LAND PRODUCES \$600 TO \$1,000 PER ACRE ANNUALLY.

ANNUALLY.

The city of Medford is the heart of the Famous Rogue River Valley. It has 4,000 population, three banks first-class schools and all modern conveniences. The climate is ideal, no excessive cold, heat or rain. One of the few favored sections of the world where the Newton Pippin and Spitzenherg apple and all varieties of pears reach the highest state of perfection; several orchards here bring annual returns of \$200 to \$1,000 per acre.

There are thousands of acres of this fine orchard land undeveloped, which can be purchased as low as ordinary California alfaifa land.

These lands will produce anything that grows out doors, four crops of alfalfa without irrigation; plenty of water for irrigating when desired. Immense resources in timber, coal, copper and gold, both placer and quartz, as well as farming of all descriptions.

We can offer more undeveloped oppor-

soriptions.

We can offer more undeveloped opportunities for money making than any other section of the United States. For further information and literature address Secretary of Medford Commercial Club, Medford, Oregon.

New York National Center Fielder Becomes Western League Magnate.

CONFIRMS THE REPORT

that Wichita, Kan. Interest Are Seeking a Place in the Western League Cirenit.

CHICAGO, March 8.-It was reported here oday that the St. Joseph club of the Western league had been purchased by Michael Donlin, at present a member of the New York National league team. It was said that Donlin, who is now in this city awaiting the answer of the New York management to his demand for an increased salary, will run the St. Joseph club from the bench if he does not obtain his release from New York. President O'Nettl of the Western league

would not discuss the reported sale of the St. Joseph club and Dontin, when asked regarding the accuracy of the story, said; "It is all right." A conference will be held in Kansas City

in the near future between President O'Neill of the Western league and interests representing Wichita, Kan., regarding the probable admission of that city into the Western league.

SHIVELY READY FOR OUTLAWS Asserts League Will Take that Course

If It Loses Topeka. KANSAS CITY, Mo., March 8.—(Special Telegram.)—"We don't want to be outlaws, but if Topeka is taken away from us the Western association will leave the National

association."
This was the statement made by Dr. D. M. Shively tonight. Shively's announce This was the statement made by Dr. D. M. Shively tonight. Shively's announcement supports that made by D. A. Duncan, one of the owners of the Oklahoma City club Thursday. 'I will not stop at Kansas City, Kan., I'll put a team in Kansas City, Mo., too. If the Western league is allowed to draft Topeka, what use is there of us paying for the protection of the National Association of Minor Leagues when we are not protected? We can get plenty of good players. Every manager in the associa-

not protocted? We can get plenty of good piayers. Every manager in the association knows of plenty of men who are of big league caliber who would be glad to play with an outlaw league. We could ket players from the Tri-State league. There are plenty of good men in that league who have been marconed there because of the outlaw trouble who would be tickled to death to play with us.

'Dick Cooley was in Kansas City today and he came around to see me. Cooley intimated that unless he got Topeka into the Western league that he wouldn't have any team in Topeka. I will go to Topeka next week and unless Cooley and Crow give me substantial assurance that they will give Topeka a team in the Western association I will form a new company, take the franchise away from Cooley and Crow, buy a new park if necessary and put men in beautiful to the city work and the play who well are the play was the park in the part of the city was even and put men in the part of the city was even as the part of the city was even and put men in the part of the city was even and put men in the part of the city was even as the city was even as the city was even and put men in the part of the city was even as even as the city was even as even as the city was even as ev new park if necessary and put men charge of the club who will run it for best interests of the association, this thing to fight to the finish."

Report on Time.

"That fixes the pitching staff for sure," was the remark made by a leading fan as he sat around Pa Rourke's Smoke House yesterday afternoon and heard Pa say amid a wreath of smiles that J. G. Thompson, the crack twirler, who was bought from the St. Louis Nationals had decided to report to Omaha for service. He is now at Kalispell, Mont., where it is a little cold for training, but he writes he will be here in plenty of time to get into condition to pitch the opening game and any game thereafter that Papa Bill may call upon him to twirl. Thompson was cavorting around the country and Pa could not get in communication with him before this time, and although, of course, McCloskey had said he would come, it was not certain until the boy had been heard from himself. STONE BROWNS' ONLY CARD Nebraskan's Loss to St. Louis Would

Dim the Lustre of that Aggregation. Stone is still holding out for that \$4,000 from St. Louis. He declares he will not

not many people will doubt, but that he will get it from that source many seriously question. 'Tis a queer thing, all this criticism of players of high grade who insist on sharing the enormous dividends which they create for their employers. Admittedly base ball is bringing revenues today it. never, on the whole, brought before, and yet salaries do not compare with times when incomes of owners were less. And still the gamut of attack is run against the man who, of unquestioned greatness,

of demonstrated superiority, of matchless

prowess, has the manhood to demand his rights and wait till he gets them. Why shouldn't Stone get \$4,000 a year from St. Louis? He is the greatest batter there is, a fine fielder, fast base runner and, in all, the one drawing card today that the St. Louis Browns have. Even Wallace at shortstop, who gets \$6,500 a season under a four-year contract that ends with the close of this season, is not to compare with Stone as a drawing card—in plain, unvarnished commercial language—a money maker for the boss. Take Stone off the team and where is your drawing card? Now, as in every other period of base ball history, it has been the one-man, the star, that has drawn crowds to the gates. Take Lajole off of Cleveland, Wagner off Pittsburg, Waddell off Philadelphia, and where is your attraction for Demarest ran out in his eleventh inning. Demarest ran out in his eleventh inning. Demarest made a half-raising spurt in his tenth inning and ran up 12 caroma, within 7 points of the game, when he missed a daring two-cushion shot by the narrowest of margins. Barney Dreyfuss was once asked if it was true as rumored that he was going to sell Hans Wagner for some fabulous sum named, and he re

plied; "Do you think I want to go out of the base ball business in Pittsburg?" And Stone, in the department of the game where Wagner has become the greatest, has outwagnered Wagner-batting

NEW YORK March 8.—Contestants in

when tonight hi not only outplayed, his
opponent, Dr. L. L. Mial, one of New York's
best amafeur phyers, but established a
new mark both he speed and execution.

In the afternoon game J. Ferdinand Poggenburg of the lederkrants club broke
Wilson P. Foss' re ord for average by scoring 300 in fourteen) anings. But in the evening game Demares outclassed this mark by
running out the pecessary 300 in eleven running out the necessary 300 in eleven innings. The great performance called forth tumultous applause. Tomorrow afternoon Mial will play Rolls and in the evening Gardner will meet Poggenburg.

Tomorrow afternoon Mial will play Rolls and in the evening Gardner will meet Poggenburg.

In this afternoon's game, the eighth of the amateur billiard championship tournament, J. Ferdinand Poggenburg, who won the national title three years ago, made a new national record in his match with T. Mortimer Rolls of Philadelphia, whom he defeated by a score of 300 to 96. Poggenburg won in fourteen innings, his new national record for average in 14-2 balk line being 21 6-14. It was in his fourth inning that Poggenburg first obtained good control, making 27 by nursing around the lower balk space. In the fifth he gathered in 23 and two innings later it looked as though nothing could stop him from running out the game. His stroke was delicate and true and he played without hesitancy. A miscue ended a more than promising run when he had added 59 buttons to his string. Poggenburg corraled the ivories in the lower balk space in the fourteenth and manipulated them in masterly style, until he totalled 101.

Poggenburg—1, 0, 1, 27, 23, 1, 59, 26, 40, 19, 6, 2, 1, 101—300; average, 21 6-14.

Rolls—2, 0, 18, 1, 2, 7, 11, 0, 0, 1, 38, 14, 1, 1—36; average, 612-14.

Calvin Demarest of the Chicago Athletic association and Dr. Leonidas L. Mial of this city were the contestants in tonight's game. Demarest won the hank and had is to Mial's 19 at the beginning of the fourth. Demarest did not seem to mind the hoodoo number as he rapidly ran past 101, made by Poggenburg earlier in the day. It looked as though he would run out the game, but be slipped up on a follow through to the lower lefthand corner—da klas knocked him out with a run of 115. play for less. That he is worth the money

Buckles at Osthoff's hall Friday night and the referee awarded the decision to Buckles. McCarthy broke his right arm in the second round, but fought on until the sixth in the hope of getting in one of his left swings and putting Buckles out, but it was no use and after the fifth round his seconds threw up the sponge.

Both men appeared in the pink of condition, Buckles especially being in much better trim than on any previous appearance and also showed that he had learned considerable of the game since last he fought McCarthy to a draw. He seemed the more clever of the two and was considerable better on his infighting white McCarthy was on the lookout at all times for a heavy haymaker that would put Buckles out.

Buckles had the better of the argument at the start and to those who were not too prejudiced it was seen that he was the more likely of the two. In the second round, after considerable sparring, McCarthy got a long downward swinging blow on Buckles neck, and those close to the ringside could hear his arm crack. It knocked Buckles to the floor, but did no material damage except to break McCarthy's arm.

Many blows were exchanged in the third with little damage, but in the fourth McCarthy's seconds threw the sponge into the center of the argument. The fifth round was all Buckles and had considerable the better of the argument. The fifth round was all Buckles and at the close McCarthy's seconds threw the sponge into the center of the argument. The fifth round was all Buckles had in his corner Ed Courtney, Young Yanger and Bill Watts, McCarthy weighed in at 129 and Buckles was not weighed, but seemed about the same size.
