state-wide primary bill so important that every political party included it in its platform. It was discussed by political speakers of every party during the campaign.

McMullen's Position. "I am willing to give precedence to the committee bill," said McMullen. "But simply because the platform calls for a state-wide primary law it should not exclude other bills from consideration."

Ned Brown of Lancaster said it was not a question of considering both bills at once, but how to consider them. In each he said there was much of the same and they could be discussed together.

Harvey Has Suggestion. Ned Brown cited him to the original bill, H. R. 16 from which the amendment was taken. Redmond spoke for the amendment. Harvey said he did not object to the petition particularly, but the way the section read would invalidate a petition which was signed by parties who had signed more than one, providing the new signers were not sufficient in number.

McMullen opposed the petition. He said it would place the citizen at a disadvantage in that if he signed the petition of any candidate, he pledged himself to that candidate, when he might later want to support someone else. He moved a substitute providing that someone other than the candidate file the certificate.

ROUTINE PROCEEDINGS OF HOUSE

Joint Committee Primary Bill is Taken Up.

(From a Staff Correspondent.) LINCOLN, March 7.—(Special Telegram.)—The house took up the joint committee report primary bill this morning and passed on five sections. The certificate plan of nomination filings was changed back to the petition plan and the filing fee will be knocked off.

Governor's House Rent.

The questions at issue in the governor's suit against himself for house rent were discussed in the senate this morning when the committee of the whole took up the consideration of McKesson's bill providing a method for the payment of railroad fare for state officers on public business.

No Tax on Mortgages.

Without giving up a hearing before the committee of the whole the senate this afternoon killed H. R. 173, which provided for the assessment of real estate mortgages as a part of the real estate and not as personal property, and fixed the situs of the mortgage for taxation purposes in the county within which the mortgage is located and not the residence of the owner.

Anti-Pass Legislation.

The anti-pass bill will come before the senate Friday morning and will probably cause a lively fight. An attempt will be made to substitute the King bill for the joint committee measure passed by the house and some of the senators who have kept in touch with the situation believe this will be done.

Pure Food Bill.

After two hours of strenuous discussion the senate this afternoon in committee of the whole recommended for passage the judiciary committee substitute for the Burns pure food bill. The only attack on the measure was in the interests of the druggists, who were represented on the floor of the senate by Senator Luce.

Death Record.

Mrs. Eliza Dolan. Mrs. Eliza, widow of the late William A. J. Dolan, died at her residence, 119 South 24th street, yesterday afternoon. She was 70 years of age and had lived in Omaha twenty-nine years.

Another Hearing on Fisher Claim.

The claims committee of the house will hold another session of the Fisher-Goedde claim Monday night. Cashier Scoville of the First National bank of Chadron and Attorney Lindale of West Point have been subpoenaed to appear before the committee to testify.

ROUTINE PROCEEDINGS OF SENATE

(From a Staff Correspondent.) LINCOLN, March 7.—(Special.)—The senate sifting committee will get to work on the general bill next Monday. This was decided this morning by a vote of the senate.

ate when the committee reported it had organized by the election of a chair and a secretary. King of Polk wanted it to take charge of the file at once, but an amendment to his motion by Sackett of Gage deferring action until Monday carried. The general file at the committee of the whole has been working valiantly all week it has been unable to reduce this number because the daily additions equal the number of bills disposed of.

The morning session was devoted almost entirely to the consideration of senate bills on general file, the following being disposed of:

S. F. 23—By Thomas. Providing schools conducted for private gain shall pay a tax of 10 per cent on the net property. Indefinitely postponed.

S. F. 24—By Thomas. Providing foreign corporations shall indicate wherever their names are used what country or state they represent. Indefinitely postponed.

S. F. 25—By Patrick. Forbidding the issuance of railroad licenses within three miles of any station. Indefinitely postponed.

The senate decided to take up the anti-pass bill, including the joint committee measure passed by the house and King's bill at 10 o'clock tomorrow morning.

Routine Proceedings of House. Joint Committee Primary Bill is Taken Up. (From a Staff Correspondent.) LINCOLN, March 7.—(Special Telegram.)—The house took up the joint committee report primary bill this morning and passed on five sections.
