Lucia Moore is not far behind her as Molly, and Ida Emerson made a hit in two or three of the principal musical numbers. Charles H. Bowers has a good voice and this makes up for a lack of posttiveness in his acting.

Chorus numbers are among the top liners in the musical program, and the chorus is composed of a bevy of pretty girls and handsome young men, with good voices. The chorus work culminates in Miss Emerson's numbers, "Uncle Sam's Best Girl" and "Dixie, I Love You," in which patriotic airs are introduced with telling effect. This comedy will be seen at the Boyd Monday and Tuesday evenings.

"The Crisis" at the Burwood. Churchill is sure to have an immence and the total dynamic force of "The Crisis" in this regard is almost beyond computation. His pursuit of the Carvel family from revolutionary days for an hundred years, to their abode in Missouri, is as logical as any of his other efforts, and his tincturing the old colonel with the love for his country and a fidelity to the institu tions he has grown up under is but natural That Virginia Carvel should have the prejudices of her time and surroundings is also reasonable. * And Stephen Bryce is probably as near as Mr. Churchill could get to the spirit of the Massachusetts young man of the day. Clarence Colfax is put forth as a type of the southern young man of the day, but it may be doubted if there were many just exactly like him. Vaudeville at the Orpheum. The offering at the Orpheum theater for this week is of the true "variety" order, embracing numbers fro malmost every class of entertainment. There is singing. dancing, comic trick bloydling for those edy sketches for those who prefer some thing with a piot, and a decided treat for the literary inclined, who have some knowledge of Dickens' characters. The scope is wide and well balanced.

Seldom is anything of greater real merit presented on the vaudeville stage than the work of Edwin Stevens and Miss Marshall in "An Evening with Dickens," when several famous characters conceived by that author in his books are represented. The very quaintness and mustiness of the David Copperfield," "Bleak House" and 'Old Curiosity Shop's atmospheres are resurrected from the days o fthe illustrius writer and reproduced on the stage. Wilkins Micawber, Urish Heep and Agnes from "David Copperfield," Grandfather Smallweed from "Bleak House" and Dick Swivelier and the Marchioness from "Old Curiosity Shop" are the characters depicted with a faithfulness and reality that places the number in the front rank on the bill. Small Property Produces Gems of Higher Quality Than Output of De Beers.

JOHANNESBURG, March 10 .- (Special.) -A consignment of extraordinarily fine diamonds has been shipped to London from a new mine in the Orange River Colony within the last few weeks. Experts are astonished and delighted at the quality and purity of the stones.. The mine in question is called the Robert Victor mine, and is situated at Boshoff, a few miles across the border from Kimberley. It is only a comparatively small property, less in extent than any of the known mines comprising the De Heers group. But the stones are not only of superfine qual ity excelling the best Brazilian diamonds and far better than anything hitherto
