Telephone War is Promised

Hastings Business Men Talk of Putting Company Out of Business.
HARTINGS, Neb., March 8.—(Special Telegram.)—A movement is under way here for the abolition of the Bell telephone from the various business houses of the city. The merchants deny that any agreement has been reached, but admit that such a scheme has been considered and that some action may yet be taken. The Hastings Independent Telephone company began independent telephone service about two years ago and now both systems have nearly twice as many telephones as the Bell company had before the competition started. Talk of a telephone war is general in Hastings. It is expected trouble of some nature will develop soon after the first of next month.
AUBURN, Neb., March 8.—(Special.)—At a special meeting of the city council last night the Auburn Telephone company offered a new franchise and asked that the council pass the same. The franchise itself by the company was for a period of twenty-five years and was a liberal one for the city. Some time ago the company asked for a continuation of its old franchise and the mayor vetoed the same, setting forth his objections. The telephone company then set to work to make a franchise to suit and met every objection. The franchise was read once and passed after a warm session.
Court at North Platte.—(Special.)—The jury which was called in Tuesday morning of this week in the district court of this county, finished its labors here this afternoon and was discharged by the court. The first case tried was the State against Frickey, who was charged with stealing a horse. After the evidence was all in for the state it is very convincing that the defendant himself believed it, and entered a plea of guilty. The court has not yet sentenced him. This was the only criminal case tried.

Chamberlain's Cough Remedy a Favorite.

"We prefer Chamberlain's Cough Remedy to any other for our children," says Mr. L. J. Woodbury of Twining, Mich. "It has always done the work for us in hard colds and croup, and we take pleasure in recommending it."
NEBRASKA FROM DAY TO DAY
Quiet and Curious Features of Life in a Rapidly Growing State.
Blair says good roads must precede a boom in the automobile market in Washington county.
Contractors for bridges along the Platte river face a busy season, but it is probable that many plans will be revised before work is resumed.
Nebraska county treasurers who are over-paid by railroad companies should not complain too loudly, as clerks at headquarters have not been in the habit of recently figuring taxes.
Peach Buds Promising—An examination of the peach buds discloses the pleasing fact that the ice and freeze of last week injured but a very small percentage of them in this part of the state. Nebraska looks 100 per cent better with a fine crop of fruit growing and no further threat.
Western farmers who are "selling soft corn on the hoof" at South Omaha for 4 cents a bushel may find when corn is harder it will produce even better results.
Strong Mr. Clapps—The passenger train had quite an accident last Friday night. The engine was thrown from the track, on the crossing by William Clapp, which delayed the train for about two hours. No serious damage was done—Homer Correspondent Dakota City Eagle.
Value of a Sermon—According to the suit just started against the Northwestern railroad by an O'Neill minister, 100 sermons are worth \$1,000. That is \$10 per sermon. If a written sermon is worth \$10 for a life time, how much of its value is used up each time it is delivered?—Norfolk News.
Vagaries of the Telephone—A Plattsmouth woman recently gave an energetic ring at

SUICIDE OF MILLIONAIRE

Leonidas Preston of New York Takes Poison While Temporarily Insane.
NEW YORK, March 8.—An autopsy held today by Coroner's Physician O'Hanlon disclosed that Leonidas Preston, a millionaire who died suddenly yesterday at the hotel Cumberland, had enough hydrocyanic poison in his stomach to kill six men.
Mr. Preston was New York manager for the Timken Railroad Bearing Axle company. The hotel physician who was called when Mr. Preston succumbed gave the opinion that death had been caused by a cerebral hemorrhage.
When Mr. Preston died William R. Timken, head of the firm of which Mr. Preston was New York manager; Leonard Gray and Edward R. Hewitt were in the hotel office. They had sent up word that they wished to see him. Preston answered over the telephone, telling them to "come right over." Two minutes later, when they reached his suite, Preston was dead.
Mr. Preston came to New York from Dallas, Tex., some years ago. He was said to be the sole heir to a fortune of \$3,000,000 in New Orleans and to have amassed another fortune of \$1,000,000 in business here in 16 years of age, tall, muscular and very strong.
Mr. Preston's friends have assured the coroner that his business affairs were in good shape and no motive for suicide other than possible temporary insanity brought on by illness has been advanced.
22 karat wedding rings, Edholm, Jeweler.

REPORT ON RURAL SERVICE

Fourth Assistant Postmaster General Tells of Work of Country Mail Carriers.
WASHINGTON, March 8.—The report on the operations of the rural delivery service up to March 1, 1907, made public today by the fourth assistant postmaster general shows that the total number of petitions received up to that date was \$9,500, upon which 15,700 address reports have been made and there are now in operation 3,223 routes on which 31,714 regular rural letter carriers are employed.
On March 1 of last year there were pending 3,130 petitions. During the year 2,603 petitions were filed, making a total of 5,733 petitions pending, of which only 1,796 are pending. Of this number 284 have been favorably acted upon and ordered established, leaving the net number of petitions pending 4,441.
DIAMONDS—Frenzer, 212, and Dodge.
Traveling Men Draw Big Crowd.
HASTINGS, Neb., March 8.—(Special Telegram.)—Hastings council No. 39, United Commercial Travelers of America, gave its second annual minstrel performance before an audience of 1,000 persons tonight. Several hundred were turned away, all standing room being exhausted. C. J. Miles, past grand counselor of the national organization, officiated as interlocutor.

WORKING TO SAVE A BRIDGE

Chance of Channel in Niobrara Endangers Northwestern Structure.
OFFICIALS BUSY USING DYNAMITE
Crews Work Night and Day, but So Far Have Not Succeeded in Diverting Current of the Stream.
NIORBARA, Neb., March 8.—(Special.)—For the last three days Superintendent Reynolds and Bridge Superintendent Collins of the Northern railway have taken full charge of a gang of men who will use dynamite at the mouth of the Niobrara river, where the railway bridge crosses. The Niobrara is a very delicate stream and is likely to change its channel on very short notice. When the bridge was constructed the channel was on the west side of the river and two long spans were thrown across there. But at the present time the river has run on the east side quite as often as in the place it was found when the engineers located it. One pier of the bridge is now endangered by the practice of law removal of the bridge. The open Missouri river a short distance below the bridge, it was of small consequence. Over 100 pounds of dynamite were used, with a quarter of a mile or more of solid ice yet to blast before the bridge is reached, with a furious current running into the piling at the east end of the bridge. The train east was delayed about an hour Thursday morning before it was permitted to cross, the locomotive being first sent across to test the safety at the weakest point.
"The government bridge, a mile and a half above the mouth of the Niobrara, had a similar experience, but twenty-five pounds of dynamite in the hands of an expert were used to open up the channel below the bridge, and it gave the ice above a chance to float.
PREPARING FOR SPRING ELECTIONS
Nebraska Cities Beginning to Discuss Candidates.
FREMONT, Neb., March 8.—(Special.)—Although a full city election is to be decided in less than four weeks, there appears to be very little interest taken in local politics by either party. Mayor Wolf is a candidate for a third term and no one has taken the field against him. Police Judge Cook and City Clerk Siles are also aspirants for re-nomination as Mayor Chairman, who was appointed treasurer, undoubtedly will be nominated for that place. Among the democrats there are no aspirants yet in the field, though several parties have been talked of for mayor, among them ex-Mayor C. Christensen and his son, A. C. Christensen, and another son of the Commercial National bank. There is no one yet to oppose John Mathews for water commissioner. The conventions have not yet been called.
TABLE ROCK, Neb., March 8.—(Special.)—The citizens of Table Rock favoring a census convened at the city hall on Tuesday evening. The candidates nominated by the citizens were J. F. Owens and J. M. Lane for trustees.
AUBURN, Neb., March 8.—(Special.)—The date for the election of city officials has been fixed by the council this week. On Tuesday, April 3, mayor, clerk, treasurer and three councilmen will be chosen. The election will be held Monday night at the Keedy convention hall.
BRYAN THEORY LOSES IN DEBATE
Hastings College Wins Decision from Kearney Normal.
KEARNEY, Neb., March 8.—(Special Telegram.)—In the inter-collegiate debate between the state normal and Hastings college, which was held at the normal chapel last night, the Hastings debaters won the victory. The question was "Should the ownership of railroads, on which the state normal had the affirmative. The debaters were Anthony Easterling, Claud Smith and Frank Baker for the normal and M. N. Forrester, R. H. Walford and Eugene McCord for the Hastings college. The judges were L. D. White, J. H. Hooley and B. H. Payne and J. H. Wooley of Grand Island. The state normal boys did themselves credit in the handling of their side of the question, but it was evident that the Hastings boys had also given the question hard study.
Farmers' Institute at Gordon.
GORDON, Neb., March 8.—(Special.)—A very successful farmers' institute was held in Gordon yesterday, at which from 150 to 200 farmers were in attendance at morning, afternoon and night sessions. D. P. Ashburn of Gibbon, spoke on "Ailments" in the afternoon and at night gave a most excellent talk to the young people of the town and community. W. D. McKee of Polo, Mo., spoke on "Care of Pure Breed Stock—The Feeder Type of Beef Steer." The farmers participated freely in the discussions and the interest was unusually good. Steps were taken to effect a farmers' institute organization that shall conform to the farmers' institute law passed by the legislature in 1905. Everything forbodes another prosperous year for the farmers of northwest Nebraska. The ground is thoroughly soaked with moisture and the crops that are being made for the planting of the largest area in the history of the country. Immigrants are daily arriving from Iowa and other eastern points, with carloads of farm machinery and stock, and are moving upon the farms which they purchased last fall. They invariably come well equipped and it is evident that something will be doing among the farmers this spring. Real estate is rapidly increasing in value and substantial farm improvements are being made.

DO YOU OWN A RAINCOAT?

If not, you should—these uncertain weather conditions make the possession of one almost a necessity. Then, too, you have the advantage of having a coat that is dressy when it is not raining.

WE HAVE MORE STYLES, PERHAPS, THAN YOU HAVE TIME TO CONSIDER.

Dr. Bull's Cough Syrup

are more deep-seated in nature, more stealthy in progress, than colds contracted in other months. Yet they are cured by Dr. Bull's Cough Syrup. It has cured colds and coughs for 30 years. Doctors and nurses prescribe it. Thousands of American families use

Dr. Bull's Cough Syrup
I contracted a very severe cold in the spring, which lasted a heavy rain while going to work. I felt miserable. The cold developed the usual cough, and the cough soon became a persistent one. I had tried many remedies, but Dr. Bull's Cough Syrup, and this remarkable remedy not only relieved me at once, but also cured me in a short time. I recommend it to my friends.
