.

It is proposed to place the houses on the market as soon as completed, to be sold on the installment plan. The houses of the lot will cost \$1,250 when finished.

Secretary Grigg of the Omaha Builders' exchange is receiving bids from contractors for the erection of a six-room modern frame cottage on Calhoun street at Florence. The family caring for her was overlocking the river and the water works, to cost about \$2,500. The residence will be occupied by Mr. Grigg as his home when completed and will be one of many houses in course of erection at Florence this spring.

M. F. Merritt, who is the owner of considerable real estate, has increased his investments by buying a lot 44x123 feet on Iard street between Twenty-third and Twenty-fourth streets and will erect a row of two-story brick flats on the premises for rental purposes. The lot was bought for \$1,800 from the Union Real estate company and the D. V. Sholex company and the flats will cost about \$4,000.

OMAHA - DES MOINES DEBATE

If Nebraska High School Wins Honors Will Be Even for Series.

The Omaha high school debating team, which will go to Des Moines Friday, has high hopes of winning this contest. There is special reason for the Omaha students making every effort to bring home the laurels this time, as Des Moines won two years ago and Omaha last year. If the Omaha students win this time honors will be even, but if they lose the result of the four years will be three to one for the Des Moines debaters.

The Omaha team will be composed of David O. Berg of the junior class and Robert Stout and Herbert Ryan of the sophomore class. E. E. McMillan of the high school faculty will accompany the team.

The question selected for the debate is, "Resolved, That United States senators should be elected by direct vote of the people." The Omaha team will take the affirmative.

VAN TUYL SUCCEEDS JONES

New Manager of Western Car Service Association Elected at Special Meeting.

I. R. Van Tuyl has been elected manager of the Western Car Service association of the Western Car Service, a special meeting was held Wednesday morning in Omaha for the purpose of selecting a successor to Mr. Jones, who goes to Montana to engage in private business. Mr. Van Tuyl has been connected with the car service association for the last thirteen years.

Mr. Jones in his resignation thirty days ago to take effect as soon as a successor could be appointed. In recognition of his long and faithful service the general managers of the western roads, who represented their routes at the meeting Wednesday morning voted Mr. Jones a two months leave of absence at full pay. Mr. Van Tuyl's appointment is to become effective April 1.

Woman's Nightmare

No woman's happiness can be complete without children; it is her nature to love and want them as much as it is to love the beautiful and pure. The critical ordeal through which the expectant mother must pass, however, is so fraught with dread, pain, suffering and danger, that the very thought of it fills her with apprehension and horror. There is no necessity for the reproduction of life to be either painful or dangerous. The use of Mother's Friend so prepares the system for the coming event that it is safely passed without any danger. This remedy is always applied externally, and has carried thousands of women through the trying crisis without suffering.

LATE CITY NEWS

Woman Gets Divorce—A decree of divorce and her maiden name, Tina Hilgert, were given Tina Thompson Wednesday. She charged her husband, Andrew Thompson, with cruelty and non-support.

Lecture by Madame Tresselt—Madame H. Tresselt of New York City will lecture at Patterson hall, Seventeenth and Farnam streets, Thursday night at 8 o'clock on subject of "Zionism," under the auspices of the Omaha Zion society. Questions will be answered.

Fugitive from Justice—J. F. Morris, wanted in Iowa on a charge of breaking into box cars, was arrested by Detectives Drummy and Maloney Wednesday morning. He was locked up as a fugitive from justice awaiting the arrival of officers from the neighboring state.

Divorce Asked for Cruelty—Alleging non-support and extreme cruelty, May Rolph applied to the district court Wednesday for a divorce and alimony from Guy Rolph, to whom she was married in Council Bluffs, November 1, 1903. She also asks the custody of their child.

Buffalo Bill's Stage Band—Colonel W. P. Cook, by William Freeman, known as "Buffalo Bill," was initiated into the membership of the Theatrical Mechanics' association Monday night. The colonel was asked to join the order of the theatrical people and jumped at the chance, and it is said the boys had a good time with the old scout while he was in the city.

Burglar Overlooked Valuables—Burglars broke open the back door at 210 Poppleton avenue Tuesday afternoon and ransacked the house for valuables. While a revolver and some jewelry lay in plain sight, neither was touched and so far as could be discovered nothing else had been misappropriated. The house is occupied by Spencer Martin and George Bremer. No one was at home when the intrusion was made.

C. B. Brown Company—The C. B. Brown company has been incorporated to succeed the Brown & Hornsheim company. Louis A. Hornsheim retiring from the firm, which has been in the jewelry business at 22 South Sixteenth street. The new company consists of Charles B. Brown, president, and O. C. Homan, secretary. The present store will be enlarged to include the space now occupied by a stationery concern.

Man Who Cheats Washwoman—J. W. Bryant, colored, was arrested Tuesday by detectives on the complaint of J. J. Henderson, who asserted the negro is the man who collected money due a washwoman for work done by her and then spent the money himself. It is charged against Bryant that he signed the name of M. S. Wells to an order for money on her customers and then proceeded to live high and easy on the proceeds.

Sued for Vindictive—Colla Crodshaw filed suit in the district court Wednesday asking \$5,000 damages from Edwin Starks and Henry Starks for alleged false imprisonment. She relates she is a married woman, 44 years of age, and her home is in Cedar precinct, Saunders county, where her husband and her children and her children are living on a farm two miles north of Cedar Rapids. She says the two defendants filed a complaint against her, charging insanity, and furnished much of the money to prosecute the complaint, which she alleges was false.

Railroad Men Attend Meetings—John Epler, live stock agent of the Burlington and Iowa railroad, was the speaker at a meeting of the Northwest Texas Cattle Growers' association, which meets this year at Fort Worth March 15 to 23. G. W. Holdrege, general manager of the Burlington; C. E. Spens, general freight agent, J. L. Epler, live stock agent, left Wednesday to attend the annual meeting of the Wyoming Wool Growers' association which is to be held at Cheyenne March 7.

Damages Cut Down—Anna Zalina filed suit in the district court Wednesday through her mother, Mari Zalina, against the Chicago & Northwestern railroad, asking \$2,000 damages for injuries sustained in a fall from a passenger car of the Chicago & Northwestern railroad paid into the district court the sum of \$3,000 in settlement of the suit of Miss Zalina.

BERG BUYS OUT SWANSON

Clothing Firm Dissolves by Senior Member Becoming Successor of Junior.

The firm of Berg-Swanson company has been dissolved by mutual consent. J. A. Swanson leaves the business, but has no definite plans to announce. O. E. Berg will conduct the clothing business at Fifteenth and Douglas streets, following the same policy that was maintained during the partnership.

NEWS FOR THE ARMY

RIVER DEAL UP TO OMAHA

Movement to Restore Commerce on Missouri Must Be Properly Backed.

JOHN L. KENNEDY STATES THE SITUATION

Urges Investigation of Express Companies is One of Most Important Matters Before the Country.

Congressman John L. Kennedy reached Omaha Wednesday morning from Washington, having left there upon the adjournment of congress.

"I saw a boat on the Missouri as I came across the river this morning, and I hope it presages good things for Omaha in that line," said Mr. Kennedy. "The disposition of congress is to give liberal encouragement to the efforts to restore commerce to the Mississippi and Missouri. It is up to the people of Omaha to 'make good' before the next appropriation bill comes up for consideration. If substantial progress has been made in operating boats or barges for the transportation of freight, an amount will be appropriated sufficient to put the river in good navigable condition. The engineers in charge of the work consider the Missouri to be navigable and say that it is only a question of money properly expended. Kansas City will make desperate efforts to use the river for transportation purposes and I understand that Sioux City will do likewise. Omaha should be in evidence all along the line."

Express Company Inquiry.

The investigation of the express companies is one of the most important matters before the country at this time. These companies have been conducting commission departments and have been soliciting consignments and shipments of fruits, eggs, butter, oysters and other produce as a regular business. Some of them buy and sell outright. Of course the disposition of the companies is to get the produce in which they have an interest on the market before other similar produce can reach it. Then the companies have inside information as to the condition of the market and the quantity of any given commodity en route to that point, which gives them an advantage over all competitors. Where necessary they offer to handle and sell produce for the shipper without charge and in that way they give rebates on express charges to favored shippers. The probabilities are that the Interstate Commerce commission will open up the hearings at Omaha during the summer. The commission merchants and produce dealers are thoroughly aroused all over the country and are determined that the practice shall stop. The proposition involved is the same as that involved in the Pennsylvania railroad investigation, in which it appeared that they had an interest in the coal handled along the line. The express companies are common carriers. As such they ought not to be permitted to transport any commodity which they own or in which they have an interest in competition with shippers using their lines. The above has been growing rapidly of late and to permit it to continue is to wipe out legitimate dealers handling the classes of commodities now being owned and carried on consignments by the express companies."

Overflow Millage at Orpheum.

Owing to the fact that the house is sold out for the week the management of the Orpheum has decided to give an overflow matinee Friday afternoon. The matter had been under consideration for several days and a decision was arrived at to meet the emergency in this way.

SAD PLIGHT OF YOUNG WOMAN

Nurse, Upon Completing Course, Sustains Accident that Threatens to Take Her Life.

Tuesday evening a young woman, a graduate nurse, was taken to the charity wards of one of the Omaha hospitals for treatment after a gradually increasing illness since January 4, when she slipped and fell on the icy sidewalk at Twenty-eighth and Farnam streets and sustained a broken ankle. She had but recently rented a room in a private residence on South Twenty-eighth street and prior to her accident was filled with high hopes promised by her future work. She had spent nearly all her means to take a nurse's course and these means were soon exhausted by her illness. The family with which she was rooming generously cared for her and for a period hired a nurse for her. Later her case became hopeless to some of her associate nurses and they took turns in caring for her without cost. A physician volunteered to prescribe and look after her without cost but it was finally decided her case was incurable. The family caring for her were people of but moderate circumstances and the charge on them was too great, so the patient, herself, pleaded that she be sent to a hospital. The family reluctantly consented and Tuesday evening she was taken to the charity ward of a hospital. She was unconscious when she reached there and it is possible her death is only the question of a few days. Her mother and stepfather live at Dubuque, Ia. The mother is frantic over the sad plight of her daughter, but the step-father is said to be obdurate and has thus far refused to care for her.

Officers of New Court

Clerks Are Appointed for the McCook, Norfolk and Hastings Divisions.

C. A. Rogers of McCook, deputy district clerk for Red Willow county, has been appointed a deputy clerk for the McCook division of United States courts; J. W. McCleary of Norfolk receives a similar appointment for the Norfolk division, and George F. Work for the Hastings division of the federal district subdivisions created by the judicial district law recently passed by congress.

Manum & Co. LETTER SPECIALISTS.

PUBLIC SALE OF CITY BONDS
Disposition Will Be Made of Sewer and Intersection Securities

A public sale of sewer and intersection bonds will be held in Treasurer Flinck's office on the morning of March 22. These bonds were voted last November and were: For sewer, \$100,000; for paving intersections, \$50,000. The bonds will be the regular twenty-year bonds, drawing 4 1/2 per cent interest, payable semi-annually. The bidder offering the highest premium will be awarded the bonds.

With the issue of these bonds the bonded indebtedness of Omaha will then be: General city bonds, \$5,315,000; school district bonds, \$776,000; special bonds, \$281,500; total, \$6,372,500.

COUNTY SUES F. A. BROADWELL

Brings Second Action, This Time for Fees Earned and Not Collected.

Suit was filed in the district court Wednesday against Frank A. Broadwell, clerk of the district court by F. S. Howell, special counsel for Douglas county, asking judgment for \$1,235.55, alleged to be due the county from the district clerk's office in fees earned by the office above the salaries and expenses of running the office for four years beginning with Mr. Broadwell's first term, January 4, 1900.

A similar suit was filed against Mr. Broadwell last fall by the county, but that involved only the insanity fees. That suit was dismissed because it was desired to include the other fees, which the county commissioners contended were due the county.

"This suit is for fees earned and not collected, fees earned and not reported and insanity fees," said Attorney F. S. Howell. "An expert has examined the records and tells me there is a considerable sum which has been earned and not reported."

"It is an impossibility to collect all the fees earned in this office," said District Clerk Broadwell. "For example, cases are continued of necessity from one term of court to another. There is a fee of 75 cents collectible on each case so continued, but many of them are never heard of again. There is a fee earned, but how are you going to collect it?"

The matter of turning over the surplus fees at the end of each year also will come up in this case. Broadwell has contended he did not need to turn over this surplus until the end of his four-year term of office. The county commissioners contend it must be turned over at the end of each year according to law. The interest on these surplus fees will be demanded in this suit.

HILL POUTS AND BLUFFS, TOO

Eurlington Follows Union Pacific With Notice of Suspension.

HOLDREGE SAYS DEPOT WORK STOPS

Forced to Pay Taxes Like Other Property Owners, Railroad Are Dying Hard, but Dying.

The Burlington railroad has joined the Union Pacific and says it won't build its freight depot in Omaha which its enormously increasing volume of business demands and even makes a necessity.

General Manager Holdrege announced Wednesday morning that he had temporarily suspended all work in preparation for the new Burlington freight depot which that company is to build at Eighth and Jackson streets. While Mr. Holdrege gave no reason for his action, it is said to be the same reason that Mr. Mohler stopped the clearing of the site for the Union Pacific headquarters. The roads fear the terminal taxation bill will become a law and they will have to pay taxes on their property the same as other people have to do and they are therefore trying to head off sentiment against terminal taxation by threatening to move their headquarters and to stop all building.

No Bluff by Northwestern.

Announcement was made Tuesday that the contract had been let for the construction of the new Northwestern freight depot, but the local authorities maintain they have heard nothing of the matter and, on the other hand, John H. Lurie says he has the contract and has had it since last Thursday. He says he will begin work immediately.

The York correspondent of The Bee sent the message that threats were being made around that town that the Burlington would not be able to build the new depot promised because of the passage of the 2-cent passenger fare bill. G. W. Loomis, assistant to the general manager of the Burlington, was asked if there was any truth in the report that the road was going to refuse to build the depot, and he said: "Not a word of truth in it. We are going to build that depot."

The Union Pacific still maintains its position as announced by General Manager Mohler that the work of clearing the site for the new headquarters building had been called off.

According to Mr. Harte, the contract for building the new Northwestern freight depot and office building at Fourteenth and Davenport has been awarded to him from the Chicago office, although several Chicago firms made bids for the work. The approximate cost of the improvements will be about \$100,000 and the buildings will occupy the west half of the three blocks north from Fourteenth and Davenport streets.

PUBLIC SALE OF CITY BONDS

Disposition Will Be Made of Sewer and Intersection Securities by Flinck.

A public sale of sewer and intersection bonds will be held in Treasurer Flinck's office on the morning of March 22. These bonds were voted last November and were: For sewer, \$100,000; for paving intersections, \$50,000. The bonds will be the regular twenty-year bonds, drawing 4 1/2 per cent interest, payable semi-annually. The bidder offering the highest premium will be awarded the bonds.

COUNTY SUES F. A. BROADWELL

Brings Second Action, This Time for Fees Earned and Not Collected.

Suit was filed in the district court Wednesday against Frank A. Broadwell, clerk of the district court by F. S. Howell, special counsel for Douglas county, asking judgment for \$1,235.55, alleged to be due the county from the district clerk's office in fees earned by the office above the salaries and expenses of running the office for four years beginning with Mr. Broadwell's first term, January 4, 1900.

A similar suit was filed against Mr. Broadwell last fall by the county, but that involved only the insanity fees. That suit was dismissed because it was desired to include the other fees, which the county commissioners contended were due the county.

"This suit is for fees earned and not collected, fees earned and not reported and insanity fees," said Attorney F. S. Howell. "An expert has examined the records and tells me there is a considerable sum which has been earned and not reported."

"It is an impossibility to collect all the fees earned in this office," said District Clerk Broadwell. "For example, cases are continued of necessity from one term of court to another. There is a fee of 75 cents collectible on each case so continued, but many of them are never heard of again. There is a fee earned, but how are you going to collect it?"

The matter of turning over the surplus fees at the end of each year also will come up in this case. Broadwell has contended he did not need to turn over this surplus until the end of his four-year term of office. The county commissioners contend it must be turned over at the end of each year according to law. The interest on these surplus fees will be demanded in this suit.

PURITY OF THE SYSTEM
 Is the Secret of COMPLETE HEALTH.

Doesn't it stand to reason, that for perfect health, the human system must be kept pure and clean, inside as well as outside?

Then take Cascarets, the world-famous Bowel Medicine and system-cleaners, that will help you KEEP CLEAN INSIDE.

The body of man is the most perfect and delicate mechanism in existence, and the least OBSTRUCTION or accumulation of filth in any part of it, will make it hobble, move IRREGULARLY and SPASMODICALLY, and if not attended to promptly may stop the machine altogether.

Isn't that plain common sense to any person that has had any experience with machinery of human invention, from the sewing machine to the triple-expansion engine? All the parts, joints, connections, gears, must be kept absolutely pure and clean to get the best results. A careless, untidy engineer is a failure and will lose his job.

Nature has been kind to us by handing over to us to be occupied during our earthly existence, an almost automatic, elastic mechanism, that will run itself if only properly cared for.

All that she asks, is that the body be supplied with "Pure Food" fuel of the right kind, applied in the right way—that a lubricant be furnished for the joints, muscles, nerves through the marvelous distributing and collecting system of arteries and veins,—and that all parts of the engine be used for the purposes intended without undue strain.

But, when little mistakes are made in eating and drinking, with perhaps excessive exertion, there is a liability of a stoppage in the natural cleansing process, and you are liable to become UNCLEAN INSIDE. That means obstruction, stoppage of the normal functions, fermentation, poisoning of the blood by your own decaying sewage, and a liability of the development of any of hundreds of serious diseases.

Cascarets Candy Cathartic are fragrant, sweet, mild but effective little tablets that were first compounded from pure, harmless, vegetable substances, under a Pure Drug of their own, in 1896. These tablets proved to be the greatest lubricators for the Bowels ever discovered, and at the same time a destroyer of disease germs in the whole alimentary (food) canal. They have now a sale of over a million boxes a month.

They are a pure, reliable, means of keeping the system clean, preventing all diseases arising from accumulations in Constipation, and also relieving and aiding the cure of chronic conditions after they have developed from neglect.

Begin today to watch your conditions, be careful of your food and general methods of living and learn to take precaution of "Keeping Clean Inside" with Cascarets. Buy a little 10c. box from your druggist TODAY, be convinced and join our MILLIONS OF FRIENDS.

Be sure to "Get What You Ask For"—the Genuine, every tablet stamped "C. C. C."

Newest and Best Service to the Gulf Coast of Texas

Take any train to Kansas City—change there and take M. K. & T. Train No. 1 leaving at 9:00 p.m., and occupy the through sleeper that runs to Corpus Christi without a change en route. The second morning you are on the Gulf Coast of Texas—at Corpus Christi.

Use the same train and with but one change (at Waco) you arrive at San Antonio the second morning at 6:25 a.m. in ample time to make all connections.
