

WITHNELL DENIED THE MONEY!

Building Inspector Cannot Get Fund to Compile Ordances.

DEMOCRATIC BRETHREN WILL NOT GIVE IT

Raise Cry of No Cash, One Result of Dahlman's Action in Cutting Off that Fifty Thousand Dollars.

Building Inspector Withnell wants \$50 for preparing and printing a revised set of building ordinances for Omaha. He has had Councilman Bridges bring a resolution to the attention of the councilmen, but the same old cry of no money is raised. It is impossible to take this money out of the building inspector's fund, as after paying salaries there will only \$100 left for miscellaneous office expenses.

What the Architects Think. The following is one of several letters received by Building Inspector Withnell from Omaha architects. We beg to call your attention to the building ordinances of the city of Omaha relating to buildings. The ordinances were compiled several years ago, at the time of their compilation very many methods of building had been used that since have been changed, caused largely by the introduction of new and better building materials and more advantageous methods of construction.

TENANTS OF WEAD BUILDING

Occupants Already to Go Into New Place When It is Completed. With the completion of the new Wead building at Eighteenth and Farman streets, several prominent business firms will change from quarters occupied by them for many years to the new building, which has sometimes been known as the Real Estate Exchange building.

F. D. Wead has announced a list of several of the more prominent firms, who have leased rooms in the new building, and among them are C. B. Haynes & Co., the Bankers' Savings and Loan company, F. A. Rinehart, the photographer; S. M. Sadler & Son and the Van Sant School of Shortland and Typewriting.

C. B. Haynes & Co. and the Bankers' Savings and Loan company will occupy the first and second floors at 1805 Farman street; S. M. Sadler & Son, architects, will occupy the first floor at 308 North Eighteenth street and the Van Sant school has leased the second room above 310 and 312 South Eighteenth street.

Commodious and elaborate rooms will be occupied by F. A. Rinehart as his photographic gallery. The third floor of the building will be used by Mr. Rinehart as an operating and printing establishment, while the reception room will be of unique design on the second floor.

The lighting of the operating room has been carefully considered, as numerous windows, both on the north and south sides, have been provided. Two art glass windows will occupy the south side of the room and a cathedral window, decorated with opalescent glass, will be at the north side. Other reservations have been made in the building and many inquiries for quarters have been received.

To Owners of Bad Breath--

Foul Odor of Indigestion, Smoking, Eating or Drinking Stopped at Once With Stuart's Charcoal Lozenges.

Billious breathers, onion odor, indigestion victims, cabbage consumers, smokers, drinkers and those with gas on the stomach are in a class all by themselves, distinguished by a powerful bad breath. They whiff out odor which, as they breathe, stands near, turn their heads away in disgust. The pitiable part of it is that these victims do not realize what a sickening thing a bad, offensive breath is to others.

Charcoal is a wonderful absorber of gas and odors. It absorbs 100 times its own volume of gas. Stuart's Charcoal Lozenges will put a stop to your bad, offensive breath, and to your belchings, whatever the cause or source, because the charcoal quickly absorbs all noxious, unnatural odors and gases. If you suffer from indigestion and belch gas as a result, Stuart's Charcoal Lozenges will absorb all the gas and make you stop belching.

Relieved by Peruna After Three Years Suffering With Chronic Catarrh.

Rev. P. E. Swanstrom, Swedish Baptist Pastor, Box 228, Grantsburg, Wis., writes: "I feel that it is my duty as well as pleasure to let you know that I am perfectly well, entirely cured of chronic diarrhoea and catarrh. I thank you for your directions how to use Peruna, and for your kindness to me. "I have used Peruna according to your personal directions and I am very glad that I found a medicine which would cure me after three years' suffering."

THE vocation of preaching is a very trying one, especially to the throat and lungs. The preacher must stand before large audiences, frequently in ill-ventilated rooms, sometimes over heated, and other times filled with dangerous drafts. The preacher is frequently called upon to stand in such places and preach at a service an hour or more in length.

Many preachers have found Peruna of use to them, to prevent as well as to relieve the catarrhal ailments to which the preacher is constantly subjected. Follicular pharyngitis has come to be a very common expression. It is sometimes called preacher's sore throat. In reality, this affection is catarrhal pharyngitis, or more generally due to catarrhal laryngitis. Chronic laryngitis is generally due to catarrhal bronchitis. All these conditions beset the preacher, and are his constant liability the whole year round.

Notwithstanding the difficulty of the clergy to give public testimony to any remedy, yet a large number of them, impelled by gratitude, have expressed their high appreciation of Peruna as a remedy for this class of ailments. Cold Settled on Lungs. H. M. Turner, D. D., L. L. D., 20 Young St., Atlanta, Ga., writes: "I contracted a dreadful cold which settled on my lungs. I tried several remedies recommended by the doctors, but my condition grew worse until I was alarmed. "I finally resorted to Peruna, and I find myself well again."

Bishop Holsey's Strong Tribute to Peruna.

L. H. Holsey, Bishop, C. M. E. Church, Atlanta, Ga., writes: "I have found Peruna to be a great remedy for catarrh. I have suffered with this terrible disease for more than twenty years, until since I have been using Peruna, which has relieved me of the trouble. "I have tried many remedies and spent a great deal of hard earned money for them, but I found nothing so effectual in the cure of catarrh as the great medicine, Peruna. "I feel sure that Peruna is not only a triumph of medical science, but it is a blessing to suffering humanity. "Every individual who suffers with respiratory diseases will find Peruna to be a magnificent and sovereign remedy."

Convinced of the Merits of Peruna. Rev. Dr. Josiah Getz, 47 Park Ave., Albany, N. Y., for years a Rabbi of the Hebrew Synagogue, but now retired, writes: "I am fully convinced of the merits of Peruna in case of colds and catarrh, and as a general tonic. "I have taken it off and on now for several years and always find that it is very effective in restoring lost strength and appetite, and very effective in ridding the system of cold. I gladly endorse it."

Throat Affected by Catarrh. Rev. H. W. Tate, 220 Lincoln Ave., Walnut Hill, Cincinnati, Ohio, writes: "For several years I have been troubled with a peculiar spasmodic affection of the throat. It would seize me suddenly, and for a few minutes I would be unable to speak audibly, and my breath would be greatly interfered with. I would be obliged to gasp for breath. "I finally concluded that it was some catarrhal affection which probably excited the spasm. It interfered with my vocation as a preacher, attacking me occasionally in the pulpit. "I had heard so much about Peruna as a catarrh remedy that I determined to try it. After taking two bottles my trouble has disappeared. I feel sure that Peruna has greatly benefited me. "For catarrh of the respiratory organs, no remedy has ever been found to equal Peruna."

Rev. H. Stuebenvoll, of Elkhorn, Wis., is pastor of the St. John's Evangelical Lutheran Church of that place. Rev. Stuebenvoll is the possessor of two Bibles presented to him by Emperor William of Germany. Upon the fly leaf of one of the Bibles the Emperor has written in his own handwriting a text. This honored pastor, in a recent letter to The Peruna Drug Mfg Co., of Columbus, Ohio, says: "I had hemorrhages of the lungs for a long time, and all despaired of me. I took Peruna and was cured. It gave me strength and courage, and made healthy, pure blood. It increased my weight, gave me a healthy color, and it felt well. It is the best medicine in the world. If everyone kept Peruna in the house it would save many from death every year."

LUMBERMEN LIKE THE MOVE

Local Dealers Approve Plan of Submitting Puget Sound Situation to Commission. HILL SHOULD LET HARRIMAN HELP Some Rates that Give Northern Roads Monopoly Should Apply to Union Pacific to Afford Relief. The move made by the lumbermen of the Puget sound country to have the Interstate Commerce commission take up the question of the inability of lumbermen in that section to have their lumber moved east meets the approval of all local dealers. Since the first of the year there has been almost an absolute blockade and before that time lumber was often sidetracked for anywhere from thirty to ninety days, due to the overcrowded condition of the two Hill lines, the Great Northern and the Northern Pacific.

ECHO OF THE CONVENTION

These resolutions have been adopted by the Omaha Presbyterian Ministerial association relative to the recent foreign mission convention at the Auditorium: We express our appreciation of the most cordial thanks to all persons contributing in any way to the acknowledged success of the convention. We gratefully recognize the valuable and generous contributions of the Omaha Daily News and the World-Herald bestowed upon this convention in spirit and dignified grace. We tender our sincere thanks to Mr. Fred G. Ellis for his leadership in song, to Mr. David Sharp for his leadership in prayer, to Mr. J. H. Kennedy and Mr. E. H. Packard as accompanists at the piano, to the Bellevue college quartet for their fine rendering, and to Mr. A. Hoop for providing the piano for the use of the convention. We commend the grace and courtesy of the telephone company and of the Wolfe-Lovett electrical company for favors kindly bestowed of the hotels of the city for their co-operation in caring for the delegates, of the homes that were so generously opened for the entertainment of student delegates and foreign missionaries and of the ushers for their efficient and unobtrusive service.

CLEAN-UP OF PROBATE CASES

Campaign of Making Complete Records of Guardianships is Set on Foot. For the purpose of making complete records in about 1,500 guardianship and probate cases, some of them dating back to the late '70s, the county commissioners have decided to employ two copyists at a salary of \$20 a month each. According to a report made to the commissioners by Judge Leslie the records in these cases by former county judges are very incomplete and he estimates that in fully 1,000 cases no complete file has been made, although they have been made for the persons interested. One of the cases in which no record has been made is the probate of the will of Mrs. Ed Creighton in 1875, which conveyed about \$200,000 worth of property. A number of other important probate cases are on the list.

CHIEF STOPS PRIZE FIGHTS

Daily News Reporter, Who is Promoter, Says He Will Go Outside City Limits. "No more prize fights in Omaha," says Chief Donahue. The word went forth from the office of the chief of police Saturday morning that hereafter neither the Oathoff Athletic club nor the Ladies' Sewing society, nor any other organization, may present its members with entertainment in the form of exhibitions of netic combat within the city limits. Chief Donahue explained the law will have to be observed and strictly interpreted. Echoes of complaints from citizens who object to any form of physical encounter reached the ears of the chief and hence his order to the managers of the Oathoff Athletic club, which has been giving weekly boxing matches at Osthoff's hall, sixteenth and California streets, that the practice must cease immediately.

LOS ANGELES LIMITED OFF

New Fast Train Abolished by Union Pacific and Northwestern. OTHER SUCH TRAINS MAY BE STOPPED. Some Men Think They See in This Move Significance of Two-Cent Fare Reaction for Lower Tariff. The Los Angeles Limited of the Union Pacific and the North Pacific, which was to be a new time-card which goes into effect Sunday. That is the only change on the card. Officials of the Northwestern and Union Pacific say they do not know whether the abolition of this train is permanent or simply for a week or so, due to the impossible conditions of the tracks of the San Pedro line between West Lake and San Pedro, which has complicated the running of trains via San Francisco to Los Angeles. Local officials all claim they know nothing of the significance of the move. Others familiar with railroad matters say they see in the move a gradual taking away of the fast trains and a move to put on more local and slower trains to accommodate the increase of travel which will be brought about by the installation of the new two-cent passenger law.

Not as Bad as Expected. The new conditions under the two-cent rate law are fast settling down to a working basis. From conversations with the railroad men it is learned that some complaints are coming in, but not as many as were expected when it is considered how many station agents and conductors have to work under the new rules upon such a short notice as the railroad had on the law in the case of the emergency clause. Omaha is no exception. A little patience over seeming difficulties which must be met, as they are being adjusted as fast as they appear. The railroads lost no time in trying to thoroughly establish the two-cent rate on a working basis, but it is such an enormous proposition that some time is necessary for all matters to adjust themselves. "Because of the haste in which the railroads had to prepare for the new rate little peculiarities are bound to arise," said a prominent railroad official. "As fast as these appear we are adjusting them by telegraph as quickly as possible as soon as they are brought to our notice. We ask, in view of the sincere efforts the railroads are making to comply with the law, that the public have a little patience and all will be well."

MUZZLES FOR LOOSE DOGS

Measms Must Be Taken to Prevent Biting, Says Chief of Police. Muzzles for all dogs running at large was strongly urged by Chief of Police J. J. Donahue Saturday morning. His views on the subject were expressed with considerable feeling and he explained they are the result of continual complaints about dogs running about snapping at other dogs, children, men and women on the streets. Many dogs, cows and horses have been bitten in Omaha during the winter, necessitating that they be shot. And when a man reported to him Saturday morning that his wife had been attacked by a dog, her dress, valued at \$50, all torn and ruined, while she was badly frightened, the chief was driven to strong language about the matter of stray dogs.

Words of Praise

For the several ingredients of which Dr. Pierce's medicines are composed, as given by leaders in all the several schools of medicine, should have far more weight than any amount of non-professional testimonials. Dr. Pierce's Favorite Prescription has the badge of HONESTY on every bottle-wrapper, in a full list of all its ingredients printed in plain English. If you are an invalid woman and suffer from frequent headache, backache, gnawing distress in stomach, periodical pains, dragging-down distress in lower abdomen or pelvic region, dark spots or specks dancing before the eyes, faint spells and kindred symptoms caused by female weakness, or other derangement of the female organs, you can do no better than take Dr. Pierce's Favorite Prescription. The best medical surgeon's knife and operating table may be avoided by the timely use of "Favorite Prescription" in such cases. Thereby the obnoxious examinations and treatments of the family physician can be avoided and a thorough cure secured. The treatment carried out in the preparation of this medicine, "Favorite Prescription" is composed of the very best native medicinal roots known to medical science for the cure of woman's peculiar ailments, combined with alcohol and no harmful or habit-forming drugs. Do not expect too much from "Favorite Prescription." It will not perform miracles; it will not dissolve or cure tumors. No medicine will. It will do as much to establish vigorous health in most weak women as a healthy diet and a good regimen as any medicine can. It must be given a fair chance by perseverance in its use for a reasonable length of time. You can't afford to accept a lesser remedy as a substitute for this remedy of women's condition. Sick women are invited to consult Dr. Pierce, by letter, free. All correspondence is guarded as sacredly secret and womanly confidences are protected by professional privacy. Address Dr. R. V.
