Their Feaks.

that Another Year of Home

Building is to Be the

Omaha Record.

The large vacant tract of land at the northeast corner of Thirty-third and Harney streets has been sold by the Byron Reed company to Ernest Sweet, who will build seven two-story modern houses on the tract for investment purposes. The

property has a frontage of 105 feet on Harney street and was sold for \$40 per front foot, based on the Harney street frontage. Concrete will be used extensively in the construction of three of the houses to be built by Mr. Sweet; the basements

and first stories to be built of rock-faced concrete blocks and the second stories to be of frame construction. The interiors will be finished in oak and birch. The other four houses will be two-story frames, but of large dimensions and with hot water heating plants.

Many new homes will be built this spring in Kountze Place and contracts for their erection are being let daily. This section of the city is rapidly increasing in popularity among the builders of modest homes on account of its accessibility and the high and fine view afforded by its extreme ele-

vation. Among the residences in course of erection at the present time is that of Dr. H. P. Hamilton on Wirt street between Twentieth and Twenty-first streets. L. A. Goldsmith is building a substantial and

modern home at the northwest corner of Sherman avenue and Spencer street, and Hastings & Heyden are building a modern house on Binney street between Sherman avenue and Eighteenth street. Erections of Harte expects to begin work on the

homes for William H. Clark, William A. buildings almost immediately.

McKey and August Kirschstein on Wirt The entrance of the Shubert-Belascoto be built in the Kountze Place subdivision announced last week by Arthur D. | gheny, 25; Kansas City, 30.

lish type, with the first story of brick and the second of cement with a colored roof. The plans for interior decoration are very rich. There will be a large liv ing room with a fireplace and inglenooks, and the arts and crafts style of decorations will predominate throughout. In competition with several firms of Chicago contractors, John H. Harte of Omaha was awarded the contract last week for the construction of the new Northwestern freight depot and office building at Fourteenth and Davenport

streets. The buildings will occupy the west half of the three blocks north from Fourteenth and Davenport streets and will cost about \$100,000. Contractor
